Hi Barb,

The email below is my official complaint I filed with the HEU Ethics Commissioner against you and Betty for breaching the constitution.

Due to the serious nature of the charge, I am requesting that you and Betty step down from your positions until an external audit and detailed investigation are completed.

I am encouraging the PE and all members of HEU to visit **HEUBC.CA** to further learn what is taking place behind the curtain at Provincial Office, where the President rules unchecked and is allowed to do so by the Provincial Executive—who are supposed to be a voice for members but choose to look the other way for minor perks, with the fear of being voted off **Fantasy Island**.

In solidarity,

Jessie

Subject: Complaint Regarding Breach of Spending Limits in Political Education

To: Ethics Commissioner <[ethicscommissioner@heu-ec.ca](mailto:ethicscommissioner@heu-ec.ca)>

Hi Ritu,

Please accept the attached formal complaint against Barb Nederpel and Betty Valenzuela for violating the constitution by exceeding the \$375,000 limit allocated for political education and related spending.

I believe I have every right to file this complaint, as I was a member of HEU at the time of the breach—and may still be—while awaiting the decision of my five Section 12 applications currently before the Labour Relations Board.

In solidarity,  
Jessie
