ASCA Obedience Reference Sheet

Ring Size: Indoor rings should be 40 x 50 feet. In NO CASE shall the Utility ring be less than 35 x 50 feet. For Novice and Open, the ring shall not be less than 30 x 40 feet. Outdoor rings are to be 40 x 50 feet.

No crating or grooming within 10 feet in any direction of the ring during the obedience portion of the event. Clubs should ensure that the obedience ring is used only for the trial and not for individual practices. The only exceptions would be for Clubs that have scheduled specific time for an obedience seminar, fun match or run through. The seminar, fun match or run through should be scheduled such that no food would be used in the ring prior to the sanctioned trial time. Rings should be clean of debris and food at trial time. See [Section 1.26](#) for additional ring size, matting, and out-of-sight requirements.

Utility: Distance between Bar and High Jumps should be 18 to 20 feet. Ideally, dogs should go approximately 20 feet beyond the jumps for the directed jumping exercise.

The handler is to be about 20 feet away from the article pile.

For Moving Stand, handler is to continue 10 to 12 feet from dog after commanding the dog to stand/stay.

Gloves are to be positioned 3 feet inside of the ring along one of the unobstructed short sides of the ring where there are no tables or chairs.

Open: Cones between 17 to 37 inches tall and no more than 15 inches wide at the base are to be placed 8 feet apart for the Figure 8 exercise (also true in Novice and any other class with the Figure 8 exercise).

The dumbbell must be thrown at least 20 feet from the handler during the Retrieve on the Flat exercise.

For both the Retrieve over High Jump & Broad Jump exercises, the team will set up at least 8 feet from the jump.

The dumbbell must be thrown at least 8 feet beyond the jump during the Retrieve over the High Jump exercise.

There are two ways to do the broad jump: "At the Jump" and "Beyond the Jump" - see [Section 4.6.8](#).

Prior to the start of the ODX Class, the Judge shall mark the spot where the cone will be positioned during the Directed Open Exercises. The Judge may choose to measure and mark in four directions the 3-foot and 4-foot radius from the base of that cone and/or the handler's set up position and destination position at the opposite end of the ring. See the DOE Open section for more particulars.

Novice Group Exercises: A dog may earn a qualifying score in Novice even if it is the only dog participating in the Group Exercises. Dogs may begin Novice Group Exercises by standing or sitting in heel position beside their handlers.

Novice dogs must be placed a minimum of 6 feet apart from each other and a minimum of 4 feet from the side and back ring gates. A maximum of seven dogs are allowed in the ring at one time for group exercises, except during Novice Finals.

Broad Jump:

Number of Boards	Distance Jumped	If using fewer than four boards for the Broad jump, always remove the tallest board(s) first.
1	8" to 12"	
2	16" to 24"	
3	28" to 44"	
4	48" to 72"	

Obedience Jumps:

Jumps used in the obedience classes must be 5 feet wide (including the largest broad jump board). Jump specifications and required dimensions are located in the following sections:

High Jump: [Section 4.6.6](#) & [Appendix D](#): Suggested Construction of Bar and High Jump

Broad Jump: [Section 4.6.8](#) & [Appendix E](#): Suggested Construction of Broad Jump

Bar Jump: [Section 5.14](#) & [Appendix D](#): Suggested Construction of Bar and High Jump **Effective June 1, 2023.**

Jump Heights: The Judge has the authority to measure any dog to confirm that dog's applicable jump height. Minimum jump height is 4 inches. Veterans (dogs seven years old and up) may jump 2 to 4 inches lower than regular height.

If the height of the dog at the withers is over an even number (~~10", 12", 14"~~ 16 inches, 18 inches, 20 inches...), the dog shall jump the next lowest height. (**Example:** If the dog measures 21.5 inches, the dog shall jump 20 inches). **Effective June 1, 2023.**

If using fewer than four boards for the Broad jump, always remove the tallest board(s) first. **Effective June 1, 2023.**

All breeds, except those ~~the ones~~ listed below, will jump their height at the withers, as listed in the Standard Jump Height Table.

Standard Jump Height Table (Inches)			
Measured Height of Dog at Withers	High & Bar Jump Height	Broad Jump Distance	# Broad Jump Boards
Less than 8"	4"	8"	1
8" to less than 10"	8"	16"	2
10" to less than 12"	10"	20"	
12" to less than 14"	12"	24"	
14" to less than 16"	14"	28"	3
16" to less than 18"	16"	32"	
18" to less than 20"	18"	36"	
20" to less than 22"	20"	40"	
22" to less than 24"	22"	44"	
24" to less than 26"	24"	48"	4
26" to less than 28"	26"	52"	
28" to less than 30"	28"	56"	
30" to less than 32"	30"	60"	
32" to less than 34"	32"	64"	
34" to less than 36"	34"	68"	
36" and greater	36"	72"	

The following breeds, including dogs mixed with these breeds, will jump at a measurement of three-quarters their height at the withers. The minimum high and bar jump height shall be set at the nearest multiple of 2 inches ~~to three quarters the height of the dog (see chart below) at the withers for the following breeds (and mixed breeds with the following):~~ as listed in the 3/4 Jump Height Table below. **Effective June 1, 2023.**

Breeds Approved for 3/4 Jump Height		
Anatolian Shepherd	Chinese Shar Pei	Leonberger
Akbash Dog	Clumber Spaniel	Mastiff
Akita	Dachshund	Neapolitan Mastiff
Basset Hound	Dandie Dinmont Terrier	Newfoundland
Bergamasco	Dogo Argentino	Otterhound
Bernese Mountain Dog	Dogue De Bordeaux	Pekingese
Black Russian Terrier	French Bulldog	Pembroke Welsh Corgi
Bloodhounds	Great Dane	Perro De Presa Canario
Bolognese	Great Pyrenees	Petit Basset Griffon Vendeen
Borzoi	Greater Swiss Mountain Dog	Saint Bernard
Bullmastiffs	Irish Wolfhound	Skye Terrier
Bull Terrier	Kangal Dog	Sussex Spaniel
Cardigan Welsh Corgi	Kishu Ken Tai	Ridgeback
Caucasian Mountain Dog	Kuvasz	Tibetan Mastiff
Central Asian Sheepdog	Lagotto Ramagnolo	

3/4 Jump Height Table (Inches)			
Measured Height of Dog at Withers	High & Bar Jump Height	Broad Jump Distance	# Broad Jump Boards
Less than 10"	4"	8"	1
10" to less than 12 1/2"	8"	16"	2
12 1/2" to less than 15"	10"	20"	
15" to less than 17 1/2"	12"	24"	
17 1/2" to less than 20"	14"	28"	3
20" to less than 23"	16"	32"	
23" to less than 25 1/2"	18"	36"	
25 1/2" to less than 28"	20"	40"	
28" to less than 31"	22"	44"	
31" to less than 33 1/2"	24"	48"	4
33 1/5" to less than 36"	26"	52"	
36" and greater	28"	56"	

Effective June 1, 2023 – replaced previous 3/4 jump height table.

ASCA Obedience Rules and Regulations

Purpose

Obedience Trials are a sport, and all participants should be guided by the principles of good sportsmanship both in and outside of the ring. The purpose of Obedience Trials is to demonstrate the usefulness of the dog as a companion of man, not merely the dog's ability to follow specified routines in the obedience ring. While all contestants in a class are required to perform the same exercises in substantially the same way so that the relative quality of the various performances may be compared and scored, the basic objective of Obedience Trials is to produce dogs that have been trained and conditioned always to behave in the home, in public places, and in the presence of other dogs, in a manner that will reflect credit on the sport of Obedience. The performances of the dog and handler in the ring must be accurate and correct and must conform to the requirements of these Regulations. However, it is also essential that the dog demonstrate willingness and enjoyment of its work, and that smoothness and naturalness on the part of the handler be given precedence over a performance based on military precision and peremptory commands.

Code of Ethics for ASCA Obedience Judges

Judging is a privilege, not a right. The ASCA Obedience Judge's conduct must always be impartial, dignified, and becoming to the Judge, to the sport of obedience, and to ASCA. A Judge's actions must be above reproach. Judges shall be professional in demeanor and arrive neatly and professionally dressed, with due consideration of anticipated weather and ring conditions. Judges shall refrain from negative comments about individuals, dogs, and other Judges, except when required in the course of trial administration and disciplinary procedures. Point deductions in the ring and other judging calls shall be based strictly on the dog and handler's performance as a team as described in the ASCA Obedience Rules and in no case shall be based on the identity or reputation of the owner, the handler, the breeder, or the dog's lineage. The safety of the dog and handler shall be the Judge's foremost concern in designing patterns in an obedience ring. Judges shall be ever mindful that trials are staffed largely or entirely with unpaid volunteers, and shall treat ring stewards, exhibitors and spectators with due courtesy and consideration.

Any Judge found to be abusing the privilege of judging for ASCA or violating this Code of Ethics may have such judging privileges revoked or suspended by ASCA.

ASCA Obedience Judge Requirements

Obedience Judges

All applicants must be a minimum of twenty-one years of age.

All applicants must take the open-book ASCA Obedience Judges test and score 100% on each section. Applicants may take the test up to two times in their attempt to score 100%. If the applicant fails to score 100% after the second attempt, the applicant must wait one year from the date of application to reapply and take the test.

AKC Judge Exception - Applicants who are certified as Provisional Utility Judges or above by the American Kennel Club (AKC) will take the ASCA Obedience Judges Test for AKC Obedience Judges, which focuses on the differences between the ASCA and AKC obedience programs. Upon passing this test, these applicants will become Provisional ASCA Obedience Judges.

CKC and UKC Judge Exception - Upon passing the full ASCA Obedience Judges test, applicants who are certified as Provisional Utility Judges or above by the Canadian Kennel Club (CKC) or the United Kennel Club (UKC) will become Provisional ASCA Obedience Judges.

The applicant's name will be published on the ASCA Website and in the AussEnews. The Membership of ASCA has forty-five days to respond with comments, positive or negative.

Applicants must further qualify either by (1) JUDGESHIP or (2) TITLES as further described below.

JUDGESHIP

Must be a licensed obedience judge for a minimum of one of the following approved entities: American Kennel Club, Canadian Kennel Club, United Kennel Club or the Federation Cynologique Internationale. Applicants are required to have a minimum of two years' judging experience. Any applicant applying from any organization or registry not listed as an approved entity will be considered on a case-by-case basis provided their obedience titles earned are at a minimum equivalent to ASCA's in difficulty.

TITLES

Must have earned from ASCA or from the above-named entities the following titles or their equivalent to judge the regular level listed. In addition, the applicant must have stewarded Novice, Open and Utility (singularly or collectively) a minimum

of two times at a sanctioned trial. Applicant must provide the entity's name, club's name, show/trial secretary's name, and date they stewarded.

NOVICE: Earned three Companion Dog Titles. Two different dogs must have been titled to a companion dog title.

OPEN: Earned two Open titles (Either two CDX, two ODX or one of each) plus the Novice titles named above.

UTILITY: Earned one Utility Dog Title plus three Novice titles and two Open titles, as named above.

Proof of titles earned must be provided upon application. A copy of the title or a copy of the dog's trial record will suffice.

Approval Process

ASCA will do one of the following:

1. Issue a letter stating the regular judging status level and judge's number issued if the applicant is approved, or
2. Issue a letter stating if and when the applicant may reapply if disapproved.

All approved Judges may judge all non-regular classes in addition to the regular classes for which they are licensed. Judges may accept assignments only upon issuance of their ASCA Judge's number.

Provisional Status

All applicants issued an ASCA Judge's number will be approved as Provisional Obedience Judges. After the Provisional Obedience Judge has completed a minimum of three assignments, they may notify ASCA by letter or email indicating the club, show/trial secretary and date for each assignment plus the classes they judged, and that they are requesting the Provisional status be lifted. ASCA has the right to extend the Provisional status for just cause.

AKC, CKC and UKC Judge Exception - Forty-five days after having their name published in the Aussie Times, applicants who are certified as Provisional Utility Judges or above by AKC, CKC or UKC will have their ASCA Provisional status lifted, unless the ASCA Board of Directors makes a different determination upon receiving negative input.

Continuing Education Requirements for ASCA Obedience Judges

STAYING UP TO DATE ON RULES

It is the responsibility of all ASCA Obedience Judges to stay up to date on the current rules and regulations affecting the ASCA Obedience program. Lists of rule changes for the most recent rulebooks can be found on the ASCA Website. Only those program rules contained in the latest version of each rulebook shall be enforceable.

ASCA OBEDIENCE JUDGES EDUCATION

Starting July 1, 2018, all ASCA Obedience Judges will be required to certify at least every three years that they have completed one of the required options for continuing judge education. Newly approved Judges will be required to certify within twelve months of first approval. The list of judge education options for each year will be delineated in the ASCA Obedience Judge Education Certification Form to be posted on the ASCA Website. In addition, upon request, the ASCA Business Office will send the Obedience Judge Education Certification Form for the current year to judges who can't utilize the online version.

All current ASCA Obedience Judges must certify between July 1, 2018, and December 31, 2018, that they have completed the initial continuing judges' education. Starting in 2021, certifications for judges whose last names begin with the letters A-M will be due between January 1st and June 30th. Certifications for judges whose last names begin with the letters N-Z will be due between July 1st and December 31st.

CERTIFICATION OF CONTINUING EDUCATION

In order to maintain judging eligibility in the ASCA obedience program, it is the responsibility of each ASCA Obedience Judge to complete and submit the Obedience Judge Education Certification Form at least every three years. Judges are welcome to certify more often, according to a schedule that is more convenient for them. **Example:** those who also judge ASCA Rally might choose to re-certify every two years (i.e., 2018, 2020, etc.). The ASCA Business Office will keep a record of which judges are up to date on certification and thus eligible to judge.

The Obedience Judge Education Certification Form can be submitted online or by downloading and sending a copy to the ASCA Business Office. Starting January 1, 2019, judges who are not up to date with certification will not be eligible to judge until they complete and submit the Obedience Judge Education Certification Form. After two years of lapsed certification, a judge's name will be removed from the ASCA Obedience Judge list.

Privileges

Judging for ASCA is a privilege and not a right. ASCA has the authority to remove or deny any judging privileges for just cause at any time. Judges or Applicants will have sixty days in which to appeal any such revocation or denial.

Chapter 1. General Regulations

1.1 General

1.1.1 AFFILIATES

Official ASCA programs that require sanctioning and award points or qualifying scores that lead to an ASCA title shall not be conducted by any individual(s), non-ASCA Affiliated corporation(s) or business(es).

Affiliate Club(s) in good standing with ASCA will have the exclusive right to schedule, sanction and conduct Official ASCA programs. No individual(s), non-ASCA Affiliated corporation(s) or business(es) shall realize any monetary profit, or any other benefit as a result of any connection with an ASCA sanctioned event. Normal event sponsorship or advertisement by any individual(s), corporation(s) or business(es) shall not be considered to be in conflict with this rule. Individuals, corporations or businesses that enter into agreements with Affiliate Clubs to supply materials, services, facility rentals, livestock rentals or any other products or services required for the implementation of sanctioned events shall not be considered to be in conflict with this rule. The use of a Club's name for event purposes cannot be transferred.

1.1.2 SANCTION REQUEST

Only ASCA Affiliate Clubs in good standing may sanction ASCA events. An Event is defined as Conformation, Obedience, Tracking, Agility, Rally or a Stockdog Trial. One club's event must not conflict on the same day with another club's event held within a 200-mile radius of the event unless both clubs concur in writing that this may occur. Affiliates may have up to two Obedience Trials per day.

ASCA Affiliate Clubs that meet the requirements of ASCA and wish to hold an Obedience Trial, at which qualifying scores toward an obedience title may be awarded, must apply to ASCA on the form provided for permission to hold such trial. This application must be submitted and postmarked no later than sixty days prior to the event. A sanctioning fee (see [Schedule of Fees](#)) per trial shall be submitted with the application along with a copy of the premium. Once an event has been sanctioned by the ASCA Business Office, additional classes may not be added to the event.

1.1.3 PREMIUM

The Premium shall at a minimum indicate:

- A. Club name.
- B. Club Officers (emails and/or phone numbers).
- C. Show Committee (emails and/or phone numbers).
- D. Show/trial secretary (mailing address, email and phone number).
- E. The names of the judges hired (level through which they will be judging).
- F. Names of the classes offered (regular, optional titling and non-regular), division and class order (**Note:** All regular classes should be listed as follows: Novice A, B, and C, Open Dog Excellent A and B, Companion Dog Excellent A and B, plus Utility A and B.)
- G. Date of trials.
- H. Refund information.
- I. Show site particulars including directions to site and when the site is open or closed.
- J. Awards particulars.
- K. When Novice Group Exercises shall be held.
- L. Entry fees, pre-entry and closing entry date with mailing particulars.
- M. Motel/hotel/camping information.
- N. QTracker application attached and/or linked.
- O. Entry blank attached and/or linked as applicable.
- P. Entry limitations and what will happen when limits are reached (see [Section 1.22](#)).
- Q. If allowing bitches in season, the prominent statement: Bitches in season permitted. They must be crated at least 50 feet from obedience ring, wear pants, and run last after all obedience judging is finished.
- R. If allowing bitches in season, details on which trial(s) allow them when there are two trials in one day.
- S. If allowing bitches in season, whether they will be eligible for awards or only allowed to compete for legs and scores.

