Artist Spotlight

The artist of the month for September is Emily! She has been working on painting branches and stones to brighten up our "peace path" that leads from our Nicholas Center location to our partner Spectrum Designs Foundation. Emily is seen here pictured next to support staff member Keia.

Thanks, Emily!

The Funnies

BACK TO SCHOOL

Why was the teacher wearing sunglasses to school?
Answer: She had bright students!

Why was school easier for cave people?
Answer: Because there was no history to study!

Why did the broom get a poor grade in school?
Answer: Because it was always sweeping during class!

Why did the M&M go to school?
Answer: Because he really wanted to be a Smartie!

Why do magicians do so well in school?
Answer: They're good at trick questions.

My favorite musical artist is Roshon Bernard Fegan. DJ Roshon was born on October 6, 1991. He is an American born actor, singer, and musician. The words of wisdom I chose were from the song Hasta La Vista from the movie Camp Rock.

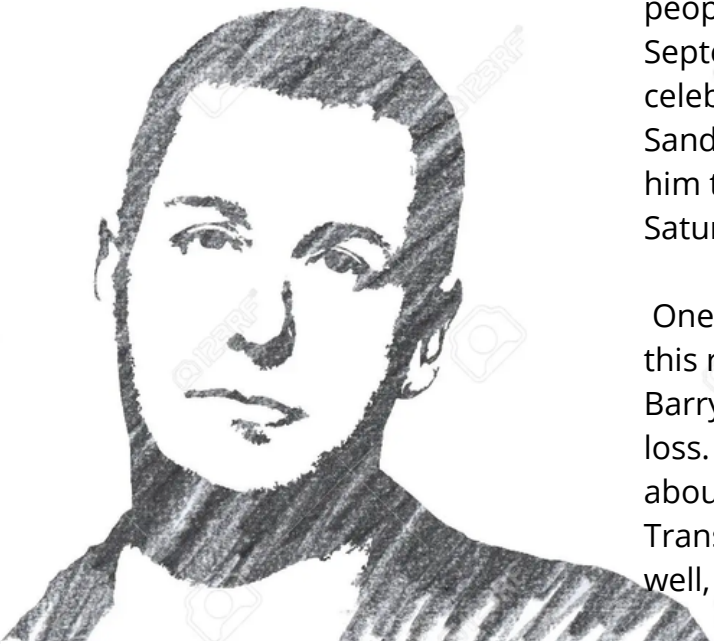

"This song makes me think of the end of camp or school. It means that if you care about someone, you will find a way to see them again. When you can't see someone important you can write them a letter, send a text, or call them on the phone. Friendship doesn't end because of distance."

Hasta la vista
I'm gonna say goodbye to you
Whatever happens, I'll be cool with you
Wanna give me your number, I'ma call ya
Promise I won't forget ya
Hasta la vista
We'll all be going separate ways
Say everything you didn't say
This is your moment before you go
Come on now, get up and show them

Did You Know... Adam Sandler

By Josh B.

Adam Sandler is one of my favorite actors. He is so funny in his movies and knows how to make people laugh and also make people happy. Did you know that Adam Sandler was born on September 9th, 1966 in Brooklyn, New York? The September edition of Navigator News is celebrating Sandler's birthday by reviewing his bio and best films! When he was young, Adam Sandler was a class clown but never considered being a comedian. Adam's brother encouraged him to perform at the Boston Club. He was also a regular on MTV's Remote Control on NBC's Saturday Night Live before he became a movie actor.

One of the movies starring Adam Sandler that I greatly enjoy is Click. In Click Adam Sandler had this remote control that controls everything around him. I also like Fifty First Dates with Drew Barrymore where he finds the girl of his dreams but she forgets him due to short-term memory loss. Grown Ups is also a fun, family movie co-starring Kevin James and Chris Rock. Grown Ups is about five friends reuniting for the Fourth of July. Sandler also voiced Dracula in the Hotel Transylvania movies and in a spin-off series. Additionally, Adam Sandler was in some tv shows as well, like Late Night with Jimmy Fallon, Brooklyn-Nine-Nine, and Jessie.

September is Classical Music Month

By Kyle S.

Everyone has their own taste in music and they may enjoy a certain type more than others. One genre of music that is always good to listen to that doesn't get a lot of attention, is classical music. In fact, September is known to be Classical Music Month. Classical music has been around for many centuries and still remains a good way to pass the time.

There are several ways one can celebrate this month. One popular way is listening to some classic music heard through sources like on Spotify or other streaming sites. Perhaps the most special way is seeing an orchestra play music live. Another way would be taking some classes on these instruments or even just reading about them can give you knowledge about the history of this style of music.

If you need my recommendation for a good classical song to listen to or start your taste in this genre, I'd recommend Also Sprach Zarathustra by Richard Strauss. This song is pretty iconic in the media and it would be interesting to know where this song came from.

I should know since I enjoy listening to some classical music myself and it can be a good way to relax and unwind. Whether it's the works of Beethoven or the styles of Wolfgang Amadeus Mozart, you can always find a good reason to listen to some classical music.
