

The Xist Investment Token

Built on the Stellar network

If your looking for a ground floor low cap opportunity, Xist Investment Token is the token for you.

At .00007 you can take even a small investment risk for the potential of huge returns.

The XIT founders are determined and passionate about XIT and bridging the gap between real world and digital assets.

LOW-CAP COIN REPORT

**699,000%
GROWTH**

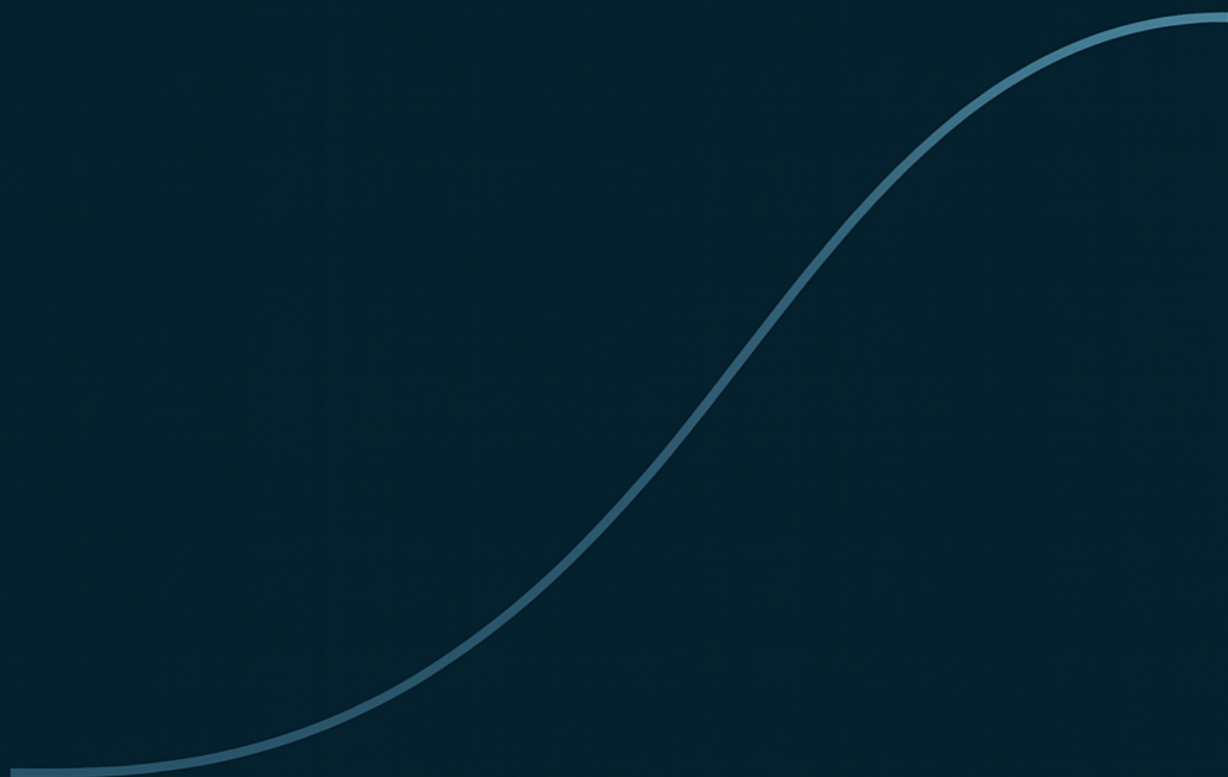

In the last year XIT has risen from \$0.00000001 to \$0.000007. This is a substantial upward trend which is promising for further rises. Small investments can guarantee a rise. We look forward to getting more investors over the next year. The team will be doing everything we can to continue our, all be it small but steady growth.
