EY KALMAN

SHANE YOUNG

GAME SETUP

- For 2-4 players print and cut 1 set of 28 dominos.
- If you have more players, print an additional set of 28 dominoes.

HOW TO PLAY

- Shuffle the cards and turn them face down on a table.
- Each player draws 7 cards to begin.
- The youngest player goes first. Place a card face up in the middle of the table.
- Going clockwise around the table, each player takes a turn. If you have a card in your hand that matches one of the superheroes, place it on the table next to the matching superhero. If you don't have a matching card, draw 1.
- The first person with no cards in their hand wins.