Any ASCA Affiliated Club requesting ASCA sanctioning for any event(s) shall, when making application for said event(s), include any applicable county, state, country or any other bylaws, rules of conduct or associated restrictions regarding dogs, their exhibition and the holding of said event(s) and shall include a list of such rules, bylaws or restrictions in the premium list. Rules, restrictions, bylaws, etc. shall be printed in English and the language of the country where the said event(s) will be held, listing all pertinent information.

1.1.4 FIRST RIGHTS

Each Host Club, which holds a sanctioned event at least once in every two consecutive years, shall have first right to claim the corresponding dates or holiday weekend for its event to be held in the next succeeding two years. If the Club having first right to the date(s) does not host a sanctioned event on that date in the following year, another Club may use the preexisting date for an event. The original Club shall still have first right to the date on the second year following their original event. If they do not host a sanctioned event on that date in the second year, they lose the first right to the date. The ASCA Business Office will hold paperwork from any other Club wishing to use a preexisting date until the ASCA Business Office has been notified that the Host Club with the preexisting date will not use the event date that year. If paperwork has to be held pending receipt of the notification from the Host Club with the preexisting date, the ASCA Business Office will notify the second Club within fourteen days upon receipt of the Sanctioning Request Form. To facilitate timely receipt of materials, Clubs wishing to use a preexisting date should contact the Host Club and request notification be sent in writing to the ASCA Business Office stating the preexisting date will not be used that year. If the Host Club with the preexisting date does not use that date on the second year following their original event, first claim to that date will pass to a second Host Club, if there is one. If a date has not been previously claimed, the Host Club whose sanctioning is postmarked first shall be awarded the date.

ASCA Affiliate Clubs may request sanctioning for any event to be held outside of their state only under the following terms:

- A. If a state (State A, for instance) is not served by an Affiliate Club, then any Affiliate Club from another state may sanction events in State A on a first-come basis.
- B. If State A is currently served by one or more Affiliate Clubs and wishes to sanction an event at a site that is outside of their state, they must first secure written permission from all of the Affiliate Clubs within the state where they would like to sanction the event. Written permission shall be submitted to the ASCA Business Office with the Sanction request before sanctioning can be granted.

If an out-of-state ASCA Affiliate Club is invited by an ASCA Affiliate Club to assist in managing their Sanctioned Events, requirements for seeking and providing written permission from other clubs within the state/area are unnecessary as the out of state Affiliate is not Sanctioning ASCA Events but rather helping the instate Affiliate with their Event.

If an Affiliate Club organizes in a state that formerly did not have an Affiliate Club, then the new Club shall have primary sanctioning authority.

1.1.5 LATE SANCTION FEES

Sanctioning requests received between forty-five to sixty days prior to an event will be accepted upon payment of a fine (see [Schedule of Fees](#)) for the first three days past the sixty-day postmark deadline with an increase (see [Schedule of Fees](#)) for each day thereafter. Sanctioning request *received by the ASCA Business Office* less than forty-five days prior to a sanctioned event will not be accepted under any circumstances. Clubs submitting delinquent sanctioning request three times will lose all late sanctioning privileges for a period of two years. It is recommended Clubs retain proof of mailing for all sanctioning requests.

The ASCA Business Office will not accept responsibility for sanctioning requests lost in the mail. All sanctioning requests sent after the sixty-day postmark deadline must be original forms (no faxes or e-mails) and must have all required signatures and fees.

If the Host Club with the preexisting dates postmarks their sanctioning request form past the sixty-day deadline and it is not received forty-five days prior to the event, they will lose first right to this date for that year.

1.2 Obedience Classes

Affiliate Clubs are allowed to have a "show and go" or clinic after a sanctioned trial. The "show and go" or clinic cannot take place until the judges of the Sanctioned Obedience Trial have completed judging all the classes scheduled for the sanctioned event and the awards have been given out.

Obedience classes need not be limited to Australian Shepherds only, with the exception of a SPECIALTY, and then it shall be for ASCA registered Australian Shepherds ONLY. For the purposes of all ASCA awards, rankings and trials, LEP Australian Shepherds are considered ASCA Registered Australian Shepherds. Other breeds entered in obedience trials sanctioned by ASCA Affiliate Clubs must abide by ASCA Rules and Regulations and have an ASCA QTracker number.

1.2.1 SPECIALTY OR SANCTIONED OBEDIENCE TRIAL

A Specialty or Sanctioned Obedience Trial need not include all of the Regular obedience classes defined in these Regulations, but a club will be approved to hold Open classes only if it also holds Novice classes, and a club will be approved to hold a Utility class only if it also holds Novice and Open classes. Novice classes will be divided into "A" and "B". Open and Utility classes will be divided into CDX and ODX "A" and "B".

Any Affiliate club which has been approved to hold a Specialty or Sanctioned Obedience Trial, if qualified in the opinion of the ASCA Business Office may offer additional non-regular classes for dogs not less than six months of age, provided a clear and complete description of the eligibility requirements and performance requirements for each such class appears in the premium list. However, the Non-regular classes defined in these regulations need not be described in the premium list.

1.2.2 GROUP EXERCISES

Novice Group Exercises may be held either before or after the Novice Individual Exercises, or at the beginning of the trial before all classes. Premiums must clearly state whether Novice Group Exercises will be held before or after the Novice Individual Exercises, or at the beginning of the trial. Non-Regular class Group Exercises will be held after Regular and Optional Titring classes are completed, immediately after each class's Individual Exercises.

1.3 Obedience Trial Committee

If an Affiliate Club holds a Sanctioned Obedience Trial only, the club must appoint an Obedience Trial Committee, and this Committee shall exercise all the authority vested in a Dog Show's Show Committee.

If an affiliate club holds a Sanctioned Obedience Trial in conjunction with a Dog Show, the club's Show Committee shall include one person designated as "Obedience Chairman". At such events the Show Committee of the show-giving club shall have sole jurisdiction over all matters, which may properly come before it, regardless of whether the matter has to do with the Dog Show or with the Obedience Trial.

The Show/Obedience Chairman will be allowed to hire judges for the shows and will also be allowed to compete in the Obedience portion of the shows. Other members of the Show Committee will also be allowed to compete in the obedience portion of the shows.

1.4 Dog Show Rules and Regulations

All the Dog Show Rules and Regulations, where applicable, shall govern the conduct of Obedience Trials, and shall apply to all persons and dogs participating in them except as these Obedience Regulations may provide otherwise.

1.5 Identification

No badges, coats with kennel names, dogs' names or any dog related advertisements, shall be worn or displayed, nor any other visible means of identification used, by an individual when exhibiting a dog in the ring, except in the case of the Obedience Team Class, where exhibitors may wear coordinated clothing, with art as desired, and giving the name of their team if desired. However, kennel names and names of dog related businesses will still not be allowed.

1.6 Immediate Family

As used in this rulebook, "Immediate Family" means spouse, parents, grandparents, children, grandchildren, siblings, or any combination of the preceding by marriage, i.e., stepchildren or parents-in-law, or person residing in the same household.

1.7 Registered Dogs Only

As used in these Regulations, the word "dog" refers to either sex. All Australian Shepherds must have an individual registration or LEP number from ASCA to be eligible for ASCA's year-end Merit and Finals programs. All dogs not so registered must have a QTracker number issued by ASCA to compete in any class at ASCA sanctioned Obedience Trials.

1.8 Unregistered Dogs

All unregistered dogs must have an individual ASCA registration or LEP number or an ASCA QTracker number to compete in ASCA sanctioned Obedience Trials. A dog will be allowed to be shown at the trial where the handler applies for an ASCA QTracker number. The handler will be issued a receipt by the Registration table valid for sixty days to allow the ASCA Business Office time to issue the QTracker number. Photocopies or originals of registration or QTracker number papers must be presented to the Registration Table upon request when entering ASCA sanctioned Obedience Trials.

1.9 Dogs that May Not Compete

No dog without an ASCA individual registration, LEP number or ASCA QTracker number may compete in any ASCA Obedience Trial. Dogs may not compete until they are six months of age or older. No dog that is owned or co-owned by the judge or a member of the judge's immediate family may be shown in a class, or participate in a runoff, officiated by that judge. An obedience judge's immediate family or household members, and dogs owned wholly or in part by an obedience judge, may compete under other officiating judges at the same trial. ~~Family/household members may do this provided that any wins under other judges will not result in a violation of these rules by any advancement of the dog in the~~

~~sanctioned event. Dogs owned wholly or in part by an obedience judge may be exhibited at a trial in which he/she is officiating provided that any wins under other judges will not result in a violation of these rules by any advancement of the dog in the sanctioned event.~~ **Effective June 1, 2023.** Obedience judges may show in cluster trials on weekends in which they are judging without restrictions on the order in which they judge and show. This includes same day obedience trials when such events precede or follow but do not overlap the trial at which they officiate. The official veterinarian shall not exhibit or act as agent or handler at the show and dogs owned wholly or in part shall not be eligible to be entered at that show.

If a club does not advertise in its premium list who is to judge run-offs between classes, an exhibitor shall automatically be considered to have lost the run-off of any tie scores between classes if the judge of the run-off is a member of the exhibitor's immediate family.

1.10 Qualifying Score

A Qualifying score shall be comprised of scores of more than fifty percent of the available points in each exercise and a final score of 170 or more points, earned in a single Regular or Optional Titling class at a Specialty or Sanctioned Obedience Trial.

1.11 When Titles Are Won

Where any of the following sections of the regulations require that a dog shall have won a particular obedience title before competing in a particular (advanced) obedience class, a dog may be shown in such class at any obedience trial after the handler has been informed by three Judges, two of whom shall be different, that the dog has received the necessary qualifying scores. The third qualifying score must be received before the start of the next trial in which the entry in the advanced class is to be made. If two trials are held on the same day, the dog may be moved up in the second trial, providing the trial has not started and they have received official notification from the judge that they have qualified in the lower class.

1.12 Disqualification and Ineligibility

A dog that is blind or that has been changed in appearance by artificial means (except for such changes as are customarily approved for its breed) may not compete in any Obedience Trial and must be disqualified. Blind means without useful vision. "Changes in appearance by artificial means" does not include dogs that have been surgically altered for health reasons or disease, such as the loss of an eye or the removal or broken teeth. Dogs that have lost a limb are ineligible to compete.

When a judge finds any of these conditions in any dog they are judging, they shall disqualify the dog by marking their book "Disqualified" and stating the reason. They shall not obtain the opinion of a veterinarian.

The judge must disqualify any dog that attempts to attack any person in the ring. They shall excuse a dog that attacks another dog or that appears dangerous to other dogs in the ring. They shall mark the dog "Disqualified" or "Excused" and state the reason in their judge's book and shall give the Show/Trial Secretary a brief report of the dog's actions which shall be submitted to ASCA with the report of the show or trial.

The owner of any dog which has been excused on two occasions by a Judge for attacking or attempting to attack another dog in the ring will be notified by ASCA that the dog is no longer eligible to be shown in Obedience classes.

When a dog has been disqualified under this section as being blind or having been changed in appearance by artificial means or having attacked or attempted to attack a person in the ring, all awards made to the dog at the trial shall be canceled by ASCA and the dog may not again compete unless and until, following application by the owner to ASCA, the owner has received official notification from ASCA that the dog's eligibility has been reinstated. See complete ASCA Dog Aggression Rules located on the ASCA Website.

Spayed bitches, castrated dogs, monorchid or cryptorchid males, and dogs that have faults which would disqualify them under the standards for their breeds, may compete in Obedience Trials if otherwise eligible under these Regulations.

A dog that is lame in the ring at any Obedience Trial may not compete and shall not receive any score for the class in which it was determined to be lame. It shall be the judge's responsibility to determine whether a dog is lame. They shall not obtain the opinion of a veterinarian. If in the judge's opinion a dog is lame, they shall not score such a dog, and shall mark their book "Excused-lame".

No dog shall be eligible to compete in an Obedience Trial if it is taped or bandaged in any way or if it has anything attached to it for medical or corrective purposes. Such a dog must be immediately excused and under no circumstances may it be returned later for judging after the tape, bandage or attachment has been removed.

No dog shall be eligible to compete if it appears to have been dyed or colored in any way or if the coat shows evidence of chalk or powder, or if the dog has anything attached to it for protection or adornment. Such a dog may, at the judge's sole discretion, be judged at a later time if the offending condition has been corrected.

An obedience judge is not required to be familiar with the breed standards or to scrutinize each dog as in dog show judging but shall be alert for conditions that may require disqualification or exclusion under this section.

1.13 Disturbances

Bitches in season are not permitted to compete except under the specific circumstances detailed below. The judge of an Obedience Trial must remove from competition any bitch in season (unless allowed by the Host Club for that trial), any dog which its handler cannot control, any handler who interferes willfully with another competitor or their dog, and any handler who abuses their dog in the ring and may excuse from competition any dog which they consider unfit to compete, or any bitch which appears so attractive to males as to be a disturbing element.

If a dog or handler is disqualified or excused by a judge, the reason shall be stated in the judge's book or in a separate report.

Bitches in season may compete and will be eligible for all awards at the Nationals Obedience Trial and Obedience Finals. Regular trials may also allow bitches in season (OBIS) to compete, if a club chooses to and if it is specified beforehand in the premium. Clubs allowing OBIS may choose to exempt them from awards. In that case, OBIS will compete, after all run offs and awards are completed, for legs and scores only. If a club does not exempt them from awards, OBIS will compete after all obedience judging is finished with the exception of any run-offs for which the OBIS might be eligible. Any awards or placements for which the OBIS might be eligible will be presented after the OBIS competes.

If a club chooses to allow them in two trials on the same day and specifies this clearly in the premium, bitches in season entered in the first trial will be allowed to run at the end of the first trial and again at the end of the second trial.

Bitches in season must be crated (not placed in an exercise pen) at least 50 feet away from the obedience rings and any designated warm up rings at all times, except when competing. Bitches in season may not use any designated warm up rings within 50 feet of any obedience rings and/or when any warmup rings are being shared with Rally. Bitches in season must wear pants at all times in or within 50 feet of any obedience rings. When it is time for the bitch(es) in season to compete, the team(s) will be allowed to warm up in proximity to the obedience ring(s) for a reasonable amount of time. Handlers must notify the Show/Trial Secretary at least thirty minutes before the start of the trial if they plan to compete with a bitch in season.

1.14 Obedience Ribbons

At Specialty or Sanctioned Obedience Trials the following placement ribbons or rosettes must be offered:

- | | |
|-----------------|--|
| 1. First Place | 5. Qualifying |
| 2. Second Place | 6. High in Trial Dog in the regular classes |
| 3. Third Place | 7. Highest Combined Score in regular classes of Open B and Utility |
| 4. Fourth Place | 8. Highest Scoring Jr. Handler in the regular classes |

The following ribbon colors must be used at a Specialty:

Regular and Optional Titling Classes:

- | | |
|-------------------------|--|
| 1. First Place - Blue | 6. High in Trial Dog in the regular classes - Blue and Gold |
| 2. Second Place - Red | 7. Highest Combined Score in the regular classes of Open B and Utility - Dark Green and Blue |
| 3. Third Place - Yellow | 8. Highest Scoring Jr. Handler in the regular classes - Dark Green and Gold |
| 4. Fourth Place - White | |
| 5. Qualifying - Green | |

Non-Regular Classes:

- | | |
|-------------------------|------------------------------|
| 1. First Place - Rose | 3. Third Place - Light Green |
| 2. Second Place - Brown | 4. Fourth Place - Gray |

Each ribbon or rosette shall be not less than 2 inches wide and at least 8 inches long and shall bear on its face the name of the placement and the name of the Host Club.

Additional ribbons and awards may be offered such as High Scoring Aussie and High Scoring Other Breed but shall not replace High in Trial Dog. The ASCA Logo may be used in awards and ribbons offered by an ASCA affiliate hosting a sanctioned show, trial or agility competition.

