RICK VASKE

TUNE IN

Rick Vaske spent 15 Years of his life as a Broadcasting Professional, understanding frequency, the impact of music on our energy fields, shifting our minds, moods and even making us dance. Radios have always been labeled “Receivers” of the frequency being put out by the transmitter. We live this same reality everyday with our body and mind being the receiver. However, we are in a new time of what is being Broadcast to us and how we are receiving it. The Tune In seminar will challenge you to look at the energy channels and open your understanding of being a Receiver, while assisting you to TUNE IN to your frequency & raise awareness of what you have the power to Broadcast in your life. Maybe its time to change the channel and dance to a new song.
