Beyond Profits: Crafting a Sustainable Business Legacy

Orleeka Business Training is the culmination of Snezhana Frezinsky's twenty-five years of corporate experience, spanning roles from a Junior Accountant to a Finance and Operations Executive, with a proven track record of contributing to the growth and scaling of organizations. The balanced approach of Harvard-alumna institutional knowledge and real-life stories of success and resilience will help you build an organization that is much larger than its owner's personality.

Greatness is not built in corporate noise or politics; it is built in **purpose and discipline**. Are you doing the right things to craft your legacy?

The training is led by **Snezhana Frezinsky**. She has earned a professional reputation as a "creative individual" who delivers results, not promises.

Core Business Success Pillars Include

- **The Cultural Foundation**
- **The Power of a Brand**
- **Customer and Employee Centricity**
- **Performance and Leadership**
- **Sustainable Strategy and Innovation**
- **Legacy Building**
- **When Company Turnaround is Inevitable and the Roadmap**

Best Suites For

- Corporate business owners and leadership teams that are determined to move forward with excellence and in purpose.

Format and Price

- In-person Group Training (within Metropolitan Boston Area only): **\$11,600**
-

This interactive training lasts about 1.5 to 2 days. Proven frameworks prevail over extensive client customization, which is considered counterproductive. However, the training is tailored to each client to enable a meaningful, interactive approach.

Call to Get Qualified and Schedule

Are you ready to stop settling for flat revenue year over year and inefficient operations and start leading in the market? Don't let another year pass by in complacency and mediocrity. Invest in the corporate transformation that pays dividends and builds a legacy.

Call 1.617.300.9382 to get qualified and schedule the Orleeka Business Training.

Disclaimer: Business success is a direct reflection of your ownership and speed of action. The results your company achieves depend entirely on how you apply the knowledge acquired during this training. To see a transformation, you are advised to move beyond theory and actively implement the framework discussed.
