

April 2, 2025

UPDATE ON THE COPPER LAKES SCHEDULING OF A SPECIAL MEETING OF THE MEMBERS:

- The Copper Lakes HOA Board of Directors met on Monday March 31st for their regular monthly HOA meeting.
- Resident advocates for the Special Meeting were hopeful that the HOA Board would determine and announce the date, location and time for the Special Meeting during this monthly HOA meeting. Unfortunately, they (*or the majority within the HOA Board*) have failed to determine and establish the date, location and time for the requested Special Meeting. At the HOA meeting, when asked, President Jeff Hackwork responded ***"they have not discussed the matter as of yet."***
- According to Texas HOA statutes, the HOA Board is required to notify residents and call for a Special Meeting requested by petition of 275 residents between 10 to 50 days from the date the petition was received. March 14th was the date our final petition was submitted to the HOA and Inframark.
- **Attorneys for both our HOA and the resident-advocates** for the Special Meeting have both confirmed they **are urging the Copper Lakes HOA Board to set the meeting date and location for the Special Meeting duly requested via petition of community residents and consistent with our Bylaws and Texas law.**

We will remain unwavering in our efforts to right-the-course and see that our community bylaws are amended~

Your continued patience, focus and support are critical as we continue to press for the best for our Copper Lakes Community!!
