On a hike or just working in the lawn? Be careful of these nasty plants!

Keith is our newest addition to our Cabinet Division and has quickly become an asset to Wright Contracting! We love team players and Keith certainly fits that description.

Keith has experience with installing displays and exhibits. This experience will help our team as we provide new displays for our customers.

The D-Crane project is complete and the owners are happy with their new space!

Customer Reviews!

We got referred to Wright Contracting by Straight Edge Concrete. It was a great decision. They started the project in Nov. 2020 and completed it in May 2021. It was exactly the vision I had for our new building. Randy and his team have great eye for detail and for forecasting any issues that may awry. Their craftsmanship is outstanding. We requested adjustable desks and they came out exactly as expected. We have developed a great relationship with Wright Contracting and cannot say enough about Randy and his team. I would recommend them to anyone.

D-Crane Rental

I want to thank Don Martin and the workers of Wright contracting for the new basement renovation that they completed in January of 2021. This renovation is our second building project with Wright contracting, and we have been very pleased both times. Don was a joy to work with. He did a great job with the bidding process and gave us the building we asked for and even more. He kept us informed about the progress of the work regularly and turned in the project on budget with some upgrades that we never expected. The subcontractors were very respectful of us, and Don ensured that the workers cleaned up after themselves and did exceptional work. We love the new basement and are thankful that Wright contracting could do the work for us.
