

Early Achievers Academy (EAA) is at the threshold of education for children ages 6 weeks - 12 years of age. Our belief is that you are never too old to learn and never too young to begin the learning process. Our founder Cassandra Wooden has been working with children from the ages of birth to 18 years old for over 30 years in the public and private school system. She has received degrees from Roosevelt University in Business Management and Psychology from Adler University in Clinical Mental Health. She is also a certified Life Coach and instructor in continued education in business and general education. Children will enjoy education with the EAA Journey. We offer early childhood development and STEM education.

EAA operates from the hours of 6am to 12am Monday - Friday. For year-round open enrollment please call EAA at 773-874-3100 for our rate information, family visit days, and optional payment programs through CCAP Illinois Action for Children.

Early Achievers Academy (EAA) programs are guided by the principle of our developmentally appropriate practice. Our staff embraces the view that each child is a unique person with an individual pattern and timing of social, emotional, physical, and intellectual development.

Our center offers a "hands on" approach to learning. This style of early childhood education is designed to foster creativity and expanded self-expression. Early Achievers Academy

childcare center teachers and assistants manifest their respect for children by encouraging them to think for themselves, make decisions, work toward their own solutions, and express their own ideas and feelings.

Early Achievers Academy embraces the belief that parents are the first and most important teachers of their children. Parents are encouraged to participate in a variety of center activities, including birthday and holiday celebrations, walking trips, field trips, parent-child experiential evenings, fundraising events, and social activities. Parents are welcomed visitors in the center at all times.

## SUMMER PROGRAMS

Early Achievers Academy provides year round creative and educational excursions for our students. We step the adventures up during the summer to offer our early adolescents with a journaling experience. High School & College tours are also done for secondary students. Call for more Information 773-874-3100.

### BEVERLY CULTURAL CENTER

The Beverly Arts Center was founded in 1968 to provide educational and cultural enrichment to Beverly Hills/ Morgan Park and surrounding neighborhoods. Now a regional fine arts facility, the BAC welcomes patrons from South and Southwest neighborhoods and suburbs and greater Chicago with a multidisciplinary program of performing arts, independent film series, art exhibits and a non-credit School of the Arts that offers nearly 100 classes in the visual arts, music, theater, movement and dance.

### MUSEUM OF SCIENCE AND INDUSTRY

The Museum of Science and Industry provides students hands-on, real-world examples of science - inspiring them to ask questions and understand the impact of science on their lives.

### BOTANICAL GARDEN

Participate in fun, outdoor, educational programs all year long and work towards earning badges.

Hands-on activities range from seed planting to native habitat walks to insect exploration and more!

### SHEDD AQUARIUM

Shedd connects people to the living world. They engage and inspire, entertain and inform. They are a vital teaching and learning resource, conservation leader, neighborhood partner and global collaborator. They are passionate about our animals,
