

March 16, 2020

In response to the public health emergency presented by the coronavirus, the City and Water Utility offices will be conducting all business through the use of online resources, telephone and the drop box located at City Hall. There will be no public access to the City offices. The City will be unable to accept cash payments for permits or utility bills. All payments should be made online or by check or money order placed in the City's 24-hour drop box. City employees will remain available during normal business hours by phone and e-mail and will be checking the drop box periodically to accept permit applications, answer questions and respond to e-mail inquiries. Please refer to cityofbevilocks.com and click on the "Important Information" and "About Bevil Oaks" tabs for access to important community resources. The website also contains the email address and telephone numbers for the Councilmembers who represent the Citizens of Bevil Oaks. On behalf of the Mayor and City Council of Bevil Oaks, please be safe and thank you for your understanding.