1.15 Ribbons and Prizes

Ribbons for the four official placements and all prizes offered for competition within a single Regular or Optional Titling class at Sanctioned Obedience Trials must be awarded only to dogs that earn Qualifying scores. Qualifying scores shall not be required for the awarding of ribbons and prizes in the non-regular classes. Awards for the four placements in these classes shall be based solely on the number of points earned. The ribbon and any prizes offered for the Dog with the Highest Combined Score in Open and Utility at a Trial shall be awarded only to a dog that earns qualifying scores in both Open and Utility.

Prizes at a Specialty or Sanctioned Obedience Trial must be offered to be won outright, with the exception that a prize which requires three wins by the same owner, not necessarily with the same dog, for permanent possession, may be offered for the dog with the highest Qualifying score in one of the Regular classes, or the dog with the highest Qualifying score in the Regular classes, or the dog with the highest combined Qualifying scores in the Open B and Utility classes. Prizes offered only to members of certain clubs or organizations will not be approved for publication in premium lists.

1.16 Highest Scoring Dog in the Regular Classes and the Dog with the Highest Combined Score in Open and Utility

The dog receiving the highest qualifying score in the regular classes (High In Trial - HIT) and the dog receiving the highest combined score in Open B and Utility (High combined - HC) shall be awarded the ribbons/rosettes and any prizes offered for these placements, after announcement of final scores of the last regular class to be judged. The judge shall mark their judge's books to reflect the above-mentioned wins/placements. At a specialty, the show/trial secretary shall mark the catalog to identify the dog receiving these awards.

If a club wishes to offer ribbons/awards for High Scoring Aussie and/or High Scoring Other Breed from the Regular classes, they may do so, PROVIDED THAT THEY ARE NOT OFFERED IN PLACE OF THE High in Trial ribbon/rosette/award. Clubs must be aware that only one dog, regardless of breed, can be awarded the High in Trial placement.

In case of a tie between dogs eligible for either of the above awards, each dog shall be tested again, individually, by having it perform the entire Novice Heel Free Exercise. The judge for a run-off shall be designated by the Show/Trial Secretary from among the Judges of the Obedience Trial. When the run-off has been completed, the judge shall record the results on a special sheet which shall identify the dogs taking part in the run-off by catalog number, class and breed. The judge shall mark their judge's book to identify the dog receiving these awards.

1.17 High Score Junior Handler

The Junior Handler receiving the highest qualifying score in the regular classes shall be awarded the ribbon and any prizes offered for this placement, after the announcement of the final scores of the last Regular class to be judged. The Show/Trial Secretary shall mark the catalog to identify the Junior Handler receiving this award.

In case of a tie between Junior Handlers eligible for the above award, each handler with the same dog that they qualified with, shall be tested again, individually, by having them perform the entire Novice Heel Free Exercise. The judge for a run-off shall be designated by the Show/Trial Secretary from among the Judges of the Obedience Trial. When the run-off has been completed, the judge shall record the results on a special sheet, which shall identify the handlers taking part in the run-off by catalog number and class. The Show/Trial Secretary shall mark the Judge's Book to identify the handler receiving this award.

1.18 Risk

The owner or agent entering a dog in an Obedience Trial does so at their own risk and agrees to abide by all ASCA Rules and Regulations.

1.19 Decisions

At the trial the decisions of the judge shall be final in all matters affecting the scoring and the working of the dogs and their handlers. The Obedience Trial Committee, or the Show Committee, shall decide all other matters arising at the trial, including protests against dogs, subject, however, to the Rules and Regulations of ASCA.

1.20 Excusals and Disqualifications

Dogs that have been disqualified or excused by the judge or Show/Obedience Trial Committee will be removed from further competition. Dogs that have been excused by the official veterinarian to protect the health of the dog and/or the health of other dogs at the trial will be removed from further competition. The excuse by the official veterinarian must be in writing, approved by the Show or Obedience Trial Committee, and submitted to ASCA with the show reports from the trial.

Handlers will be allowed to excuse themselves from competition for any reason. They will notify the judge of their intention and can be excused before, during, or after their individual exercises. They will also be allowed to excuse themselves from performing the group exercises after notifying the judge. If a handler should request to be excused, they should do so in a timely manner so judging will not be adversely affected.

The judge will immediately excuse from further competition, any dog that disturbs, or threatens to disturb another dog during the performance of the group exercises. The judge will clearly note in the judge's book the reason for any excusal.

1.21 Judging Program

Any Affiliate Club holding a Specialty or Sanctioned Obedience Trial with a closed entry date must prepare, after the entries have closed, a program showing the time scheduled for the judging of each of the classes. A copy of this program shall be mailed to the owner of each entered dog and to each judge, and the program shall be printed in the catalog. This program shall be based on the judging of no more than eight Novice entries, seven Open entries, or six Utility entries, per hour during the time the show or trial will be open as published in the premium list, taking into consideration the starting hour for judging if published in the premium list, and the availability of rings. No judge shall be scheduled to exceed this rate of judging. In addition, one-half to one hour for rest or meals must be allowed if, under this formula, it takes more than five hours of actual judging to judge the dogs entered under them. No judge shall be assigned to judge for more than eight hours in one day under this formula, including any breed judging assignment if the Obedience Trial is held in conjunction with a Dog Show.

ASCA affiliate clubs are encouraged to use a variety of approved judges. Any club is allowed to hire any judge once every thirty days. To clarify, two different clubs may hire the same judge within the same thirty-day period even if the clubs are in the same area of the country. However, if the club(s) holds multiple trials during the same cluster of shows, they will be allowed to use the same judge to officiate for multiple trials. It would be desirable for the club(s) to assign different classes (Novice, Open, etc.) to the judges whenever possible. Assignments should be organized so that exhibitors show to as many judges as is practical.

Non-regular classes will always be held after all regular classes have finished and awards for those classes have been distributed. The only exception to this rule will be when there are multiple obedience rings running at the same time, such as at ASCA Nationals and other large shows. Even in the case of the ASCA Nationals, it is suggested that non-regular classes run last if possible.

1.22 Limitation of Entries

A club must clearly state in its premium the entry limit for its trials along with what will happen should such entry limits be reached. Examples include but are not limited to: (a) Entries will be limited to eight hours. If limits are reached, entries will close. (b) Entries will be limited to twenty-five entries for the morning trial and twenty-five entries for the afternoon trial. If limits are reached, we will add a ring and hire an additional judge.

A club may limit entries in either of the following ways: (1) by stating the maximum number of entries per trial or day or (2) by stating the maximum number of hours per trial or day. Trial Secretaries may use the Entries Per Hour table below and/or The ASCA Obedience Judge Time Calculation Worksheet, available on the ASCA Website, to assist in determining when entry limits have been reached.

Entries Per Hour	Class
6	Utility, Wildcard Utility, Versatility
7	Open CDX, Open ODX, Wildcard Open
8	Novice, Graduate Novice, Brace, Seniors, Wildcard Novice, Team
9	Beginner Novice, Sub Novice

A club shall not assign a judge more than eight hours per day of judging, as determined by the Entries Per Hour table or Calculation Worksheet, except when there is a stated agreement by the judge to accept more entries.

If trial entry limits are reached by the pre-entry deadline, preference shall be given to regular and optional titling class entries over entries in any non-regular classes, if offered. For a full-day trial, in which one judge will be assigned only one class, entry limits for Regular classes shall be sixty-four Novice, fifty-six Open, or forty-eight Utility dogs.

An Affiliate club may limit its Sanctioned Obedience Trial to ASCA registered Australian Shepherds only. Prominent announcement of such limits must appear on the title or cover page of the premium list for a Sanctioned Obedience Trial or immediately under the Obedience heading in the premium list for a dog show.

1.23 Additional Judges, Reassignment, Split Classes

If when the entries have closed, it is found that the entry under one or more judges exceeds the limit established in [Section 1.22](#), the club shall immediately secure the approval of the ASCA Business Office for the appointment of one or more additional judges, or for reassignment of its advertised judges, so that no judge will be required to exceed the limit.

If a judge with an excessive entry was advertised to judge more than one class, one or more of their classes shall be assigned to another judge. The class or classes selected for reassignment shall first be any non-regular classes for which they were advertised and shall then be either the Regular class or classes with the minimum number of entries, or those with the minimum scheduled time, which will bring the advertised judge's schedule within, and as close as possible to the maximum limit. If a judge with an excessive entry was advertised to judge only one class, the Show/Trial Secretary shall divide the entry as evenly as possible between the advertised judge and the other judge by drawing lots.

The club shall promptly mail to the owner of each entry affected a notification of any change of judge. The owner shall be permitted to withdraw such entry at any time prior to the date of the show, and the entry fee shall then be refunded. If the entry in any one class is split in this manner, the advertised judge shall judge the run-off of any tie scores that may develop between the two divisions of the class, after each judge has first run off any ties resulting from their own judging.

1.24 Split Classes, Official Ribbons, Prizes

A club which holds a split class, whether the split is announced in the Premium List, or after entries close (because the entries exceed eight hours of judging), shall award ASCA official ribbons in both divisions.

If a split class is announced in the Premium List, duplicate placement prizes may be offered in each division. If prizes are offered for placements in a class that must be split after entries close, duplicate prizes, or prizes of equal value, will also be offered in the additional division of the class.

1.25 Stewards

The judge is solely in charge of their ring until their assignment is completed. Stewards are provided to assist them, but they may act only on the judge's instructions. Stewards shall not give information or instructions to owners and handlers except as specifically instructed by the judge, and then only in such manner that it is clear that the instructions are those of the judge. Handlers may steward in classes other than those in which they are entered.

1.26 Ring Conditions

If the judging takes place indoors the ring should be rectangular and should be about 40 feet wide and 50 feet long for all Obedience Classes. In no case shall the ring for a Utility class be less than 35 x 50 feet, and in no case shall the ring for a Novice or Open class be less than 30 x 40 feet. At an outdoor trial, the rings shall be about 40 feet wide and 50 feet long.

Outside rings should have a clean level surface of grass no more than 1 inch long, or dirt without any mud puddles in the ring area. The rings shall be as near as can be determined by visual inspection, free of rodent or insect colonies, and clean of any animal waste. Insecticides or poisons may not be used to remedy pre-existing conditions on the day of the show. On surfaces such as wood or concrete flooring, which require a non-skid surface, mats under high jump in Open should be a minimum of 16 feet long, with the jump centrally positioned. Matting under the broad jump should be at least the width of the jump - 5 feet. In Utility, mats must run the entire length of the ring in the pattern of the dog's send away and directed jumping. An area surrounding the obedience ring no smaller than 10 feet in any direction shall be cleaned and posted for "no crating or grooming" during the obedience portion of the event.

If inclement weather at an outdoor trial necessitates the judging of Obedience under shelter, ring size requirements may be waived. If such actions are taken a full report must be sent to the ASCA Business Office at the close of the trial.

1.27 Obedience Rings at Dog Shows

At an outdoor Dog Show a separate ring or rings shall be provided for Obedience, and a sign forbidding anyone to permit any dog to use the ring during the entire time of the show except when being judged, shall be set up in each such ring by the Show/Trial Secretary. It shall be their duty as well as that of the Show Committee to enforce this Regulation.

At an indoor show where limited space does not permit the exclusive use of any ring for Obedience, the same Regulation will apply after the obedience rings have been set up. At a Dog Show the material used for enclosing the obedience rings shall be at least equal to the material used for enclosing the breed rings. The ring must be thoroughly cleaned before the obedience judging starts if it has previously been used for breed judging.

1.28 Judge's Report on Ring and Equipment

The Show Coordinator, Show/Trial Secretary and the officials of the club holding the Obedience Trial are responsible for providing rings and equipment that meet the requirements of these Regulations. However, the judge must check the ring

and equipment provided for their use before starting to judge and must report to The ASCA Business Office after the trial any undesirable ring conditions or deficiencies that have not been promptly corrected at their request.

1.29 Boundaries of Show Grounds

The limits are the boundaries of the grounds. Premises constitute a larger area, its boundaries not well defined. It consists of the land, buildings and all parking areas adjacent to and a continuation of the show grounds where an Obedience Trial is held whether held separately or in conjunction with a Dog Show, Stock Dog Trial, Tracking or Tracking Dog Excellent Test, or Agility Trial. Any area inside the limits is on the premises but an area does not have to be within the limits to be considered within the premises.

1.30 Discrimination

Any Affiliate Club that accepts an entry fee other than that published in its premium list or flyer, or in any way discriminates between Owners or Handlers shall be disciplined. The same entry fee shall be charged for all dogs entered in any Regular Class. No Host Club shall offer to any one Owner or Handler any special inducement, such as trophies, reduced entry fees, rebates, additional prize money, or any other concession, for entering any dog(s).

1.31 Submitting Records

After each ASCA sanctioned event, all Judge's Books (Optional Titling, Non-Regular and Regular classes), ASCA Official Entry Forms for all qualifiers, Gross Receipts report, including Event Membership Dues, Sanction Grant, Obedience Show Report must be sent to the ASCA Business Office, postmarked no later than fifteen days after the close of the show. There will be a penalty for noncompliance (see [Schedule of Fees](#)) for each day's delay and such other penalties as may be imposed by the ASCA Board of Directors. The club shall retain all other ASCA official entry forms, except the entry forms listed above, for a period of one year from the date of show.

1.32 Emergency Judge

On the day of the trial, if the judge hired is absent or incapable of judging, the Obedience Chairperson, Obedience Trial Committee or Show Committee shall first ask another obedience judge in attendance to substitute judge. If no other obedience judge is present or willing to be the substitute judge, the official listed above should hire the individual most experienced in obedience trialing and training. A notice announcing the substitution must be posted at ringside. The Substitute Judge form must be complete including an explanation of how the choice was made. A Substitute Judge may compete in any ASCA sanctioned competition held prior to or following the trial for which they are hired as a substitute judge, including same day events. Competitors may request and receive a refund of entry fees if they choose not to show under the emergency judge.

1.33 Back-Up Judge System

Back-Up Judge System: The sanctioned judge (Chief Judge) should notify the club in advance that they wish to enter a dog(s) in an event they are assigned to judge to allow the Host Club time to find a back-up judge. The Host Club can designate a back-up judge if one is available. The Back-Up Judge is an ASCA approved judge who is willing to volunteer their time to judge the Chief Judge at the trial. The Chief Judge shall be the overall authority for judging the event for which they are assigned; a dog owned by the Chief Judge may compete only under the assigned back-up Judge. The Back-Up Judge may only officiate for the Chief Judge. Judges are prohibited from interrupting their judging assignment in order to exhibit. Judges who are exhibiting their dog(s) must either exhibit first before all other entered exhibitors or exhibit last after all exhibitors regardless of which class(es) they are entered in.

Chief Judges may enter their own dogs in the event in which they are assigned only for the purposes of obtaining qualifying scores and titles, and their scores will count toward merit and finals standings. Chief Judges showing under the Back-Up Judge will not be eligible for placements, high in trial, or high combined, nor will their entry be counted toward any limitation on entries for the trial. The back-up judge program may be used at any ASCA sanctioned obedience trial with the exception of ASCA Nationals. The back-up judge program may NOT be used at ASCA Nationals, Finals, or any pre-trials being held during the National Specialty event. The ASCA Obedience Committee will consider its implementation for Nationals and Nationals pre-trials after a two-year trial period (June 2023).

The Back-Up Judge's dog(s) will be eligible for qualifying scores and titles as well as placements and awards in the class(es) they are entered.

Emergency Replacement of Back-Up Judge: Should an assigned Back-Up Judge fail to appear at an event in which they were assigned as the designated Back-Up Judge there will be no emergency replacement of the Back-Up Judge's assignment if there is no other fully licensed judge at the event willing to judge the Chief Judge. In this case, the Chief Judge would be unable to show but would fulfill their judging assignment. If a fully licensed judge is in attendance at an event where the assigned back-up judge did not appear, the judge in attendance may serve as the Back-Up Judge. Clubs must note the change in Back-Up judges and provide a detailed explanation of the circumstances in their event report.

Scoring of Chief Judge by Back-Up Judge: The Chief Judge will be scored on a separate judge's workbook which will be clearly marked "Back-Up Judge System" at the top. This will keep the scores separate from the placements yet allow the ASCA Business Office to enter them into the system for titles, merit awards and finals.

1.34 Event Crisis Judge

1.34.1 SELECTION OF EVENT CRISIS JUDGES

If a temporary shortage of Judges occurs due to any type of natural disaster, war, disease, travel restrictions, etc., temporary Event Crisis Judge(s) may be used when holding ASCA obedience Trials. A crisis must be determined by the ASCA Board of Directors and will remain in place until the ASCA Board of Directors announces to the membership and ASCA Obedience Committee that the crisis is over. Once the crisis is over, any person approved to be an Event Crisis Judge will return to the status held prior to the crisis and will not have an altered path to becoming a Regular Judge.

