AMERICAN HEART ASSOCIATION PARTNER FOR AED TRAINING

April 2024:

Last April, A Brighter Day Outreach forged a meaningful partnership with the American Heart Association, aiming to enhance community safety and emergency preparedness. Building on this collaboration, we are excited to announce our upcoming AED (Automated External Defibrillator) training session scheduled for July 27.

This initiative begins with equipping our dedicated board members, committee chairs, and volunteers with essential life-saving skills. By empowering these key community leaders first, we ensure they are prepared to respond effectively in critical situations.

Following this foundational training, our focus will extend to the Historic Hoskins and Thomasboro communities. We are committed to providing accessible AED training to residents, fostering a culture of preparedness and care throughout our neighborhoods.
