

ABOUT US

Teshad Engineering India Private Limited is a dynamic engineering consultancy established in 2021 and officially incorporated under the Ministry of Corporate Affairs, India. We are dedicated to delivering cutting-edge solutions in engineering design, 3D modeling, and product development.

Our mission is to set new benchmarks in the engineering design service industry, while our vision is to become a globally recognized leader in innovative design and sustainable development.

OUR COMMITMENT

We believe in building long-term partnerships by delivering value-driven solutions that combine technical expertise with creative innovation. Our focus on sustainability and excellence positions us as a trusted partner in transforming ideas into reality.

At Teshad Engineering, we specialize in Plant 3D Engineering, offering comprehensive design solutions for a wide array of industries, including:

- Oil & Gas
- Water & Power
- Fertilizers, Skids, and Packages

Our multidisciplinary expertise spans equipment, piping, civil & structural, electrical, instrumentation, and safety. From creating 3D models and 2D deliverables to managing software administration, we provide seamless end-to-end solutions tailored to meet your specific needs.

- Industry-Leading Expertise: Proficiency in advanced software such as Aveva E3D, SmartPlant 3D, Autodesk Plant 3D, AutoCAD, and Bentley
 MicroStation.
- Comprehensive Services: From Detail Engineering to final project closeout (SAT/FAT), we ensure precision at every stage.
- Client-Centric Approach: We prioritize quality, innovation, and on-time delivery to exceed client expectations.