An ASCA affiliate must submit the Event Crisis Judge (ECJ) Application to the ASCA Obedience Committee Chair in order to use an Event Crisis Judge (ECJ). The ASCA affiliate's request must be submitted before the sanctioning request for that trial is sent to the ASCA Business Office and must be completed by both the ECJ applicant and the ASCA Affiliate. Once the ASCA Obedience Committee approves or denies the ECJ Application, it will be forwarded to the ASCA Business Office. The ASCA Obedience Committee will not be responsible for any late sanctioning as a result of the ECJ approval process.

If an affiliate determines it is necessary for them to request the use of an Event Crisis Judge, each trial or group of trials in a cluster of one or more consecutive days can be requested at the same time. However, each "cluster" will require a new request. For example, a request for a particular person to judge a trial(s) in a cluster of shows held in January will not give that person a blanket approval to be an ECJ for the remainder of the crisis time. If the affiliate wants to request the same person to be an ECJ six months later, a new request will have to be made and credentials within the request updated. If a second request is made, a previously approved ECJ will not be required to complete steps a. and b. outlined below in B. 1. unless it has been more than one year from the previous completion of those steps.

Approval of an ECJ will be chosen in the following order of priority:

1. A person who is already in the process of becoming an ASCA Obedience Judge.
2. A person who has fulfilled the requirements of becoming an ASCA Obedience Judge but has not yet applied to become a judge.
3. A person who has completed a title in the level in which they are applying to at least one dog.

Once the ASCA Obedience Committee recommends approval of an Event Crisis Judge, their name will be forwarded to the ASCA Board of Directors for approval and the ASCA Business Office will be notified.

1.34.2 EVENT CRISIS JUDGE REQUIREMENTS AND RESTRICTIONS

The Event Crisis Judge shall not judge any dog that they own or co-own or that a member of their immediate household or immediate family owns or is currently handling. The Event Crisis Judge's immediate family includes spouse, father, mother, son, daughter, brother, sister, or any person residing with that individual. Immediate family members of an officiating Event Crisis Judge may show under another officiating Judge at the same trial.

Requirements for approval as an Event Crisis Judge are listed below:

1. All Event Crisis Judges are required to pass the most recent Judges' test before moving to step "b" below.
2. All Event Crisis Judges will be required to complete the current online ASCA Obedience Judges Education.

Restrictions for Event Crisis Judges:

A person working as an Event Crisis Judge will not permanently hold the position of an ASCA Obedience Judge in any form. However, if the Event Crisis Judge is qualified under items A-1 or 2 above, they may be allowed to use this experience as a Provisional Judging Assignment if they choose to apply to become an ASCA Obedience Judge when the crisis is over.

1.35 Code of Personal Conduct

According to ASCA's By-Laws, one of the objectives and purposes of the Club is to do all in its power to protect and advance the interests of the Australian Shepherd as a purebred dog and to encourage sportsmanlike competition at dog shows, working and obedience trials, tracking tests/trials and at any other event where Australian Shepherds participate. Contestants, event workers, judges, and visitors are expected to maintain a family-oriented, sportsmanlike atmosphere. Judges and workers are expected to exhibit professionalism and courtesy. Competitors are expected to conduct themselves at the highest level of sportsmanship.

1.35.1 PERSONAL CONDUCT AND SPORTSMANSHIP AT ASCA EVENTS

ASCA has the right to reprimand or suspend its members, contestants, judges, helpers, and officials, from any or all privileges of ASCA for conduct prejudicial to the best interests of the Australian Shepherd, ASCA events or ASCA. ASCA has the right to remove from its show grounds any visitors who violate its code of conduct. Everyone at an ASCA event shall maintain the highest level of sportsmanship and are to conduct themselves accordingly. Foul/ abusive language, yelling at exhibitors or judges, disorderly conduct, and/or poor sportsmanship will not be allowed and will be disciplined.

Poor Sportsmanship is grounds for discipline. This includes purposeful harassment and bullying. If poor conduct occurs, an Affiliate or the ASCA Board of Directors may take direct action, even if no formal request for conflict resolution is filed. If a representative of the Affiliate (Show Secretary, President, other Officer, etc.) witnesses improper conduct, the Affiliate should remove the disruptive individual(s) from the event grounds for the entire show/trial weekend. Any other person observing poor sportsmanship should file a Request for Conflict Resolution, making the behavior in question subject to the ASCA Conflict Resolution Protocol.

The presiding Judge/Judges is/are responsible for enforcing the preceding within the ring/trial arena. The Event Committee is responsible for enforcing the preceding outside the ring/trial arena and within the Show Grounds.

For enforcement, the following definitions apply:

Boundaries of Ring/Trial Arena and Show Grounds:

- A. **RING/TRIAL ARENA:** The ring/trial arena is the bounded area in which judging of an event occurs and over which the Judge has authority. The boundary is defined by physical barriers plus a buffer zone extending 10 feet from such physical barriers.
- B. **SHOW GROUNDS:** The Show Grounds are the boundaries of the grounds on which ASCA events are held. They include, but are not limited to, all areas outside the ring/trial arena (including the buffer zone) set aside to support the conduct of the event.

1.36 Communicable Disease

No dog is eligible to compete at any show, no dog shall be brought into the grounds or premises of any dog show, and any dog which may have been brought into the grounds or premises of a dog show shall immediately be removed, if it:

1. Shows clinical symptoms of canine influenza, distemper, infectious hepatitis, parvovirus, leptospirosis, kennel cough or other communicable disease, or
2. Has been confirmed by a veterinarian to have a communicable disease within thirty days prior to the opening of the show, or
3. Has been kenneled within thirty days prior to the opening of the show in a household in which there were veterinarian-confirmed cases of canine influenza, distemper, infectious hepatitis, leptospirosis, kennel cough or other communicable disease.

The ASCA Board of Directors reserves the right to call a quarantine if the situation warrants. The length and details of such quarantine will vary depending on the specific disease and the gravity of the situation.

Protocol for Communicable Disease Notification:

1. In the event that a Host Club is made aware of a dog exhibiting symptoms of a communicable disease, the Host Club will in turn investigate, following the steps outlined in the ASCA Conflict Resolution Protocol, observe the dog, and, if warranted, remove the dog. Dogs that within thirty days prior to the show have traveled or have been kenneled with a dog exhibiting symptoms may also be removed. In the case of removal of a dog(s), the Affiliate shall immediately report it to the ASCA Board via the Executive Secretary by emailing the Affiliate Health and Safety Report. The Affiliate Club shall provide a copy of the report to the owner of the dog(s).
2. Owners who believe that their dogs have contracted a communicable disease while at an ASCA event or have attended an ASCA event within the incubation period of a communicable disease should report the illness to the ASCA Board of Directors by contacting the Executive Secretary and submitting the Owner's Health and Safety Report form. All reports will be kept confidential.
3. Reports received by the ASCA Board will be investigated by an assigned Director, per normal Board procedure, to assess the extent of the communicable disease risk. The assigned Director will investigate and will report findings and a recommendation to the Board within three working days.
4. In instances of reported cases of communicable disease during or following the ASCA National Specialty, ASCA will send out a notice to the membership through its official means of communication, notifying members of the report of the disease and providing educational information concerning the disease in question. Affiliate clubs scheduling events within thirty days of the ASCA National Specialty should be aware of possible financial losses if a quarantine is necessary.
5. The owner of a dog that has been in contact with another dog which has been confirmed by a veterinarian to have a Communicable Disease will be required to provide Veterinarian documentation to the ASCA Affiliate or the

ASCA National Specialty Committee in order to receive an entry refund. This rule will be in force prior to or after the close of entries.

Chapter 2. Regulations for Performance and Judging

2.1 Standardized Judging

Standardized judging is of paramount importance. Judges are not permitted to inject their own variations into the exercises but must see that each handler and dog executes the various exercises exactly as described in these Regulations. A handler who is familiar with these Regulations should be able to enter the ring under any judge without having to inquire how the particular judge wishes to have any exercise performed, and without being confronted with some unexpected requirement.

2.2 Standard of Perfection

The judge must carry a mental picture of the theoretically perfect performance in each exercise and score each dog and handler against this visualized standard which shall combine the utmost in willingness, enjoyment and precision on the part of the dog, and naturalness, gentleness, and smoothness in handling. Speed is not to be considered as the equivalent to willingness and enjoyment. Lack of willingness or enjoyment on the part of the dog must be penalized, as must lack of precision in the dog's performance, roughness in handling, and military precision or peremptory commands by the handler. There shall be no penalty of less than one-half (½) point or multiple of one-half (½) point.

2.3 Qualifying Performance

A judge's certification in their judge's book of a Qualifying score for any particular dog constitutes their certification to the ASCA Show/Trial Secretary that the dog on this particular occasion has performed all of the required exercises at least in accordance with the minimum standards and that its performance on this occasion would justify the awarding of the obedience title associated with the particular class. A Qualifying score must never be awarded to a dog whose performance does not meet the minimum requirements, not to a dog that shows fear or resentment, or that relieves itself at any time while in the ring for judging, nor to a dog whose handler disciplines it or abuses it in the ring or carries or offers food, toys, or bait bags in the ring.

In deciding whether a faulty performance of a particular exercise by a particular dog warrants a Qualifying score, the judge shall consider whether the awarding of an obedience title would be justified if all dogs in the class performed the exercise in a similar manner. The judge must not give a Qualifying score for the exercise if they decide that it would be contrary to the best interests of the sport if all dogs in the class were to perform the same way.

2.4 Judge's Directions

The judge's orders and signals should be given to the handlers in a clear and understandable manner, but in such a way that the work of the dog is not disturbed. Before starting each exercise, the judge shall ask "Are you ready?"

At the end of each exercise the judge shall say "Exercise finished." Each dog must be worked and judged separately except for the Group exercises. The judging of an exercise will begin when the judge gives the first order, not before.

2.5 No Added Requirements

No judge shall require any dog or handler to do anything, nor penalize a dog or handler for failing to do anything that is not required by these Rules and Regulations.

2.6 A and B Classes and Different Breeds

The same methods and standards must be used for judging and scoring the A and B classes, and in judging and scoring the work of dogs of different breeds.

2.7 Interference and Double Handling

A judge who is aware of any assistance, interference, or attempt to control a dog from outside the ring, must act promptly to stop such double handling or interference, and shall penalize the dog substantially or, if in the judge's opinion the circumstances warrant, shall give the dog a score of non-qualifying (NQ) for the exercise during which the aid was received.

2.8 Re-Judging

If a dog has failed in a particular part of an exercise, it shall not ordinarily be re-judged nor given a second chance; but if in the judge's opinion the dog's performance was prejudiced by peculiar and unusual conditions, the judge may at their own discretion re-judge the dog on the entire exercise. Should the judge find it necessary to re-judge a dog or dogs from the

Group exercises, the dog or dogs shall be re-judged with the next scheduled group within that class. The limits on the number of dogs allowed in the ring for the group exercise contained in [Section 3.15](#) shall apply. Should there be no further group within that class, the dog or dogs to be re-judged shall immediately do the exercises alone. The dog(s) involved will be re-judged only on the exercise in question.

2.9 Ties

In case of a tie for any prize in all classes except the Beginner Novice and Sub-Novice classes, each dog shall be tested again, individually, by having it perform the entire Novice Heel Free exercise. The original score and any placement and/or leg the team won shall not be changed regardless of the outcome of the run off. This includes, but is not limited to, events such as a dog fouling the ring.

2.10 Judge's Book and Score Sheets

The judge or their designated steward must enter the number of points deducted from each exercise in the official judge's book immediately after each dog has been judged on the individual exercises. An "NQ" should be recorded in the proper box and in the Total Score column for any dog who fails to qualify in that exercise. This is to be completed before the next dog is judged. Scores for the Group Exercises and qualifying total scores will be entered in the official judge's book immediately after each group of dogs has been judged. No score may be changed except to correct a mathematical error or if a score is entered in the wrong column.

All final scores, after review and approval by the judge, must be entered in the judge's book before prizes are awarded. No person other than the judge may make any entry in the judge's book except the judge's designated steward who may enter scores only. Judges may use separate score sheets for their own purposes but shall not give out nor allow exhibitors to see such sheets, nor give out any other written scores, nor permit anyone else to distribute score sheets or cards prepared by the judge. The Show/Trial Secretary shall make available copies of the sheets from the official Judge's Book for examination by the owners and handlers immediately after the prizes have been awarded in each class.

It will be mandatory at all ASCA sanctioned Obedience Trials for the Obedience Trial or Show Committee to prepare an Australian Shepherd Club of America, Unofficial Score Sheet for regular obedience classes for each exhibitor that requests one the day of the trial. The Unofficial Score Sheet will be made available after the prizes are awarded only and must contain no more information than is shown in the Judges book or that is itemized on the score sheet itself.

2.11 Announcement of Scores

The judge shall not disclose any score or partial score to contestants or spectators until they have completed the judging of the entire class or, in the case of a split class, until they have completed the judging of their division; nor shall they permit anyone else to do so. Immediately following the final exercise for any class, the judge shall inform all handlers whether or not they qualified. After all the scores are recorded for the class, or for the division in the case of a split class, the judge shall call for the available dogs that have earned Qualifying scores to be brought into the ring. Before awarding the prizes, the judge shall inform the spectators as to the maximum number of points for a perfect score and shall then announce the score of each prize winner and announce to the handler the score of each dog that has earned a Qualifying score.

2.12 Explanations and Errors

The judge is not required to explain their scoring and need not enter into any discussion with any contestant who appears to be dissatisfied. However, after prizes have been awarded and the Judge's book turned in, the judge is encouraged but not required to discuss the scoring with the exhibitor. Any interested person who thinks that there may have been a mathematical error or an error in identifying a dog may report the facts to one of the stewards or to the Show/Trial Secretary so that the matter may be checked. Argumentative or unsportsmanlike conduct by an exhibitor may be subject to sanctions.

2.13 Compliance with Regulations and Standards

In accordance with the certification on the entry form, the handler of each dog and the person signing each entry form must be familiar with the Obedience Regulations applicable to the class in which the dog is entered.

2.14 Handicapped Handlers

The Australian Shepherd Club of America strives to provide an opportunity for everyone to participate in its events. As such, a judge may modify the judging requirements to accommodate a physically challenged handler.

Judges may modify the specific requirements of these Regulations to the extent necessary to permit physically challenged handlers to compete, provided such handlers can move about the ring without physical assistance or guidance from another person except for the Judge or Steward. Blind handlers may have a Steward assist them in individual and group

exercises. The primary function of exhibiting the dog is the responsibility of the handler and not the assistant. A physically challenged handler may compete using a cane, crutch, wheelchair, or other mobility device.

Dogs handled by such handlers shall be required to perform all parts of all exercises as described in these Rules and Regulations and shall be penalized for failure to perform any part of an exercise.

2.15 Catalog Order

Dogs should be judged in catalog order to the extent that it is practical to do so without holding up the judging in any ring. Judges are not required to wait for dogs for either the individual exercises or the Group exercises. It is the responsibility of each handler to be ready with their dog at ringside when required, without being called. The judge's first consideration should be the convenience of those exhibitors who are at ringside with their dogs when scheduled, and who ask no favors.

A judge may agree on request in advance of the scheduled starting time of the class, to judge a dog earlier or later than the time scheduled by catalog order. However, a judge should not hesitate to mark absent and to refuse to judge any dog and handler that are not at ringside ready to be judged in catalog order if no arrangement has been made in advance.

2.16 Use of Leash

All dogs shall be kept on leash except when in the obedience ring or exercise ring. Dogs should be brought into the ring and taken out of the ring on leash. Dogs may be kept on leash in the ring when brought in to receive awards, and when waiting in the ring before and after the Group exercises. The leash shall be left on the judge's table or other designated place, between the individual exercises, and during all exercises except the Heel on Leash and Group exercises. The leash must be of fabric or leather and, in the Novice classes, must be 6 feet in length for the Group Exercises and needs to be of sufficient length to provide adequate slack in the Heel on Leash exercise.

2.17 Collars

Dogs in the obedience ring must wear a collar. The collar may be of a buckle, slip or martingale type. Buckle collars with the buckle made of metal or plastic with or without a tongue must be used. Slip collars of an appropriate single length of leather, fabric or chain with two rings, one on each end are acceptable. Martingale collars may be of any combination of chain, fabric or leather. Collars made of leather, fabric or chain, may be of any color, decorations may be stamped into leather or fabric. Dog's name and/or title may not be on the collar. Special training collars (prong or spikes on the inside or outside, electronic collars) or collars which are either too tight or so large that they hang down unreasonably in front of the dogs, are not permitted. There shall not be anything hanging from the collars.

