

## Company Overview:

Four Nine Design is a pioneering company specializing in the design and assembly of cutting-edge cryostats for academic research purposes. Our innovative solutions drive advancements in scientific exploration, enabling researchers to push the boundaries of knowledge. We are currently seeking a detail-oriented and self-motivated Technician in Training to join our team and contribute to our exceptional cryostat projects.

**Job Title:** Technician in Training

**Company:** Four Nine Design

**Location:** Billings, MT

## Position Overview:

We are seeking a highly motivated individual to join our team as a Technician in Training. This entry-level position offers the opportunity to learn and contribute to various aspects of cryostat production. The successful candidate will work closely with experienced technicians and play a vital role in tasks such as shipping and receiving, part cleaning, kit building, soldering, and sub-assembly construction.

## Responsibilities:

- Assist in the shipping and receiving process for cryostat components.
- Perform part cleaning to ensure the quality of components used in production.
- Contribute to kit building activities, following established guidelines and procedures.
- Gain hands-on experience in soldering techniques used in cryostat assembly.
- Participate in the construction of sub-assemblies, working under the guidance of experienced technicians.
- Collaborate with team members to meet production goals and deadlines.
- Maintain a clean and organized work environment.

## Qualifications:

- Self-motivated and proactive attitude.
- Strong time management skills with the ability to prioritize tasks effectively.
- Basic understanding of mechanical and electrical components is a plus.
- Excellent attention to detail and precision in task execution.

## Core Values:

At Four Nine Design, we uphold the following core values:

1. Humility: Approach tasks with a humble and open mindset, ready to learn and grow.
2. Integrity: Demonstrate honesty and ethical behavior in all aspects of work.
3. Hard work/Focus: Commit to a strong work ethic and maintain focus on tasks at hand.
4. Innovation: Embrace creativity and strive for continuous improvement in all processes.
5. Highly Productive: Deliver results efficiently and effectively, contributing to the overall success of the team.

**Benefits:**

- Competitive compensation based on experience and hours worked.
- Retirement plan.
- Opportunity to grow in your skill sets and team role.
- Collaborative and supportive work environment that values creativity and dedication.

**Application Process:**

If you are a self-motivated individual with a keen eye for detail and a passion for contributing to scientific advancements, we encourage you to apply. Please submit your resume and a brief cover letter outlining your relevant experience and motivation for joining Four Nine Design. Send your application to [jerry@fournineproducts.com](mailto:jerry@fournineproducts.com)
