Coverage Limits and Exclusions: Coverage is subject to deductibles, limits and exclusions. The contract covers repairs only of covered parts and only when they suffer a mechanical breakdown as defined in the contract. A copay will be required for repairs to certain parts once the vehicle is more than six years old. Under some circumstances, a mechanical breakdown of a covered part may not be covered. Examples include if the failure is due to misuse, lack of proper maintenance or when a non-covered part is what caused the covered part to fail. Also, the exclusions contain a list of parts not covered, some of which may be associated with or contained in component groups that are covered. Examples include the walls, brake drums and rotors, fuses, head and tail light assemblies, hoses, spark plugs and wires. Please see vehicle service contract for details.

An RVDA endorsed product or service is one that has been extensively evaluated by the RVDA to assure quality, dependability and overall value. RVDA and the RVDA Education Foundation receive compensation from a Protective company for business generated by RV dealers.
