

## High School Course Selection Registration 2020-2021

**Student Name:** \_\_\_\_\_ **Grade:** \_\_\_\_\_

The following credit requirements are based on the Texas state requirements for a high school diploma. The state of Texas does not require that courses be taken in any particular order; however, some courses may have prerequisite knowledge (i.e., math). If a specific course is required by the state (i.e., U.S. History), it is listed in bold. The courses in the chart are offered at LCA; see the course catalog for specific course descriptions. Not all courses will be offered every year; course offerings will depend on enrollment. Minimum enrollment in each class is 5 students. LCA might agree to offer the class with a slight fee increase, to be shared by each participating student's family, if minimum enrollment is not met.

**Instructions:**

1. Be sure to put your student's name and grade at the top of the page.
2. Cross out classes that your student has already successfully completed.
3. Circle classes that you would like your student to take this school year.
4. If your student needs more than one course in a particular subject, please write the school year that you would prefer your student to take each class (i.e., 2020/2021, 21/22). This will help with planning future course offerings.
