

26th June 2023

Statement from Independent Safeguarding Board

You will be aware of the [announcement](#) from the Archbishops' Council regarding the Independent Safeguarding Board.

We will continue to honour any reviews or complaints that are underway or are due to start. We will be in contact as soon as possible with survivors and complainants and reviewers to ensure these are completed.

The ISB is working with the Archbishops' Council to put in place alternative arrangements to handle complaints while work is undertaken to develop an independent oversight body for safeguarding. Once the detail is in place an announcement will be made.
