

Passport to Adventure

This summer program consists of a **Travel Trunk** and a **Travel Itinerary** with "Before You Take Off" activities, activities for six destinations, and "Home Again" activities. Each set of activities is intended to be used during one week. The entire program encompasses eight weeks.

The **Travel Itinerary** contains a variety of suggested activities which may include virtual tours, history, archeology, art, cooking, language, reading, writing, and more!

****Please note:** Many activities include a writing/journal prompt. If you choose to do these activities, please note that the amount of writing can be customized to be age and skill appropriate for your child. For example, K-1 students might dictate an answer to a parent or sibling, Grades 1-2 might fill in a blank or draw a picture to answer, while older elementary might write 1-3 sentences. Middle and high school should be able to write a 3-7 sentence paragraph depending on age and learning style/differences.******

The **Travel Trunk** includes envelopes for each destination or activity. The envelopes contain materials to complete some of the activities included in the Itinerary; any additional optional supplies are also included in the itinerary.

****Please note** that some supplies - like colored pencils - may be used for more than one destination.******

Join us for this fun and fabulous way to "visit" some iconic world heritage sites.

No vaccinations or visas needed!

Bon Voyage!

Buon viaggio!

Selamat jalan!

Счастливого пути!

一帆風順

Happy Travels!