2.18 Heel Position

The Heel position as used in these Regulations, whether the dog is sitting, standing, lying down, or moving at heel, means that the dog shall be straight in line with the direction in which the handler is facing, at the side of the handler's left leg without crowding, permitting the handler freedom of motion at all times. The area from the dog's head to shoulder shall be in line with the handler's left hip.

2.19 Hands

In exercises in which the dog is required to heel off leash (free), one of the options listed shall be followed: (1) The handler's arms and hands shall move naturally at their sides while in motion and hang naturally at their sides when stopped, or (2) the handler's right hand and arm shall move naturally at their side while their left hand shall be held against and centered in front of the body in the area of the waist. The left forearm shall be carried, as much as possible, against the body. In any of the above situations, the hands and arms may be adjusted during the fast portion of the exercise, in order to maintain balance.

Hand position, other than during the fast, must remain constant during the heeling exercise, except if a hand signal is used to begin heeling. In that case, an acceptable hand gesture is allowed instead of a verbal command. After the hand gesture is made, the hand must return to one of the acceptable positions. There shall be a minor to substantial deduction if the hands and arms are not carried in one of the positions stated above.

In all exercises in which the dog is required to 'Come to' or 'Return to' the handler and 'Sit in Front', the handler's arms and hands shall hang naturally at their sides while the dog is coming in and until the dog has sat in front. A substantial deduction shall be made if a handler's arms and hands are not hanging naturally at their sides while the dog is coming in and until the dog has sat in front.

2.20 Commands and Signals

Whenever a command or signal is mentioned in these Rules and Regulations, a single command or signal only may be given by the handler and any extra commands or signals must be penalized; except that whenever the Rules and

Regulations specify "command and/or signal" the handler may give either one or the other or both command and signal simultaneously. When a signal is permitted and given, it must be a single gesture with one arm and hand only, and the arm must immediately be returned to a natural position. Delay in following a judge's order to give a command or signal must be penalized, unless the delay is directed by the judge because of some distraction or interference.

Signaling correction to a dog is forbidden and must be penalized. Signals must be inaudible, and the handler must not touch the dog. Any unusual noise or motion may be considered to be a signal. Position of the arms and hands and movements of the body that aid the dog shall be considered additional signals except that a handler may bend the body and knees as far as necessary to bring their hand on a level with the dog's eyes in giving a signal to a dog in the Heel position, and that in the 'Directed Retrieve' exercise the body and knees may be bent to the extent necessary to give the direction to the dog. Whistling or the use of a whistle is prohibited.

The dog's name may be used once immediately before any verbal command or before a verbal command and signal when these Regulations permit command and/or signal. The name shall not be used with any signal not given simultaneously with a verbal command. The dog's name, when given immediately before a verbal command, shall not be considered as an additional command, but a dog that responds to its name without waiting for the verbal command shall be scored as having anticipated the command. The dog should never anticipate the handler's directions but must wait for the appropriate commands and/or signals. Moving forward at the heel without any command or signal other than the natural forward movement of the handler's body, shall not be considered as anticipation. Loud commands by handlers to their dogs create a poor impression of Obedience and should be avoided. Shouting is not necessary even in a noisy place if the dog is properly trained to respond to a normal tone of voice. Commands that in the judge's opinion are excessively loud will be substantially penalized.

An extra command and/or signal in any non-principal part of an exercise does not, in itself, constitute a failing score or non-qualifying (NQ).

2.21 Additional Commands or Signals

If a handler gives an additional command or signal not permitted by these Regulations, either when no command or signal is permitted, or simultaneously with or following a permitted command or signal, or if they use the dog's name with a permitted signal but without a permitted command, the dog shall be scored as though it had failed completely to perform that particular part of the exercise. Luring is considered an additional command or signal. Luring is the appearance of having a reward in hand and/or leading the dog with an extended hand or finger for an extended period of time. An example of this is holding the thumb and first two fingers together as if holding a treat or balling the hand into a fist. No treat need be present.

2.22 Praise

Praise and petting are allowed between and after exercises, but points must be deducted from the total score for a dog that is not under reasonable control while being praised. A handler shall not carry or offer food, toys, or bait bags in the ring. There shall be a substantial penalty for any dog that is picked up or carried at any time in the obedience ring.

2.23 Handling between Exercises

In the Novice classes the dog may be guided gently by the collar between exercises and to get it into proper position for an exercise. No other physical guidance, such as placing the dog in position with the hands or straightening the dog with the knees or feet, is permitted and shall be substantially penalized even if occurring before or between the exercises. In the Open and Utility classes, there shall be a substantial penalty for any dog that is physically guided at any time or that is not readily controllable. Posing for examination and holding for measurement are permitted. Imperfections in heeling between exercises will not be judged. Minor penalties shall be imposed for a dog that does not respond promptly to its handler's commands or signals before or between exercises in the Open and Utility classes.

2.24 Orders and Minimum Penalties

The orders for the exercises and the standards for judging are set forth in the following chapters. The list of faults is not intended to be complete. Minimum penalties are specified for most of the more common and serious faults. There is no maximum limit on penalties. A dog, which makes none of the errors listed, may still fail to qualify or may be scored non-qualifying (NQ) for other reasons.

2.25 Misbehavior

Any display of fear or nervousness by the dog, or any uncontrolled behavior of the dog such as snapping, barking, or running away from its handler, whether it occurs during an exercise, between exercises, or before or after judging, must be penalized according to the seriousness of the misbehavior, and the judge may excuse the dog from further competition in the class. If such behavior occurs during an exercise, the penalty must first be applied to the score for that exercise. Should the penalty be greater than the value of the exercise during which it is incurred, the additional points shall be

deducted from the total score under Misbehavior. If such behavior occurs before or after the judging or between exercises, the entire penalty shall be deducted from the total score. In any ASCA class (Regular, Optional Titling, or Non-Regular) at any trial (including Nationals and Finals), any dog that fouls the ring while in the ring for judging shall lose all allowable points for that class (Sub-Novice 160; other classes 200 points.) In the case of Team competition, any dog that fouls the ring will lose the total 200 points while the other dogs will continue to be judged. At the judge's discretion, a dog that fouls the ring may be excused from further competition.

The judge must disqualify any dog that attempts to attack any person in the ring and must excuse a dog that attacks another dog or that appears dangerous to other dogs in the ring.

2.26 Training and Warm-Up on the Show Grounds

There shall be no drilling nor intensive or abusive training of dogs on the grounds or premises at a Specialty or Sanctioned Obedience Trial. All dogs shall be kept on lead except when in the obedience ring or exercise ring. Special training collars shall not be used on the grounds or premises at an Obedience Trial.

These requirements shall not be interpreted as preventing a handler from moving normally about the grounds or premises, nor from warming up their dog using any exercise performed in the obedience ring, provided that the dog is on a lead being held by the handler. The warmup should be performed away from the obedience ring and must not be disruptive to any other person or dog. Physical or verbal disciplining of dogs shall not be permitted except to a reasonable extent in the case of an attack on a person or another dog. Practice rings may be provided at the discretion of the show-giving club but are not mandatory. The show-giving club will post signs in clear view that will state: No intensive or abusive training will be tolerated. This sign will further state that anyone who is witnessed violating this privilege, as testified by two people, will be subject to disciplinary action under the ASCA Conflict Resolution Protocol. The sign will further say that anyone witnessing such intensive or abusive training should report such to the show or obedience chairman or another club member. Any person accused by two witnesses of violating the rules in this section will be dealt with promptly, during the trial, if possible, after the offender has been notified of the specific charges against them, and has been given an opportunity to be heard in their own defense in accordance with the ASCA Conflict Resolution Protocol. Show or Obedience Trial Committee, shall be responsible for compliance with this section, and shall investigate any reports of infractions.

2.27 Training and Disciplining in the Ring

The judge shall not permit any handler to train their dog by excessive verbal commands or by moving toward the dog to correct it in any way, nor to practice any exercise in the ring either before or after they are judged and shall excuse from further competition in the class any dog whose handler disciplines it in the ring shall be excused from further competition in the class and shall not receive a Qualifying score. Any abuse of a dog in the ring must be immediately reported by the judge to the Show or Obedience Trial Committee for action under the ASCA Conflict Resolution Protocol.

If a dog does not perform an exercise in the way a handler desires, the handler will be allowed to use Fix and Go to retry a single individual exercise or one part of a two-part exercise (i.e., Heel on Leash and Figure 8 or Directed Jumping). The handler will announce, "Fix and Go" to the judge immediately after performing the exercise that they want to retry. If a jump needs to be reset, it will be set to its original height. The judge will call the orders for the reattempted exercise as described in this rulebook. The handler may help the dog with additional commands and/or signals, verbal encouragement and praise. In addition, the handler may approach the dog in a friendly, positive manner, without touching the dog. Judges must immediately excuse a handler who uses any harsh verbal or physical corrections. The team must immediately leave the ring with the dog on leash after the Fix and Go. Use of the Fix and Go will result in a non-qualifying (NQ) score.

2.28 Abuse of Dogs

The Show or Obedience Trial Committee shall investigate any reports of abuse of dogs on the grounds or premises of a Specialty or Sanctioned Obedience Trial. Any person who, at a Specialty or Sanctioned Obedience Trial conducts himself in such manner or in any other manner prejudicial to the best interests of the sport, or who fails to comply with the requirements of [Section 2.26](#), shall be dealt with promptly, during the trial if possible, after the offender has been notified of the specific charges against them, and has been given an opportunity to be heard in their own defense in accordance with the ASCA Conflict Resolution Protocol.

2.29 Discipline

See the ASCA Conflict Resolution Protocol on the ASCA Website.

Chapter 3. Novice

3.1 Novice A Class

The Novice A class shall be for dogs not less than six months of age that have not earned the CD title from any registry. A handler must own or co-own the dog entered or be a member of the owner's household or immediate family and cannot have previously handled or regularly trained a dog that has earned a CD title from any registry in order to be eligible to enter or handle any dog in the Novice A class, nor may a dog be handled in this class by such person. No dog may be entered in both the Novice A and Novice B classes at any one trial.

More than one dog may be shown by the handler provided the handler has not placed a CD title on a dog from any registry and the dog does not have a CD title from any registry. The same person who handles the dog in the individual exercises must handle the dog in the group exercises, with the following exception. Each dog in this class must have a different handler during sits and downs when judged in the same group; this additional handler for the group exercises need not be a member of the owner's household or immediate family.

A dog may continue to be shown in Novice A for 180 days following notification by three judges, two of whom are different, that the requirements for a CD have been completed. After the 180-day grace period is over the team must move out of Novice A. The team can move to Novice B and remain there until they receive a HIT, after the 180-day grace period, OR earn an Open leg. Failure to move out of Novice A will result in the loss of all wins, placements, scores, prizes, etc. earned beyond the grace period.

3.2 Novice B Class

The Novice B class shall be for dogs not less than six months of age that do not qualify for Novice A. Dogs in this class may be handled by the owner or any other person (this includes people that have never placed a CD on a dog from any registry). A person may handle more than one dog in this class, but each dog must have a separate handler for the group exercises when judged in the same group. No dog may be entered in both Novice A and Novice B classes at any one trial. A dog that earns the CD title from the Novice B class can continue to be shown in Novice B for 180 days following notification by three judges, two of whom are different, that the requirements for a CD have been completed. After the 180-day grace period is over, the team may continue to compete in Novice B until they earn a qualifying score in Open OR receive HIT. If a Novice team earns HIT after the 180-day grace period has expired, they are required to move on to the next class for which they are eligible. Failure to move on will result in the loss of all wins, placements, scores, prizes, etc. which may be earned from the Novice B class beyond the grace period. Dogs may not compete in both Novice and Open at the same trial.

3.3 Novice C Class

The Novice C class shall be for dogs not less than six months of age that have earned the CD title. The Novice C class will be run after the Novice B and A classes and stay groups can be combined with the B and A classes. Dogs in this class may be handled by the owner or any other person. A person may handle more than one dog in this class, but each dog must have a separate handler for the group exercises when judged in the same group. Dogs may be shown in any other Regular, Optional Titling, or Non-regular class for which they are eligible at the same trial. **No dog may enter Novice C and any other Regular or Optional Titling class at any one trial. Effective June 1, 2023.** Dogs in Novice C are not eligible for HIT, High Scoring Junior, Novice Merit awards or Novice Finals. Dogs may show in Novice C indefinitely. No titles are earned from Novice C.

3.4 Novice Exercises and Scores

The exercises and maximum scores in the Novice classes are:

Exercises	Maximum Scores
1. Heel on Leash and Figure 8	40 points
2. Stand for Examination	30 points
3. Heel Free	40 points
4. Recall	30 points
5. Sit Stay - Get Your Leash	30 points
6. Long Sit and Long Down	30 points
Maximum Total Score	200 points

3.5 CD Title

ASCA will issue a Companion Dog certificate to a dog with ASCA registration or a QTracker number and will permit the use of CD after its name, when it has received three qualifying scores in Novice A and/or B awarded by at least two judges.

3.6 Heel on Leash and Figure 8

The principal feature of this exercise is the ability of the dog and handler to work as a team. Orders for the exercise are "Forward," "Halt," "Right turn," "Left turn," "About turn," "Slow," "Normal," and "Fast." "Fast" signifies that the handler must run; the handler and dog must move forward at noticeably accelerated speed. In executing the About turn, the handler will always do a right About turn. Orders for Halts and Turns will be given only when the handler is moving at the Normal speed. The orders may be given in any sequence and may be repeated as necessary, but the judge shall attempt to standardize the heeling pattern for all dogs in any class.

The leash may be held in either hand or both hands, providing the hands are held in a natural position, or in one of the positions defined in [Section 2.19](#). However, any tightening or jerking of the leash or any act, signal, or command which in the judge's opinion gives the dog assistance shall be penalized.

The handler shall enter the ring with the dog on a loose leash and stand with the dog sitting in the "Heel" position. The judge shall ask if the handler is ready before giving the order, "Forward." The handler may give a command or signal to Heel and shall walk briskly and in a natural manner with the dog on a loose leash. The dog shall walk close to the left side of the handler without swinging wide, lagging, forging or crowding. Whether heeling or sitting, the dog must not interfere with the handler's freedom of motion at any time. At each order to "Halt," the handler will stop, and the dog shall sit straight and promptly in the "Heel" position without command or signal and shall not move until the handler again moves forward on order from the judge. It is permissible after each Halt, before moving again, for the handler to give a command or signal to Heel. The judge shall say, "Exercise finished," after this portion of the exercise.

Tall cones between 17 to 37 inches tall and no more than 15 feet wide at the base will be used for the Figure 8 posts. Cones are to remain in the ring during the Novice class and must be located so as to not interfere with other exercises in the class.

Before starting the Figure 8 the judge shall ask if the handler is ready. Figure 8 signifies that on specific orders from the judge to "Forward" and "Halt," the handler and dog, from a starting position about equidistant from the two cones and facing the judge, shall walk briskly twice completely around and between the two cones that are placed 8 feet apart. The Figure 8 in the Novice classes shall be done on leash. The handler may choose to go in either direction. There shall be no "About turn" or "Fast" or "Slow" in the Figure 8, but the judge must order at least one "Halt" during and another "Halt" at the end of this portion of the exercise.

3.7 Heel on Leash and Figure 8, Scoring

If a dog is unmanageable, or if its handler constantly controls its performance by tugging on the leash or adapts pace to that of the dog, the dog must be scored non-qualifying. Substantial deductions shall be made for additional commands or signals to heel and for failure of dog or handler to noticeably accelerate forward for the Fast and noticeably decelerate speed forward for the Slow. Substantial or minor deductions shall be made for such things as lagging, heeling wide, forging, crowding, poor sits, failure to sit when handler halts, handler failing to walk at a brisk pace, occasional guidance with leash, crowding or bumping cone, and other imperfections in heeling. Substantial or minor deductions shall be made for hand and arm positions that deviate from those allowed in [Section 2.19](#).

In scoring this exercise the judge shall accompany the handler at a discreet distance so that any signals or commands given by the handler to the dog may be observed. The judge must do so without interfering with either dog or handler.

3.8 Stand for Examination

The principal features of this exercise are that the dog stands in position before and during the examination, and that the dog displays neither shyness nor resentment. Orders are "Stand your dog and leave when you are ready," "Back to your dog," and "Exercise finished." There will be no further command from the judge to the handler to leave the dog.

After the Figure 8 and the judge's order "Exercise finished," the judge will direct the handler to remove the leash and either place it at the designated location or give it to a steward to place at the designated location before setting up for the Stand for Exam. The handler will take the dog to the place indicated by the judge, and on judge's order the handler will stand and/or pose the dog off leash by the method of their choice, taking any reasonable time to pose the dog as in the show ring. When ready, the handler will stand with the dog in the heel position and command and/or signal the dog to stay, walk forward about 6 feet in front of the dog, turn around and stand facing the dog.

