LATINO CIVIC & CULTURAL CENTER

Latino Civic & Cultural Center is a new program founded by the Latino Civic Alliance (LCA) a 501(c)(3) statewide civic engagement organization. LCA hosts the largest political platform "Latino Legislative Day" in the Washington state capital (Olympia) where thousands Latino/a's meet with their legislators about issues that are important to their community.

The center will serve as a community hub for civic leaders to meet, organize, build unity, and work together. It will provide civic education to learn how to participate in the advocacy process. It will offer artists a cultural venue to express themselves and showcase their art.
