

# JEFFERSON COUNTY DRAINAGE DISTRICT NO.6 REGIONAL WATERSHED STUDY

## PUBLIC MEETING

Tuesday, October 25th, 2022

5:30 PM

Beaumont Event Centre

700 Crockett Street  
Beaumont, Texas 77701

Please join us to share  
flood concerns in your  
neighborhood

### ABOUT THE PROJECT

Jefferson County Drainage District No. 6 is conducting a Regional Watershed Study that encompasses Taylors Bayou, Hillebrandt Bayou, and Pine Island Bayou Watersheds. The purpose of the project is to identify areas of high flood risk, determine potential sources of flooding, and develop large-scale regional flood reduction solutions to mitigate flood risk.

### YOU ARE INVITED!

Please join us for an open house style meeting where technical consultants will be on hand to discuss the Regional Watershed Study and receive input from the public.