The judge shall approach the dog from the front, and shall touch only the dog's head, body and hindquarter, using the fingers and palm of one hand only. The judge shall then order, "Back to your dog," whereupon the handler shall walk around behind the dog and return to the "Heel" position. The dog must remain standing until after the judge has said "Exercise Finished."

3.9 Stand for Examination, Scoring

The scoring of this exercise will not start until the handler has given the command and/or signal to Stay, except for such things as rough treatment of the dog by its handler or active resistance by the dog to its handler's attempts to make it stand. Either of these shall be penalized substantially.

A dog shall be scored non-qualifying (NQ) if it displays shyness or resentment, growls or snaps at any time, sits or lies down before or during the examination, or moves away from the place where it was left either before or during the examination. Minor or substantial deductions, depending on the circumstance, shall be made for a dog that moves its feet at any time or sits or moves away after the examination has been completed.

3.10 Heel Free, Performance and Scoring

This exercise shall be executed in the same manner as Heel on Leash and Figure 8 except that the dog shall be off leash and that there shall be no Figure 8. For permitted arm and hand positions, see [Section 2.19](#). Orders and scoring shall also be the same.

3.11 Recall

The principal features of this exercise are that the dog stays where left until called by its handler and that the dog responds promptly to the handler's command or signal to come. Orders are "Leave your dog," "Call your dog," and "Finish." On order from the judge, the handler may give command and/or signal to the dog to "Stay in the Sit" position while the handler walks forward about 35 feet to the other end of the ring, turns, and stands in a natural manner facing the dog. On judge's order or signal, the handler will give command or signal for the dog to come. The dog must come directly in at a brisk trot or gallop and sit straight, centered immediately in front of the handler's feet, close enough that the handler could readily touch its head without moving either foot or having to stretch forward. The dog must not touch the handler or sit between the handler's feet.

On judge's order the handler will give command or signal to Finish, and the dog must go smartly to the Heel position and sit. The manner in which the dog finishes shall be optional with the handler provided that it is prompt and that the dog Sit straight at Heel.

3.12 Recall, Scoring

A dog must receive a score of non-qualifying (NQ) for the following: not Staying without additional command or signal, failure to "Come" on the first command or signal, moving from the place where left before being called or signaled, not sitting close enough so that the handler could readily touch its head without stretching or moving either foot. Substantial deductions shall be made for a slow response to the Come, varying with the extent of the slowness; failure of the dog to come at a brisk trot or gallop; for the dog's standing or lying down instead of waiting in the Sit position; for failure to Sit in Front; failure to Finish or Sit at Heel; or for an extra command or signal to Sit or Finish. Minor or substantial deductions shall be made depending on the specific circumstances in each case for failure to come directly in to the handler or touching the handler. Minor deductions shall be made for slow or poor "Sits" or for "Finishes" which are not prompt or smart, ~~for touching the handler on coming in~~ or while finishing, and for sitting between the handler's feet. **Effective June 1, 2023.**

3.13 Sit Stay - Get Your Leash

The principal feature of this exercise is that the dog remains in the sit position. The Orders are: "Sit your dog," "Leave your dog to get your leash," and "Back to your dog." The judge will instruct the handler or steward to place the leash at the designated location after the Heel on Leash and Figure 8 exercise. The handler and dog will be positioned at least 30 feet from and facing the direction of the gate entrance. The handler will stand with the dog sitting in heel position in a place designated by the judge. The judge will ask "Are you ready?" before giving the first order. On the judge's order to "sit your dog," the handler may command and/or signal the dog to sit without touching either the dog or the dog's collar. On further order to "Leave your dog and get your leash," the handler may give a command and/or signal to stay and will walk forward immediately to the place designated by the judge for the leash, pick up the leash, turn, and face the dog. The handler will wait for the judge to give the order "Back to your dog." The handler must return directly, walking around and in back of the dog to heel position. The dog should not move from the sitting position until after the judge has said "Exercise finished." The judge will tell the handler "Attach your leash and maintain control of your dog." The handler is then required to exit the ring with the dog under control and without jumping, tugging or pulling on the leash.

3.14 Sit Stay - Get Your Leash, Scoring

A non-qualifying score (NQ) is required for the following: The dog barking or whining repeatedly during the exercise, moving a substantial distance away from where it was left during the exercise, or not remaining in the sit position until the judge says, "Exercise Finished." Substantial deductions should be made for a dog that moves a short distance from where

it was left in sit position, or a dog that barks or whines only once or twice. A substantial deduction should be made for a dog that does not remain under control while leaving the ring.

3.15 Group Exercises

The principal feature of the group exercises is that the dogs remain in the position required. Orders are: "Sit your dogs" or "Down your dogs," "Leave your dogs," and "Back to your dogs." Groups in the ring for Group Exercises must include no more than seven dogs spaced a minimum of 6 feet apart. If there are more than seven dogs competing, the judge will divide the class into approximately equal sections. At the discretion of the judge, groups can be combined or separated. For Novice Finals only, with seven or fewer dogs competing, dogs will be lined up on one long side of the ring; with eight to ten dogs competing, dogs will be lined up in two facing rows, with up to five dogs lined up on each of the long sides of the ring positioned 4 feet off the ring gates. The dogs will be lined up in catalog order. Dogs will remain on a 6 foot leash during the group stays. The judge should stand so that they can see all the dogs and all the handlers without having to turn around.

A dog may earn a qualifying score even if it is the only dog participating in the Group Exercises. Group exercises may be performed prior to or after individual exercises; the order must be specified in the premium. The person who handles the dog in the individual exercises must also handle that dog in the Long Sit and Long Down unless the person handled more than one dog in the class and the class will only have one group of stays. If this occurs, the owner must have additional handlers standing by to handle the additional dog(s) during the Group Exercises. When the last Group Exercise has been completed and the judge has said, "Exercise Finished," dogs must be kept under control while exiting the ring. Dogs moving from the place where they were left in the first group exercise shall be excused from the remaining group exercise.

LONG SIT: Dogs are required to sit for one minute. The dogs must be in heel position either standing or sitting beside their handler. The judge will ask if everyone is ready. Upon command from the judge to "Sit Your Dogs," the handlers will command and/or signal their dogs to sit. On the command, "Leave your dogs," handlers will command and/or signal their dogs to stay, walk directly across from their dog to the end of their leash, without jerking or tightening the leash, and then turn and face their dogs. The leash must remain loose with slack throughout the entire exercise. On the command, "Back to your dogs," handlers must return directly, walk back to and around their own dogs counterclockwise to heel position. The judge shall not give the order "Exercise Finished" until the handlers have returned to the heel position. Dogs will remain in position until the judge commands, "Exercise Finished." Time begins when the judge commands, "Leave your dogs." After one minute, timing ends, at which time the judge will command, "Back to your dogs."

LONG DOWN: Dogs are required to down for one minute. This exercise is performed exactly like the long sit with this exception. The judge will order, "Down your dogs," instead of "Sit your dogs." The dogs must lie down instead of sit. Dogs must be facing directly across the ring. Dogs will remain in position until the judge commands, "Exercise Finished".

3.16 Group Exercises, Scoring

During these exercises the judge shall stand in such a position that all the dogs are in their line of vision, and where they can see all the handlers in the ring without having to turn around. Scoring of the exercises will not start until after the judge has ordered the handlers to leave their dogs, except for such things as rough treatment of a dog by its handler or resistance by a dog to its handler's attempts to make it sit or lie down. These shall be penalized substantially; in extreme cases the dog may be excused. A dog may earn a qualifying score even if it is the only dog participating in the Group Exercises.

A handler whose dog assumes a position in such a manner that it could interfere with an adjacent competing dog shall be required to reposition their dog and shall also be substantially penalized; in extreme cases the dog may be excused.

A score of non-qualifying (NQ) is required for the following: leash consistently tight, the dog's moving at any time during either exercise a substantial distance away from the place where it was left, or going over to any other dog, or staying on the spot where it was left but not remaining in whichever position is required by the particular exercise until the handler has returned to the "Heel" position, or repeatedly barking or whining. A substantial deduction shall be made for a dog that moves even a minor distance away from the place where it was left or that barks, or whines only once or twice or that changes its position after the handler has returned to the heel position and before the judge has given the order "Exercise finished." Depending on the circumstance, a substantial or minor deduction shall be made for touching the dog or its collar in getting the dog into the "down" position, and any jerking or tightening of the leash during the exercise.

When dogs have been released from their sit and down position after the judge says, "Exercise Finished," Substantial or minor deductions may be made for misbehavior on overly exuberant releases. Any dog that interferes with another dog shall be excused from the class.

Chapter 4. Open

4.1 Introduction and General Information

There are two titles offered in Open level obedience. Companion Dog Excellent (CDX) and Open Dog Excellent (ODX). A dog may enter ONLY one of these per trial. A dog may earn CDX and ODX. Clubs must offer both CDX and ODX at all sanctioned trials. Once the CDX or ODX title is earned, a dog may move up to Utility.

Veteran Dogs (those seven years and older) may, at their handler's discretion, jump 2 or 4 inches lower than the specified height (see the Reference Sheet for specified jump heights) in the Class Division of Open A or Open B in both CDX and ODX. Before the start of any Open class, the obedience show/trial secretary shall check the date of birth on the entry form and mark "V" on the judge's book next to the number of each dog eligible to jump veteran heights. Veterans and non-veterans will compete collectively and equally for any class placements, awards, merit accruals or finals accreditation.

No dogs, veterans or non-veterans, may jump a height less than four 4 inches.

4.2 Companion Dog Excellent (CDX)

This class has the Open A and Open B Divisions as set forth below.

Open A Division Class Eligibility and Exercises: The Open A class shall be for any dogs that have earned the CD title from ASCA but have not earned the ASCA ODX or CDX title. Each dog must be handled by its owner or by a member of the owner's household or immediate family. No dog may be entered in both the Open A and Open B classes at any one trial. A dog may continue to be shown in Open A for 180 days following notification by three judges, two of whom are different, that it has completed the requirements for the Open title. After the 180-day grace period is over, the team must move to any division B Open, or another class for which they are eligible. Failure to move on will result in the loss of all wins, placements, scores, prizes, etc. which were earned after the grace period. Once an Open A dog enters Utility, it can no longer enter Open A. No dog may be entered in Open A and Utility at the same trial. Exercises are as set forth in [Section 4.6](#) and [Section 4.7](#) and shall be done in the order set forth in [Section 4.4](#).

Open B Division Class Eligibility and Exercises: The Open B class shall be for dogs that have earned the CD, CDX, or ODX title from ASCA and may show in this class after earning their Open or Utility title from ASCA. Dogs in this class may be handled by the owner or any other person. Owners may enter more than one dog in this class. Exercises are as set forth in [Section 4.6](#) and [Section 4.7](#).

CDX Title: The title of CDX shall be awarded after the dog has acquired three qualifying scores, two of which must be under two different judges.

Special Awards, Finals and Merits: This class is eligible for Finals Points, High in Trial, and High Combined. This class is eligible for any applicable optional awards. Please refer to [Chapter 16](#) for Merit accreditation for dogs competing for a CDX title in either the A or B division.

4.3 Open Dog Excellent (ODX)

This class has the Open A and Open B Divisions as set forth below.

Open A Division Class Eligibility: The Open A class shall be for any dogs that have earned the CD title from ASCA but have not earned the ASCA ODX or CDX title. Each dog must be handled by its owner or by a member of the owner's household or immediate family. No dog may be entered in both the Open A and Open B classes at any one trial. A dog may continue to be shown in Open A for 180 days following notification by three judges, two of whom are different, that it has completed the requirements for the Open title. After the 180-day grace period is over, the team must move to any Open B division, or another class for which they are eligible. Failure to move on will result in the loss of all wins, placements, scores, prizes, etc. which were earned after the grace period. Once an Open A dog enters Utility, it can no longer enter Open A. No dog may be entered in Open A and Utility at the same trial. Five mandatory Individual Exercises shall be done as set forth in [Section 4.6](#) and in the order set forth in [Section 4.4](#). Directed Open Exercise (DOE) 1 and Directed Open Exercise (DOE) 2 shall be done as set forth in [Section 4.8](#).

Open B Division Class Eligibility: The Open B class shall be for dogs that have earned the CD, CDX, or ODX title from ASCA. A dog may continue to show in this class after earning their Open or Utility title from ASCA. Dogs in this class may be handled by the owner or any other person. Owners may enter more than one dog in this class. Five mandatory Individual Exercises shall be done as set forth in [Section 4.6](#) and in the order set forth in [Section 4.4](#). Directed Open Exercise (DOE) 1 and Directed Open Exercise (DOE) 2 shall be done as set forth in [Section 4.8](#).

ODX Title: The title of ODX shall be awarded after the dog has acquired three qualifying scores, two of which must be under two different judges.

Special Awards, Finals and Merits: This class is eligible for Finals Points, High in Trial, and High Combined. This class is eligible for any applicable optional awards. Please refer to [Chapter 16](#) for Merit accreditation for dogs competing for an ODX title in either the A or B division.

4.4 Order of Individual Exercises for Open A Divisions

Directed Open Exercises are always done last.

Exercises	Maximum Scores
1. Heel Free and Figure 8	40 points
2. Drop on Recall	30 points
3. Retrieve on Flat	20 points
4. Retrieve Over High Jump	30 points
5. Broad Jump	20 points
6. Command Discrimination (Stand-Down-Sit) or DOE 1	30 points
7. Stand/Stay/Get Your Leash or DOE 2	30 points
Maximum Total Score	200 points

4.5 Order of Individual Exercises for Open B Divisions

The judge shall select one of the orders of exercises from the sheets provided by the Host Club and post it at ringside at least thirty minutes before the class is scheduled to begin. If there is only a start time for the trial, it shall be posted thirty minutes before the trial is scheduled to begin. Each judge will use Orders I through V equally in their assignments.

Directed Open Exercises are always done last.

OPEN B I		OPEN B II	
1. Heel Free and Figure 8	40 points	1. Drop on Recall	30 points
2. Drop on Recall	30 points	2. Broad Jump	20 points
3. Retrieve on the Flat	20 points	3. Heel Free and Figure 8	40 points
4. Retrieve over High Jump	30 points	4. Retrieve on the Flat	20 points
5. Broad Jump	20 points	5. Retrieve over High Jump	30 points
6. Command Discrimination (Stand-Down-Sit) or DOE 1	30 points	6. Command Discrimination (Down-Sit-Stand) or DOE 1	30 points
7. Stand/Stay/Get Your Leash or DOE 2	30 points	7. Stand/Stay/Get Your Leash or DOE 2	30 points
Maximum Total Score	200 points	Maximum Total Score	200 points
OPEN B III		OPEN B IV	
1. Retrieve on the Flat	20 points	1. Retrieve over High Jump	30 points
2. Figure 8 and Heel Free	40 points	2. Retrieve on the Flat	20 points
3. Retrieve over High Jump	30 points	3. Broad Jump	20 points
4. Broad Jump	20 points	4. Drop on Recall	30 points
5. Drop on Recall	30 points	5. Heel Free and Figure 8	40 points
6. Command Discrimination (Stand-Sit-Down) or DOE 1	30 points	6. Command Discrimination (Down-Stand-Sit) or DOE 1	30 points

4.6 Five Shared Individual Exercises for CDX and ODX

4.6.1 HEEL FREE AND FIGURE 8, PERFORMANCE AND SCORING

This exercise shall be executed in the same manner as the Novice Heel on Leash and Figure 8 exercise, using tall cones as described in the Novice Figure 8, except that the dog is off leash. Orders and scoring are the same as in the Novice Heel on Leash and Figure 8. In the ODX class, tall cones are placed immediately before the Heel Free and Figure 8

exercise and removed once the judge calls "Exercise finished" after the Heel Free and Figure 8 exercise. For the CDX class, it is recommended that tall cones be inside the ring only during the Heel Free and Figure 8 exercise. However, a judge may leave the cones inside the ring for the full class if the cones are placed where they will not conflict with the execution of any exercise. If cones are removed and replaced, then the center of the cone placement spots must be marked before the start of the class, so that they are placed in the same position for every team.

4.6.2 DROP ON RECALL

The principal features of this exercise, in addition to those listed under the Novice Recall, are the dog's prompt response to the handler's command or signal to "Drop," and the dog's remaining in the down position until again called or signaled to come. The dog will be judged on the promptness of its response to command or signal and not on the proximity to a designated point.

Orders for the exercise are "Leave your dog," "Call your dog," a signal to "Drop the dog," another "Call your dog," and "Finish." The judge's signal must be clear to the handler but not obvious or distracting to the dog.

