What's Today? April Fools Day

April Fools' Day is a holiday that is celebrated on the first of April during the springtime. On April Fools' Day you tell funny jokes, ask funny questions and tell everyone their own April Fools prank. On April Fools' Day you can buy items for April Fools' Day because you need to prank a person, a kid or a child. Luan Loud from The Loud House show on Nickelodeon likes to make funny April Fools' Day pranks on the Loud House sisters and Lincoln Loud. I watched a lot of April Fools' Day episodes on TV and the computer because the scenes are very funny. On April Fools' Day you can laugh at a person who is silly by wearing glasses, funny clothes and other kinds of things to be very funny and silly. You can watch April Fools' Day episodes on TV because it's super funny. The best thing I like about April Fools' Day is that you can be funny and very silly and ask everyone silly questions.

Movie Review's: Elvis and Priscilla

Elvis Presley was not just one of the greatest rock and roll artists of all time, he was the King of Rock and Roll. There have been some biopic movies about Elvis over the years.

I think both of these movies are great in their own way because they each tell a riveting story about Elvis and Priscilla Presley respectively.

Both movies have shown their love for one another, their struggles, and their heartbreaking divorce. They divorced because of the growing distance between them, mutual cheating, Elvis' increasing drug use, and Priscilla wanting a life of her own.
