- Once Rally officially begins, instruction or assistance during the competition is not allowed in the stabling and riding areas except from fellow competitors, judges, coaches and rally officials.
- For rider's safety, a ring steward will be at each warm-up phase and a coach will be available for course walks. The intent of the Ring Stewards is to support safety of the competition and Coaches will be able to advise on questions asked by participants.

Other coaches are allowed but must be insured (same as for teaching PC sessions) and be willing to support regarding any safety issues and to answer questions asked by any participant. Captains are allowed to support team members during competition. It is highly recommended that each Rider meet with their regular riding instructor and Captain to ensure an appropriate warm-up plan is in place for the Rider and their horse/pony.
