DLIA - Survey 2020

#	RESPONSES	DATE
1	none	10/17/2020 2:20 PM
2	Focus on water quality and overall stewardship of lake	10/16/2020 9:06 AM
3	I am too new to the lake to really understand these purposes and how they play out.	10/15/2020 8:30 PM
4	Act in our interest to ensure our taxes are reasonable and not so out of proportion to the other areas of Deering.	10/15/2020 2:35 PM
5	None	10/15/2020 6:36 AM
6	Notify lake residents to try to keep the noise level down and avoid objectionable language while hanging at the sand bar. The sound is amplified over the water and can become quite bothersome for nearby residents. There are weekends when you will find over a dozen boats, blasting music, tables, chairs, barbecues, beer pong tables and dogs all parked on this small strip of sand.	10/14/2020 5:15 PM
7	Perhaps to become more of a community resource via the website: list of contractors, nearby specialty stores, etc.	10/14/2020 1:48 PM

9	None	10/14/2020 8:50 AM
10	None	10/14/2020 8:49 AM
11	To protect the natural beauty of the Lake	10/14/2020 8:30 AM
12	I would wish that the DLIA would be more than primarily social with some clout with the town to monitor behavior on boats, at the public beach, lake noise at night, pollution of the lake, reckless use of motor boats, public safety as boats go as close to the shoreline as possible not observing the 150 foot rule.	10/9/2020 3:47 PM
13	The first priority should be to keep the lake a peaceful place to be and keep the beauty protected. This would require attention to town policies that allow tree clearing and over building. Many lakes south of us have become show places for large homes with landscaping and streetlights. These things have no place in this area and should be a priority for the town and the lake community.	10/9/2020 9:10 AM
14	Continue to build community, including welcoming newcomers, and reinforcing our shared interest in the lake	10/8/2020 8:55 PM

23	Advocate for lake health and ecologically responsible behavior among lake owners and visitors.	10/6/2020 1:19 PM
24	To keep membership abreast with laws for lakefront property owners with regard to campfires, pruning shrubs and/or trees, docks, etc	10/5/2020 8:51 AM
25	Create a committee for conservation issues and then the association can take action as needed.	10/4/2020 4:02 PM

40	Stating ...“although the assoc. does not have that authority” in the preamble of question #5 kills the intent of ranking the priority of each component of the mission statement. 49	If there is something that is negative or positive being the route to inform the people of Deering lake. IE. fireworks Speeding boats Bad behavior Good things too. 56	Promote behavior beneficial to the lake's health (maybe that's covered by the first "purpose"?)	10/2/2020 10:02 AM
57	None	10/2/2020 9:42 AM
58	tricky but... enforcement of boat operation rules and reg's Ski boats that blatantly operate in violation of all safety rules.	10/2/2020 9:38 AM
59	Actions that protect the purity of the lake and raising environmental consciousness. The lake hosts and weed watchers are essential, but more about sustainability in a time of rapid climate change is needed or the next generation will lose what we prize. Frankly all that keeps the lake beautiful and sustainable are the large undeveloped plots held by the Forest Society and some private owners. The north end where I own has lost its charm to overbuilding.	10/2/2020 9:36 AM
60	None	10/2/2020 9:09 AM
61	I do not think the DLIA should be a policing organization. I also have concerns that if they are "the official representative of matters..." that their thoughts and ideas may not be shared by all - or in some cases even the majority. Their charter has always been to disseminate the information and let people decide for themselves if there is any action needed.	10/2/2020 8:59 AM
62	DLIA should deliberately avoid policing the lake or attempting to enforce rules, laws, regulations, etc. Its purpose is to disseminate information to the membership, which can include targeted updates about specific areas of concern... but the the DLIA entity proper should refrain from any such activity. It's simply not in the charter, nor was it in the spirit of the founders of the DLIA. Of course, individuals have the right to pursue actions they deem necessary or appropriate, and can be informed about issues through the DLIA. But the DLIA must go only so far as information dissemination.	10/2/2020 8:57 AM
63	Have heard rumors (maybe) that some are trying to limit recreational sports on the lake, I hope that doesn't become an issue.	10/2/2020 8:48 AM
64	Build community and connections with the lake residents	10/2/2020 8:39 AM

66	Protect shoreland, water quality of the lake, and ensure safety for wildlife and humans on the lake.	10/2/2020 8:25 AM

entertain. Once or twice a summer , not on a holiday weekend. This would allow residents to get to know each other better in a less formal setting than the general mtg or the big potluck. All guests would bring some portion of the dinner so it would not be too much of a burden on the host.