On order from the judge, the handler may give command and/or signal for the dog to stay in the sit position while the handler walks forward about 35 feet to the other end of the ring, then shall turn and stand in a natural manner facing the dog. On the judge's order or signal, the handler shall give command or signal to come, and the dog must start directly in at a brisk trot or gallop. On the judge's arm or hand signal, the handler shall give command or signal to drop, and the dog must immediately drop completely to the down position, where it must remain until, on the judge's order or signal, the handler again commands or signals the dog to come. The dog must complete this exercise as in the Novice Recall.

4.6.3 DROP ON RECALL, SCORING

All applicable penalties listed under the Novice Recall shall apply. In addition, a score of non-qualifying (NQ) is required for a dog that does not drop completely to the down position on a single command or signal, and for the dog that drops but does not remain down until called or signaled. Substantial deductions, varying with the extent, even to the point of an NQ, shall be made for delayed or slow response to the handler's command or signal to drop, for delay or slowness to drop and for slow response to either of the recalls.

4.6.4 RETRIEVE ON THE FLAT

The principal feature of this exercise is that the dog retrieves promptly. Orders are "Throw It," "Send your dog," "Take it," and "Finish." The handler shall stand with the dog sitting in heel position in a place designated by the judge. On order, "Throw it," the handler shall give command and/or signal to stay and throw the dumbbell a distance of at least 20 feet. The signal may not be given with the hand that is holding the dumbbell. On order to send the dog, the handler shall give command or signal to retrieve.

The retrieve shall be executed at a brisk trot or gallop, the dog, going directly to the dumbbell, retrieving it and returning directly to the handler without any unnecessary mouthing or playing. To deliver the dumbbell the dog must sit straight, centered immediately in front of the handler's feet, close enough that the handler can readily take the dumbbell without moving either foot or having to stretch forward. The dog must not touch the handler nor sit between the handler's feet. On orders from the judge to take it, the handler shall give command or signal and take the dumbbell. The "Finish" shall be executed as in the Novice Recall.

The dumbbell, which must be approved by the judge, shall be made of one or more solid pieces of one of the heavy hardwoods, or of a rigid or semi-rigid firm, non-toxic, non-wooded material, similar in size, shape, color and weight to a wooden dumbbell. Metal dumbbells are not permitted. Dumbbells shall not be hollowed out. It may be unfinished, or coated with a clear finish, or may be of any color. It shall have no decorations or attachments but may bear an inconspicuous mark for identification. The size of the dumbbell shall be proportionate to the size of the dog. The judge shall require the dumbbell to be thrown again before the dog is sent if, in their opinion, it is thrown less than 20 feet, too far to one side, or too close to the edge of the ring.

4.6.5 RETRIEVE ON THE FLAT, SCORING

A dog that fails to go out on the first command or signal or goes to retrieve before the command or signal is given, or fails to retrieve, or does not return with the dumbbell sufficiently close so that the handler can easily take the dumbbell as described above, must be scored non-qualifying (NQ). Substantial or minor deductions, depending on the extent, shall be made for slowness in going, returning, or picking up the dumbbell, for not going directly to the dumbbell, for mouthing, playing with, or dropping the dumbbell, and for reluctance or refusal to release the dumbbell to the handler. All other applicable penalties listed under the Novice Recall shall apply.

4.6.6 RETRIEVE OVER HIGH JUMP

The principal features of this exercise are that the dog goes out over the jump, picks up the dumbbell and promptly returns with it over the jump. Orders are "Throw it," "Send your dog," "Take it," and "Finish." This exercise shall be executed in the same manner as the Retrieve on the Flat, except that the dog must clear the High Jump both going and coming. The

handler must stand 8 feet, or any reasonable distance beyond 8 feet, from the jump, must remain in the same spot throughout the exercise, and must throw the dumbbell at least 8 feet beyond the jump.

No dog shall jump less than 4 inches or more than 36 inches. Refer to the Reference Sheet for detailed jump heights for all breeds. Handlers requesting their dogs jump more than the minimum required height shall neither be penalized nor receive extra consideration. The jumps may be preset by the stewards based on the handler's advice as to the dog's height. The judge must make certain that the jump is at least the minimum required for each dog and must also be aware that the jump shall be set at a higher height if requested by the handler. The judge may, at their discretion, verify the height of any dog at the withers.

The side posts of the High Jump shall be 4 feet high and may be made of metal, wood or wood-like material. The jump shall be 5 feet wide and shall be so constructed as to provide adjustment for each 2 inches from 4 to 36 inches. It is suggested that the jump have a bottom board 4 inches high including the space from the bottom of the board to the ground or floor, together with three 8-inch boards, one 4-inch board, and one 2-inch board. A 6-inch board may also be provided. Boards may be made of any rigid material. The Boards must be able to stack upon each other. The Boards must slide into or over the uprights. The Boards cannot be attached to the side posts, with the exception of the bottom board.

No interlocking boards allowed. The jump shall be painted a flat white. The height in inches, and nothing else, shall be painted in black 2-inch figures, and the figure on the bottom board representing the distance from the ground to the top of the board. If the high jump is made of material other than wood, it must weigh the same as if it was made of wood. (This is to keep the jump from falling over in a wind and/or if the dog taps the jump in going over it.) The weight requirement may be waived if the jump set is commercially made.

4.6.7 RETRIEVE OVER HIGH JUMP, SCORING

The scoring of this exercise shall be as in Retrieve on the Flat. In addition, a dog that fails, either going or returning, to go over the full height of the jump, or that climbs or uses the jump for aid in going over, must be scored non-qualifying (NQ). Minor or substantial deductions, depending on the specific circumstances in each case, shall be made for the dog that touches the jump in going over or displays any hesitation or reluctance to jump. All appropriate penalties for the Retrieve on the Flat apply.

4.6.8 BROAD JUMP

The principal features of this exercise are that the dog stays where left until directed to jump and that the dog clears the jump on a single command or signal. Orders are "Leave your dog," "Send your dog," and "Finish."

The judge will ask the handler what method they will use to complete the exercise. The handler will respond with either "at the jump" or "beyond the jump."

The handler who responds "at the jump" will stand with the dog sitting in the heel position in front of and at least 8 feet from the jump. On order from the judge to "Leave your dog," the handler will give the dog the command and/or signal to stay and go to a position facing the right side of the jump, with their toes about 2 feet from the jump, anywhere between the lowest edge of the first hurdle and the highest edge of the last hurdle. On order from the judge, the handler shall give the command or signal to jump, and the dog shall clear the entire distance of the Broad Jump without touching and, without further command or signal, immediately return to a sitting position in front of the handler as in the Novice Recall. If using the "at the jump" method, the handler shall change position by executing a right-angle turn while the dog is in midair but shall remain in the same spot thereby having the dog execute a 180-degree turn. The dog must sit and finish as in the Novice Recall.

The handler who responds "beyond the jump" will start the exercise as described above but will continue about 10 feet beyond the end of the last hurdle, standing at the same distance from the line of the jump and facing the same direction as in the "at the jump" method. On order from the judge, the handler shall give the command or signal to "jump" and the dog will perform the jump as described above. The handler will not pivot and will remain motionless. The dog will come to front performing a 90-degree turn. The dog must sit and finish as in the Novice Recall.

The Broad Jump shall consist of four hurdles, built to telescope for convenience, made of boards about 8 inches wide, the largest measuring about 5 feet in length and 6 inches high at the highest point, all painted a flat white. The boards for the hurdles may be made of metal, wood or wood like material. If the hurdles are made of material other than wood, they must weigh the same as if they were made of wood. The weight requirement may be waived if the jump set is commercially made. When set up they shall be arranged in order of size and shall be evenly spaced so as to cover a distance equal to twice the height of the High Jump as set for the particular dog, with the low side of each hurdle and the lowest hurdle nearest the dog. The four hurdles shall be used for a jump of 48 to 72 inches, three for a jump of 28 to 44 inches, two for a jump of 16 to 24 inches, and one for 8 inches. When decreasing the number of boards in the jump, the highest hurdle shall be removed first. It is the judge's responsibility to see that the distance jumped is that required by these Rules and Regulations for the particular dog.

4.6.9 BROAD JUMP, SCORING

A dog that fails to stay until directed to jump or refuses to jump on the first command or that fails to clear all boards must be scored non-qualifying (NQ). A minor or substantial deduction, depending on the extent, shall be made for a dog touching any of the boards; whereas a dog must receive an NQ if it uses any of the boards as an obvious aid in jumping. Minor or substantial deductions, depending on the circumstances, shall be made for a dog that does not return directly to the handler or displays any hesitation or reluctance to jump. All other appropriate penalties listed under the Novice Recall shall apply.

4.7 Command Discrimination and Stand Stay - Get Your Leash - FOR ONLY CDX

4.7.1 COMMAND DISCRIMINATION - FOR ONLY CDX

The principal features of this exercise are the dog's correct response to the handler's commands and/or signals and that the dog stays until the handler returns to heel position and the judge says, "exercise finished." Orders for this exercise are "Stand your dog" or "Down your dog", "Leave your dog" and "Return to your dog". The judge must use signals for instructing the handler to command and/or signal the dog to change position except for the first position, which will be either "Stand your dog" or "Down your dog".

The judge will ask the handler "Are you ready?" before giving the first order to either "Stand your dog" or "Down your dog." The handler will give a command and/or signal for the dog to change position. The judge will next order "Leave your dog," the handler may give a command and/or signal for the dog to stay and will immediately walk forward approximately 15 feet, turn and face the dog. The judge will signal the next command and the handler will give a command and/or signal for the dog to change to the next position. The judge will again order "Leave your dog," where the handler may give a command and/or signal for the dog to stay and walk forward an additional 15 feet, turn, and face the dog. The judge will give another signal and the handler will give a command and/or signal for the dog to change position again. The judge will next order "Return to your dog." The handler may give a command and/or signal for the dog to stay and then must return directly, walking around the back of the dog into heel position. From the time the handler first faces the dog until the judge says, "Exercise finished," the handler's hands and arms must hang naturally at the handler's sides during this exercise, with the exception of giving hand signals.

The 15-foot distance for each of the commands must be clearly marked in an area of the ring that is at least 40 feet in length. The judge should be positioned so both the dog and handler can always be seen.

4.7.2 COMMAND DISCRIMINATION, SCORING

A dog that does not obey the handler's first command and/or signal for each position change or does not stay until the handler returns to heel position must receive a non-qualifying (NQ) score. Substantial deductions will be made for a dog that changes position after the handler has returned to heel position and before the judge has said "Exercise Finished." Minor or substantial deductions or a non-qualifying score (NQ) should be made for a handler's hands and arms not hanging naturally at their sides in between commands for position changes, or a dog that moves forward during any of the position changes.

4.7.3 STAND STAY - GET YOUR LEASH - FOR ONLY CDX

The principal feature of this exercise is that the dog stand and stay in the position it is left until the handler has returned to heel position and the judge has said "Exercise Finished." The orders for this exercise are "Stand your dog," "Leave your dog to get your leash," and "Return to your dog."

The judge will ask the handler to stand their dog approximately 15 feet from the ring gate. The judge will ask "Are you ready?" before giving the order to "Stand your dog." The handler may command and/or signal the dog to stand without touching the dog or its collar. The dog must stand but need not stand in heel position.

Next the judge will order "Leave your dog to get your leash," where the handler may give a command and/or signal for the dog to stay and will walk directly outside the ring gate to retrieve their leash. The handler will re-enter the ring, stop and wait at the entrance for the judge to order "Return to your dog." The handler then will return directly, walking around the back of the dog to heel position. The dog must remain standing until the judge has said "Exercise finished." The judge will then instruct the handler to attach their leash to the collar and maintain control of their dog while exiting. The handler is required to exit the ring gate with the dog under control, not pulling or tugging on the leash or jumping.

The judge will decide where the leash will be located outside of the ring prior to starting the class. The leash will be placed in such a location by the steward after the dog and handler have entered the ring for judging. The dog and handler will be positioned so the dog can have a direct line of vision with the handler as they leave and return to the ring, and so that the handler, when reentering the ring, is at least 15 feet away from the dog until ordered to return. Once the exercise has been completed, the judge must watch the handler and dog until they exit the ring gate.

4.7.4 STAND STAY - GET YOUR LEASH, SCORING

A non-qualifying score is required for a dog that fails to stand on the first command and/or signal, moves a substantial distance away from where it was left, changes position (sit or down) before the handler has returned to heel position, or repeatedly whines or barks. Minor or substantial deductions will be made for a dog that moves its feet repeatedly while remaining in place or moves a short distance. A substantial deduction must be made under Miscellaneous Penalties for a dog that does not remain under control while exiting the ring.

4.8 Directed Open Exercises (DOE) – FOR ONLY ODX

Prior to the start of the ODX Class, the judge shall mark the spot where the cone* will be positioned during the Directed Open Exercises.

Cone Position: The cone shall be placed 3 to 6 feet to the left or right of the direct path from dog to handler. It may be placed midway between the dog and the handler or up to 6 feet forward or backward from the midline. The cone should be between 11 and 37 inches high and solid in color. It is recommended that it be weighted.

Optional Marking Procedure: Once the cone is placed, the three-foot radius for the directed sit shall be determined by measuring 36 inches from the outside edge of the base of the cone in each quarter-hour direction (front, back and both sides). The quarter hours on the radius may be marked to allow the judge to more readily discern if the dog has met the requirements. The four-foot radius shall be determined by measuring 48 inches from the outside edge of the base of the cone and may be marked as described for the three-foot radius. A different color may be used for the three and four-foot radius marks if desired. Chalk or a similar substance may be used for marking. Outdoors, the use of golf tees and similar items is not recommended, but if used, the item must be pushed fully into the ground so that the top is flush with the ground for the safety of the dogs. It is recommended that clubs have a yardstick or other measuring device that can be used.

The Directed Open Exercises, DOE 1 (30 Points) and DOE 2 (30 Points) shall be done only by those entered in the Open Dog Excellent (ODX) class. The DOE are to immediately follow the five mandatory individual exercises. DOE 1 shall always be performed before DOE 2.

The Directed Open Exercises shall be performed down the longest length of the ring, which is usually 50 feet. The jumps used in the individual exercises remain in place during the DOE. The handler shall stand with the dog sitting in heel position and their backs about 5 feet from the short side ring barrier, which is usually 40 feet. They will face down the long length of the ring toward the opposite ring barrier. This starting position can be to the right or left side or be on the center line to accommodate the judge's chosen ring configuration (see diagram for the three possible starting positions). **Note:** In the June 13, 2013, Rulebook, the Reference Sheet indicates that an Open ring can be 30 x 40 feet in some cases. In this ring, the "long" side is 40 feet. Should Open be held in a Utility ring that is 35 x 50 feet, the long side is 50 feet.

If the dog is non-qualifying and not in position to perform any remaining portion of the DOE without handler assistance, the judge will end the exercise by stating, "Exercise Finished," at which time the run will be completed.

4.8.1 DOE 1 - PART A

The principal feature of DOE 1-A is that the dog remains where it is left until it is sent to the cone by its handler. Orders are "Leave your dog." Upon order from the judge, the handler shall command and/or signal for the dog to stay, and then walk to the opposite end of the ring where the handler shall turn and stand facing the dog with arms hanging naturally at the side. Once the handler is in position, the judge or steward shall place the cone. The judge shall then move to a position that will not impede the dog's work.

4.8.2 DOE 1 - PART A, SCORING

A dog that is non-qualifying in either Part A or Part B shall be scored non-qualifying for DOE 1. A non-qualifying (NQ) score is required for a dog's failure to stay without an additional command or signal or for moving from the place where left before being directed to move. Minor or substantial deductions depending upon the extent shall be made for whining, sniffing, barking, or shuffling of front feet.

4.8.3 DOE 1 - PART B

The principal features of DOE 1-B are that the dog goes promptly to the cone and sits within a 3-foot radius of the cone. Orders are "Send your dog." On order from the judge, the handler shall command and/or signal their dog to go to the cone. Without further order from the judge, the handler shall command and/or signal their dog to sit at any time, so the dog ends up sitting within a 3-foot radius on any side of the cone without touching the cone. The dog is also permitted to go to the cone and sit automatically. Accidental contact with the cone with the tail or coat is permitted.

4.8.4 DOE 1 - PART B, SCORING

A non-qualifying (NQ) score is required for the dog's failure to respond to the first command and /or signal to go to the cone, failure to clearly move towards the cone, failure to either respond to the first command and/or signal to sit at the cone or failure to automatically sit at the cone, or failure to remain stationary in a sit until directed to move by the handler. Minor to substantial deductions depending upon the extent shall be made for whining, sniffing, barking, touching the cone with any part of the body except the tail or coat, or for sitting partially outside the 3-foot radius of the cone.

