Artist Spotlight

The artist of the month for December is John! He finds a lot of joy in creating art. He can be seen here working on creating coffee filter flames for our winter hearth creative arts project. What a cool idea! I hope you all get to enjoy the holiday season around the fireplace as well.

Thanks, John!

The Funnies

What do you say on the 1st of January?
Last year just seems like yesterday!

Put the subtitles on your TV

Is January the longest month? By Kyle
No, September has 2 more letters in its name

January's flower is the snow drop
Can't argue with that.

What do babies call the new year?
The goo year

Words Of Wisdom

By Kyle

Hey, every day's a revolution
Welcome to the future

Look around, it's all so clear
(Hey) Wherever we were goin', well we're here
(Hey) So many things I never thought I'd see
Happening right in front of me

My choice was for the words of wisdom for December is the song "Welcome to the Future" by Brad Paisley

I have chosen this song because as the new year approaches, I am reminded a new year could mean new changes in daily life. So this song is a reminder that while new modern conveniences might not be welcoming for you right away, you should appreciate how it improves your life and future.

History of Martin Luther King Jr.

By Kyle

Everyone knows that every January is known as Martin Luther King Jr. Day, but who is this famous man?

Born on January 15, 1929, this man was known for suffering for rights for the people of color. But in 1955, he became a prominent leader in civil rights movements. Ranging from rights to vote, to desegregation, to labor rights, he was determined to make sure things were equal for all.

It took many years, but his determination helped lead to the Civil Rights Act of 1964, the Voting Rights Act of 1965 and the Fair Housing Act of 1968, as this led to rights for all.

Sadly on April 4 1968, he was assassinated at the young age of 39.

But his legacy and importance remains to this day on the third Monday in January as it acts as a reminder that he has done so much for us and made sure things were equal for everyone.

Change Can Be Good

By Kyle

October is noted for being a month where lots of changes happen. Besides the changes in the weather, there could be changes in people's lives. For example, Autumn is the time when back to school happens, which is not only a change in routine compared to the summer, but also a chance to try to discover something about yourself. Another example could be that many people use this time to see if there's a new activity to find, like a sport or a new hobby. Maybe one could even spend more time in their community. Whether it's assisting in charity or just hanging out with your friends more, there can be more socializing without noticing it.

Who knows what you'll discover when change is blowing in the air, and maybe an answer will soon blow your way.
