

FITMENT TECHNICIAN APPLICATION FORM												ACCREDITATION PROCESS	
Full Names						Surname						Step 1 Technician is required to complete the accreditation course online or convened by an authorised Recoveri representative. Step 2 A competency test will be written. The multiple choice test is required to ascertain the level of competence and the pass mark is 90%. Step 3 A practical application of microdots to a motor vehicle is performed. This tests the operator's practical fitment ability Step 5 Once the operator has conformed to all the above requirements; they will become a Recoveri Accredited Fitment Operator. A unique username and password is allocated to the operator allowing data capture access to the Recoveri International Database. Step 6 On-going monitoring by Recoveri will maintain the high standard of service and quality fitments required by Recoveri. Recoveri reserves the right to revoke an operator accreditation, at any time, due to non-compliance
