

## HRA & GBBA Form Strategic Partnership

The Helderberg Ratepayers Association (HRA) and the Gordon's Bay Business Association (GBBA) are proud to announce a formal step toward greater collaboration and alignment in serving our community.

While remaining independent organizations, we have entered into a **mutual accreditation agreement** and now **serve on each other's boards**, reflecting a shared commitment to cooperation, transparency, and community development.

We are also pleased to confirm that both organizations have agreed to an **integrated view on several key local issues**, as outlined in the summary below:

*A visual summary of the jointly agreed positions on community development, infrastructure, business support, and service delivery.*

This strategic partnership enables:

- Unified communication on shared concerns,
- Collaborative community initiatives, and
- The potential for future structural alignment, if mutually agreed upon.

Together, we are building a stronger, more inclusive Gordon's Bay and Helderberg region.
