Employee of the Quarter

Tim Barnhorst

Tim was hired to be the Superintendent on the Amazon Project in late 2021. The project is nearly complete, and Tim has done a great job. Tim has a long history in construction, and we are fortunate to have found him for such a large project as Amazon. Tim has been a very important part of the Wright Team! Thanks, Tim!

Customer of the Quarter

After working with Foley Construction for 14 years, Raymond "Pete" Lonkard with his wife Marlene opened Raymond Lonkard Construction in April 1968.

They began installing cattle guards and septic tanks. Jim Doll of Doll Plumbing was their first customer and Pete was also working with local home builders and municipalities.

The business grew to include sewer, waterlines and after 54 years in business, pump stations, WWTP, bridges and more have been added.

The family business continues to grow and prosper with family members and dedicated employees.

Progress at Lonkard
