### **Summer Teams 2024-25**

### **Week 9**

Congratulations to our voucher winner this week – **Myles Rankin**. Myles was the winner with 25 on a countback from **Jye Winnel**. Jye will still be the recipient of a ball for his efforts. The top three scores this week were all members of **Bogeytins**. Their terrific team score of 107 was good enough to move them to the top of the ladder.

This week (week 10) is the final round before the summer break. **Week 11 runs from the 23<sup>rd</sup> December until the 19<sup>th</sup> January – players only need to play once during this period.** Week 12 commences on the 20<sup>th</sup> January. **A reminder players can play their games in advance if they wish- just mark the appropriate week on your card.**

Commiserations to Craig McGilvray who just missed out on a hole in one on the 5th – 30cm! One wonders, did he sink the putt for a birdie?
