Hello All!

How is it already November? I have seen how hard each and every one of them has been working this month and can tell it's being done at home as well. This is amazing! We are experiencing a little regression, which is absolutely normal. We have been together for over eight weeks now, we are getting comfortable with one another, and I have noticed by Thursday we are all getting antsy and having a harder time focusing. I am working through this and thinking of ways we can stay on track while incorporating more free play also. The colder months inside are always harder. November we will be paying closer attention to each individual letter in our names, constructing our name, and holding that writing utensil correctly. Please continue to work on this with your child at home if you can.

Picture days are November 8th and November 9th- a note will go home in their backpacks for which day they will be assigned.

MDO will be closed November 23-25 for Thanksgiving.

On Procare, I will start doing check-ins with each student. Giving insight and making note on the progress they have made and what I'm observing. Anything I feel like they may be struggling with so we can work together to find a solution that best fits your child's needs. If you have any questions or concerns please email me.

Please send in a filled water bottle with fresh water every day. Sleeping bags come home with your child the last day they are here for the week to be laundered and returned with them their first day back the following week. We do not refrigerate or heat up food here. Please send your child's lunch with either an ice pack or if they want something warm send it in a thermos. Please keep a change of weather appropriate clothes in your child's backpack just in case an unforeseen accident occurs throughout their day. It is somewhat cooler by the lake, so as we approach Fall please remember to pack a light jacket or sweater as well.

Blessings to all!
