GUESS WHO!

The Power Platform Mystery Face Game

Game Overview:

The Power Platform Guess Who is a two player game where players use differential Yes or No questions to isolate a hidden MVP character. The first player to guess the other players hidden MVP character wins.

How to Play Guess Who:

Your objective is to guess the mystery person on your opponent's card by asking one question per turn, and eliminating gameboard faces that don't fit the mystery person's description.

Game Setup:

1. Print the 24 Stars cards for Player#1 & Player#2.
2. Cut out each square and then put them into the game board.

- Square Character Tiles
- Rectangular Character Tiles

How to Win:

Players alternate turns asking questions until one player makes a guess. If you guess correctly, or your opponent guesses incorrectly, you win the game.

Asking Questions:

The younger player always goes first. On your turn, you may either ask a question or guess who the mystery person is, but don't use your turn to guess the mystery person until you are ready. If you guess wrong you'll lose the game.

When you're ready to guess who the mystery person is, make your guess on your turn INSTEAD of asking a question.

After you make your guess your opponent must tell you whether or not your guess is correct. If you're right, you win the game! If it's wrong, you lose!
