

Dear friends,

As we step into the second half of 2024, we reflect on the remarkable impact Angels on Patrol has made in the past six months. In just a short period, we've received **134** requests from law enforcement officers, each representing a person or family in need of urgent assistance.

These requests encompass a spectrum of challenges, from aiding families fleeing domestic violence to assisting those experiencing a crisis that prevents them from accessing essential basic needs. One such instance involved flying a victim out of state to find safety with family, highlighting the critical role Angels on Patrol plays in supporting vulnerable individuals during their darkest hours.

The responding officer told AoP, "She needs to get out NOW. Can you fly her home?" We absolutely can and we did. Later that evening I received the best text. It read, "Thank you sooo much!! I made it home!"

**We are deeply grateful for the opportunity to help officers provide safety, food, clothing, and shelter to those most in need.** Every act of kindness and support brings us closer to our mission.

***How You Can Help:***

Please consider partnering with us to ensure we always have the financial means to assist those in need. Your sponsorship and/or contribution of \$15 a month, in honor of our 15 years of serving police and the community, enables us to respond swiftly to direct requests from on-duty officers.

Angels on Patrol is a significant resource that on-duty officers turn to when they face barriers to unique situations requiring immediate action. If we disappeared tomorrow, the already demanding job of an officer would become much more challenging. In turn, families in crisis they wished to assist would pay the price.

Join us in making a tangible difference. Together, we can continue to spread hope, kindness, and support to those who need it most.

With heartfelt gratitude,  
Melinda Cadena  
Executive Director

## SUPPORTING OFFICERS 24/7/365 DAYS A YEAR

During an investigation, Detective Minera discovered the boy's single mother was unable to afford to celebrate his birthday.

In a heartwarming gesture, Det. Minera requested that we provide the boy with a small birthday gift. We did that and more!

Grateful to Peter Piper Pizza for donating pizzas and play wristbands. Appreciate all the supporters who came and helped us celebrate this special guy. Watch the fun! [link](#)

Thanks to the initiative of the Maricopa County Sheriff's Office, we had the privilege of partnering with them to provide basic necessities for a little girl in need as they discovered this sweet girl had no bed to sleep on.

Because of their kind hearts and our generous donors, we were able to provide a bed, mattress, bedding, toys, hygiene items, and a phone for her legal guardian. Watch here: [link](#)

Officers were called out to trespass a mom and her son who had been stranded at Sky Harbor Airport for four days with limited money and food.

The officers requested that Angels on Patrol book them a flight home to secure their safety, and we did just that!

Look at those precious faces!

We received a request for a mother and her young kids fleeing domestic violence. We secured immediate shelter for them (hotel), and provided food, water, and other basic hygiene items to stabilize them.

The best part, was our support of providing them with a gas card so they may drive to another state. This ensured their safety home with family.

In collaboration with Phoenix PD's South Mountain Precinct, we partnered with the Boys and Girls Club for a remarkable Summer of Safety event! The day was filled with joy as we provided decorations, a DJ, a ping pong table, and a bike, fostering a sense of community.

We are grateful for the support received from Thunderbirds Charities, Fat Lever, and the AZ Cardinals cheerleaders, who joined in on the fun.

Together, we are building bridges with our youth and community, spreading positivity and engagement. What an incredible day made possible by the generous support from our donors! Watch here: [link](#)

Detective Taylor is a part of the School Safety Officer program. Through this, she observed a school and kids in need of playground equipment. In response to her request, we fulfilled the need by providing essential sports equipment, under our Youth Enrichment program. This included soccer goals, a volleyball net, jump ropes, numerous bouncy balls, and various other items. Watch here: [link](#)
