

## Parent/Guardian Skit Night Participant Agreement

The parent/guardian entertainment portion of Skit Night is an opportunity for parents/guardians to entertain and amuse their children as part of their senior year activities.

**We are role models for our children. The following guidelines are necessary to maintain the decorum and appropriateness that we expect for our children:**

- All skits should be amusing but not offensive to either sex, staff member, an individual student or any particular student group or club.
- No references to alcohol or drugs.
- The skits will represent a cross-section of student life (sports, music, theatre, etc.). The mention of fraternities or sororities is inappropriate.
- Only parents who have signed up for the skits, signed this agreement and have attended the rehearsals are permitted to participate in Skit Night.
- Parents/Guardians are encouraged to respect the guidelines in place for our students, and refrain from alcohol use prior to the taping.

This year, the Garden City PTA would like to continue this longstanding tradition. With the help of the PTA Skit Night Committee organizing the event and adherence by parents /guardians to the above guidelines, Skit Night should be fun and memorable for our students.

Thank you to the many volunteers whose hard work and dedication allows us the opportunity to facilitate this event.

**I agree to the above guidelines and will adhere to the same procedures established for the students attending this event.**
