

President's June Message

Club members and friends,

Things are looking up for our club. The trail shoots will be a little more challenging and I for one enjoy a good challenge.

We had an excellent turnout for our Memorial Day fun shoot. The weather was even on our side (for once). Positive comments on the 40 targets set up. Again, some were very challenging by the evidence in busted arrow shafts. I left some too.

Let's have our June meeting this first Sunday of the month, June 7th. Meeting starts at 9:00am.

Remember to renew your 2020 membership, it's not that hard really. Bring a friend or young one.

See ya,

Rick Bielke
