The First Thanksgiving

By Jason C.

Thanksgiving is a holiday that celebrates the coming together of early settlers and Native Americans who feasted on deer, corn, shellfish, and roasted meat. The area near the site of the first Thanksgiving is now known to many as Southeastern Massachusetts and Eastern Rhode Island. This was the home of the Wampanoag people for over 12,000 years. Other European settlers also visited this area before the Mayflower ship arrived in 1620 with tons of people wanting to come to New England. In the 19th Century, people started to celebrate a modernized version of Thanksgiving, with people celebrating it nationally. Today it is known as a holiday that brings families together to feast and give thanks.

Veterans Day

By Max C.

Veterans Day is a national holiday celebrated yearly on November 11. This holiday honors army veterans of the United States Armed Forces, who were released under circumstances other than shameful. Major hostilities of World War I were ceremoniously ended when the Armistice with Germany became enforceable on the 11th hour of the 11th day of the 11th month of 1918. Major US veteran organizations urged that the holiday get renamed Veterans Day in 1954 while it was originally known as Armistice Day. Since it is a federal holiday, some American workers and many school students have the day off from work or school. When Veterans Day falls on a Saturday, people may have off from work or school the day before, while if it falls on a Sunday, then people might have the day off from work or school the day after. Non essential businesses are closed. There is no mail delivered. All federal workers are paid for Veteran's Day. People who need to work on Veterans Day sometimes acquire additional holiday pay for Veterans Day along with their paycheck. Veterans Day celebrates all American veterans, alive or deceased, but mostly gives thanks to living veterans who served our country with honor during wars.

The Funnies

By Tara W.

"What did the turkey say to the turkey hunter on Thanksgiving Day?"

"Quack, Quack!"

"Knock knock!" "Who's there?" "Tamara." "Tamara who?"

"Tamara we'll eat all the leftovers!"

"What did Han Solo say to Luke Skywalker on Thanksgiving?"

"May the forks be with you."

Knock knock!" "Who's there?" "Annie." "Annie who?"

"Annie body seen the turkey?"

He is great with other dogs and is often used as a dog tester to socialize with other dogs.

Einstein has typical husky behaviors and walks well on a leash.

Words Of Wisdom

By Tomas K.

"A hero can be anyone. Even a man doing something as simple and reassuring as putting a jacket around a young boy's shoulders to let him know the world hasn't ended"- The Dark Knight movie

I think this quote is an underrated and overlooked quote by many people. This quote is special to me because I think anyone can be anything regardless of their race, color, background or where they came from. It can help inspire people to live to their full potential and to believe in themselves.
