ABOUT YOUR TWO-PAGE AGREEMENT

WHAT IS THE SERVICE?

- 1 Precision's Stealth Workflow Intelligence identifies each individual patient's medical necessities according to the CMS Standard of Care, and electronically connects the patients to begin these next steps.
- 2 These are often missed yet required services you may not be maximizing or being paid for at all. These should also be included in your schedule appointment reminders.
- 3 These billable encounters are for the entire patient population and facilitate compliance in patient engagement and care coordination that helps your Compliance, Performance & Revenue – CPR. Assists in meeting the CMS Health Equity initiatives.

WHAT AM I AGREEING TO?

- 1 Nothing ever owed upfront.
- 2 Our patient engagement and care coordination will conservatively drive associated mandated clinical services to you for another \$120 per patient.
- 3 **You can never be billed for more than you collect for our care coordination and navigation codes.**
- 4 No charge for ACO/Medicare Advantage programs.
- 5 Allow us to coordinate with your staff during setup so that we can do the work for you. Your staff then will do nothing different than they do today.

HOW DO I START?

- 1 Sign the two-page agreement with your finger.
Connect us to the person who can export your contact list from your EMR/Billing system (three minutes).
- 2 Connect us with the person who will instruct us how you want us to direct patients to your office with moderate risk and or high risk if different.
- 3 Typically, this is a schedule link, an email address or a phone, person or extension if when possible.

WHAT AM I AGREEING TO?

- 1 Launch in 72 hours.
- 2 Revenue in 35 days.
- 3 Even large organizations can implement in 30-45 days.