4.8.5 DOE 2 - PART A

The principal features of DOE 2-A are that the dog stands when directed and remains in place until directed to assume moving heel position. Orders are "Stand your dog." Upon order from the judge to "Stand your dog," the handler is permitted to pivot and face their dog. The handler shall command and/or signal their dog to stand. After the dog stands, the handler is permitted to command and or signal the dog to stay.

4.8.6 DOE 2 - PART A, SCORING

If a dog has non-qualified on DOE 1 but is in position to perform DOE 2, it should perform and be scored for DOE 2. A non-qualifying (NQ) score is required for the dog's failure to stand, for the dog standing outside a four-foot radius of the cone, or for a dog moving a major distance from the place where it stood at any time during the stand.

Minor to substantial deductions, depending upon the extent, shall be made for sniffing, barking, whining, touching the cone with any part of the body except the tail or coat, and/or moving a minor distance away from the place where it first stood.

4.8.7 DOE 2 - PART B

The principal features of DOE 2-B are that the dog remains in place until directed to assume moving heel position and that the dog heel promptly when directed. Orders are "Return and heel forward," and "Exercise Finished."

Upon order from the judge to "Return and heel forward," the handler is permitted to again command and/or signal their dog to stay if desired. The handler shall walk forward at a normal pace toward and then around their dog. The handler may leave any amount of space between themselves and their dog while returning and passing. It is permissible to have the cone in between dog and handler. After the handler has walked around the dog, they shall continue to walk at a normal pace without pausing when giving the command and/or signal to heel. The directive to heel may be given before passing, while passing or after passing the dog.

The dog must remain in a stand position within a four-foot radius of the cone until the handler directs the dog to heel. Once the handler gives the command and/or signal, the dog must move into heel position promptly. The moment the dog reaches heel position, the judge shall say "Exercise finished." Should the dog not assume heel position by the time the handler reaches the ring barrier, the judge shall call "Exercise finished."

4.8.8 DOE 2 - PART B, SCORING:

A non-qualifying (NQ) score is required if the dog fails to remain in the stand within the four-foot radius of the cone until it is directed by the handler to heel, if the dog never makes an attempt to go to heel position, or if the dog is unmanageable.

Substantial deductions, depending on the extent, shall be made for additional commands or signals to heel and failure of the handler to maintain a normal pace while walking behind, approaching, passing the dog or when the dog is falling into heel position and before the judge says, "Exercise finished." Substantial or minor deductions, depending on the extent, shall be made if the dog touches the cone with any part of the body except the tail or coat, or if the dog has attempted but not assumed heel position by the time the handler reaches the ring barrier.

Chapter 5. Utility

5.1 Introduction and General Information

A dog must have earned a CDX and/or ODX title from ASCA to enter Utility. Veteran Dogs (those seven years and older) may, at their handler's discretion, jump 2 or 4 inches lower than the specified height (see the Reference Sheet for specified jump heights). Before the start of any Utility class, the obedience show/trial secretary shall check the date of birth on the entry form and mark "V" on the judge's book next to the number of each dog eligible to jump veteran heights. Veterans and non-veterans will compete collectively and equally for any class placements, awards, merit accruals or finals accreditation.

No dogs - veterans or non-veterans - may jump a height less than 4 inches.

5.2 Utility A Class

The Utility A class shall be for any dogs that have earned the ASCA CDX and/or ODX title but have not earned the ASCA UD title. Each dog must be handled by its owner or by a member of the owner's household or immediate family. No dog may be entered in both the Utility A and Utility B classes at any one trial.

A dog may continue to be shown in Utility A for 180 days following notification by three judges, two of whom are different, that it has completed the requirements for the UD title. After the 180-day grace period is over, the team must move to either Utility B or another class for which they are eligible. Failure to move on will result in the loss of all wins, placements, scores, prizes, etc., earned after the grace period. No dog shall be entered in Utility A at any one trial if it is entered in the Utility B class.

5.3 Utility B Class

The Utility B class shall be for dogs that have won the CDX, ODX, or UD title from ASCA. Dogs with the UD title may continue to compete in this class. Dogs in this class may be handled by the owner or any other person. Owners may enter more than one dog in this class.

5.4 Utility Exercises and Scoring

Exercises	Maximum Scores
1. Signal Exercise	40 points
2. Scent Discrimination Article #1	30 points
3. Scent Discrimination Article #2	30 points
4. Directed Retrieve	30 points
5. Moving Stand and Examination	30 points
6. Directed Jumping	40 points
Maximum Total Score	200 points

Utility B shall use one of the following orders of exercises:

UTILITY B I		UTILITY B II	
1. Signal Exercise	40 points	1. Scent Discrimination Article #1	30 points
2. Scent Discrimination Article #1	30 points	2. Scent Discrimination Article #2	30 points
3. Scent Discrimination Article #2	30 points	3. Moving Stand and Examination	30 points
4. Directed Retrieve	30 points	4. Signal Exercise	40 points
5. Moving Stand and Examination	30 points	5. Directed Jumping	40 points
6. Directed Jumping	40 points	6. Directed Retrieve	30 points
Maximum Total Score	200 points	Maximum Total Score	200 points
UTILITY B III		UTILITY B IV	
1. Directed Retrieve	30 points	1. Moving Stand and Examination	30 points
2. Directed Jumping	40 points	2. Directed Retrieve	30 points
3. Scent Discrimination Article #1	30 points	3. Directed Jumping	40 points
4. Scent Discrimination Article #2	30 points	4. Scent Discrimination Article #1	30 points
5. Signal Exercise	40 points	5. Scent Discrimination Article #2	30 points
6. Moving Stand and Examination	30 points	6. Signal Exercise	40 points
Maximum Total Score	200 points	Maximum Total Score	200 points
UTILITY B V			
1. Directed Jumping	40 points		
2. Signal Exercise	40 points		
3. Moving Stand and Examination	30 points		
4. Directed Retrieve	30 points		
5. Scent Discrimination Article #1	30 points		
6. Scent Discrimination Article #2	30 points		
Maximum Total Score	200 points		

The Utility B judge shall select one of the orders of exercises from the sheets provided by the Host Club and post it at ringside at least thirty minutes before the class is scheduled to begin. If there is only a start time for the show, it shall be posted thirty minutes before the show is scheduled to begin. Each judge should attempt to use Orders I through V equally in their assignments.

5.5 UD Title

ASCA will issue a Utility Dog certificate to a dog with ASCA registration or a QTracker number and will permit the use of UD after its name, when it has received three qualifying scores awarded by at least two judges. A dog may earn a qualifying score even if it is the only dog competing.

5.6 Signal Exercise

The principal features of this exercise are the ability of dog and handler to work as a team while heeling, and the dog's correct responses to the signals to Stand, Stay, Drop, Sit, and Come. Orders are the same as in Heel on Leash and Figure 8 with the additions of "Stand your dog," which shall be given only when dog and handler are walking at normal pace, and "Leave your dog." The judge must use signals for directing the handler to signal the dog to Drop, to Sit, and to Come, in that sequence, and to Finish. Heeling in the Signal Exercise shall be done in the same manner as in Heel Free, except that throughout the entire exercise the handler shall use signals only and must not speak to their dog at any time. On order from the judge, "Forward," the handler may signal their dog to walk at heel and on specific order from the judge in each case, shall execute a Left turn, Right turn, About turn, Halt, Slow, Normal and Fast.

These orders may be given in any sequence and may be repeated as necessary, but the judge shall attempt to standardize the heeling pattern for all dogs in the class. On order from the judge, and while the dog is walking at heel, the handler shall signal their dog to Stand in the Heel position near one end of the ring. On further order, "Leave your dog," the handler shall signal their dog to Stay, go to the other end of the ring, and turn to face their dog. On separate and specific signals from the judge, the handler shall give their signals to Drop, to Sit, to Come and to Finish as in the Novice Recall. During the heeling part of this exercise the handler may not give any signal except when a command or signal is permitted in the Heeling exercises.

5.7 Signal Exercise, Scoring

A dog that fails, on a signal from the handler, to Stand or remain standing where left, or to Drop, or to Sit and Stay, or to Come, or that receives a command or audible signal from the handler to do any of these parts of the exercise, shall be scored non-qualifying (NQ). Minor or substantial deductions depending on the specific circumstances in each case, shall be made for a dog that walks forward on the Stand, Drop or Sit portions of the exercise. All the penalties listed under the Heel on Leash and Figure 8 and the Novice Recall exercises shall apply.

5.8 Scent Discrimination

The principal features of these exercises are the selection of the handler's article from among the other articles by scent alone, and the prompt delivery of the right article to the handler. Following the questions "What method will you use?" and "Are you ready?" the taking of the article from the handler will be considered to be the first order and scoring of the exercise will begin at that time. The remaining orders are "Send your dog," "Take it," and "Finish."

In each of these two exercises the dog must select by scent alone and retrieve an article that has been handled by its handler. The articles shall be provided by the handler and shall consist of two sets, each comprised of five identical objects not more than 6 inches in length, which may be items of everyday use. The articles may be made of metal, leather, or wood. The handler will choose two of these three materials. The metal set shall be made entirely of rigid metal, the leather set shall be of such design that nothing, but leather is visible except for the minimum amount of thread or metal necessary to hold the object together, and the wood set shall be made entirely of one or more solid wood pieces. The articles in each set must be legibly numbered, each with a different number, and must be approved by the judge.

The handler shall present ten regulation articles to the judge. The judge, or, on order from the judge, the steward or handler will select one article from each set. Only the handler will be allowed to touch the selected articles with their hands. The judge, steward, or handler will use a device of the judge's choosing (such as tongs) to remove the articles to be scented from the bag. The selected articles will be placed on the table, chair or other location designated by the judge that is readily accessible to the handler. In order to preserve the continuity of the run, the articles should be placed on the chair or table before the beginning of the run. The judge or steward will handle each of the remaining eight articles, while randomly arranging them on the floor or ground about 6 inches apart. The closest article should be about 20 feet from the handler and dog. Before giving the command to send your dog, the judge must make sure that the articles are visible to the handler and dog and that they are far enough apart so that there will be no confusion of scent among the articles.

Handler and dog shall turn around after watching the judge or steward spread the articles and shall remain facing away from those articles until the judge has taken the handler's scented article and given the order, "Send your dog." The handler may use either article first but must relinquish each one immediately when ordered by the judge. The judge shall make certain that the handler imparts their scent to each article only with their hands and that, between the time the handler picks up each article and time they give it to the judge, the article is held continuously in the handler's hands which must remain in plain sight.

The judge will ask the handler what method they will use to send their dog for each article. After the handler answers either "send directly" or "after a sit," the judge will next ask "Are you ready?" immediately prior to taking the article from the handler. On order from the judge, the handler will immediately place their article on the judge's book or work sheet. The judge, without touching the article with their hands, will place it among those on the ground or floor. On order from the judge to "Send your dog," the handler may give their scent by extending the palm of one open hand in front of the dog's nose or gently touching the dog's nose, but the arm and hand must be returned to a natural position before turning to face the articles. The handler will then turn in place to send the dog by the method they have chosen. If it is to send directly, the handler will do a right about turn in place and may simultaneously give the command or signal to retrieve. The dog should not assume a sitting position but will go directly out to the articles with no further command from the handler. If it is after a sit, the handler may give the command or signal to heel and will turn in place either to the right or to the left to face the articles. The handler will halt with the dog sitting in the heel position. The handler will then give the command or signal for the dog to retrieve.

The dog shall go at a brisk trot or gallop directly to the articles. It may take any reasonable time to select the right article, but only provided it works continuously. After picking up the right article the dog shall return at a brisk trot or gallop and complete the exercise as in the Retrieve on the Flat.

These procedures shall be followed for both articles. Should a dog retrieve a wrong article in the first exercise, that article shall be placed on the table or chair. The correct article must be removed, and the second exercise shall be conducted with one fewer article on the ground or floor.

If the scented articles are to be kept separate from the others at the end of the Scent Discrimination exercise, it is the responsibility of the handler to notify the steward.

5.9 Scent Discrimination, Scoring

Deductions shall be the same as in the Novice Recall and the Retrieve on the Flat. In addition, a dog that fails to go out to the group of articles, or retrieves a wrong article, or fails to bring the right article to the handler, must be scored non-qualifying (NQ) for the particular exercise. If the "after a sit" option is used, a dog who anticipates the command to retrieve must receive a non-qualifying (NQ) score. If the "send directly" option is used, any additional command to retrieve or a dog who sits after the turn must receive a non-qualifying (NQ) score.

Substantial deductions shall be made for any roughness by the handler in imparting their scent to the dog, and for the handler not turning in place. When using the "after the sit" method, there must be a substantial deduction for the handler giving the command to retrieve before the dog is sitting at heel, facing the articles. Minor or substantial deductions, depending on the circumstances in each case, shall be made for a dog that is slow or inattentive, that does not go directly to the articles, that picks up a wrong article, even though they put it down again immediately, or that does not work continuously and for any excessive motions by the handler in turning to face the articles. There shall be no penalty for a dog that takes a reasonably long time examining the articles provided the dog works smartly and continuously.

5.10 Directed Retrieve

The principal features of the exercise are that the dog stays until directed to retrieve, that it goes directly to the designated glove, and that it retrieves promptly. The orders for the exercise are "One," "Two," or "Three," "Take it," and "Finish." In this exercise, the handler will provide three predominantly white, cotton work gloves, which must be open and must be approved by the judge. The handler will stand with their back to the unobstructed end of the ring with their dog sitting in the Heel position midway between and in line with the two jumps. The judge or steward will then drop the three gloves across the end of the ring, while the handler and dog are facing the opposite direction, one glove in each corner and one in the center, about 3 feet from the end of the ring and for the corner gloves, about 3 feet from the side of the ring. All three gloves will be clearly visible to the dog and handler, when the handler turns to face the glove designated by the judge. There shall be no table or chair at this end of the ring.

The gloves shall be designated "One," "Two" and "Three" reading from left to right when the handler turns and faces the gloves. The judge will give the order "One" or "Two" or "Three." The handler then may give the command to Heel and turn in place, right or left to face the designated glove. The handler will come to a halt with the dog sitting in the Heel position.

The handler shall not touch the dog to get it into position nor must they reposition the dog. The handler will then give their dog the direction to the designated glove with a single motion of their left hand and arm along the right side of the dog and will give a verbal command to retrieve either simultaneously with or immediately following the giving of the direction. The dog shall then go directly to the glove at a brisk trot or gallop and retrieve it without unnecessary mouthing or playing with it, completing the exercise as in the Retrieve on the Flat. The handler may bend their body and knees to the extent necessary in giving the direction to the dog, after which the handler will stand erect in a natural position with their arms at their sides.

The exercise shall consist of a single retrieve. Prior to the start of judging, the judge shall make the decision as to which glove will be assigned and post it ringside, at least thirty minutes before the class is scheduled to begin. This glove will be

the same for all handlers. If unanticipated conditions warrant it, (e.g., changing light or an unusual distraction adjacent to the assigned glove) the judge has the option of changing the glove mid-class. The glove change should be posted and announced to all subsequent competitors. Judges should rotate the assigned glove number for each judging assignment.

5.11 Directed Retrieve, Scoring

All applicable penalties listed under the Novice Recall and the Retrieve on the Flat shall apply. In addition, a score of non-qualifying (NQ) is required for any commands or signals by the handler, after turning, to position the dog to face the designated glove, for not going directly to the designated glove, or for not retrieving the glove.

Depending on the extent, a substantial deduction even to the point of non-qualifying (NQ) shall be made for not turning in place or not turning to face the designated glove. Depending on the extent, substantial or minor deductions shall be made for a handler who over-turns or touches the dog or uses excessive motions while turning to face the glove.

5.12 Moving Stand and Examination

The principal features of the exercise are that the dog heel, stand and stay on command by the moving handler, accept the examination without shyness or resentment, and, on command, return to the handler. Orders for the exercise are "Forward," "Stand your dog" given while the handler is walking, and "Call your dog to heel."

The handler stands with their dog sitting in the heel position at a point indicated by the judge. The judge asks, "Are you ready?" and orders "Forward." The handler commands or signals their dog to heel and walks briskly at a normal pace. After the handler has proceeded about 10 feet, the judge orders "Stand your dog." The handler, without pausing, commands and/or signals the dog to stand, continues forward 10 to 12 feet, and halts and turns to face their dog. The dog must stand and stay in position.

The judge approaches the dog from the front and examines the dog by going over it with their hands as in dog show judging except that in no circumstances shall the examination include the dog's mouth, tail or testicles. The judge then orders "Call your dog to heel," whereupon the handler commands and/or signals the dog to return to the heel position. The dog immediately returns in a brisk manner to the proper heel position beside the handler.

5.13 Moving Stand and Examination, Scoring

A score of non-qualifying (NQ) is required for the following: A dog displaying fear or resentment, moving from the place where it was left, sitting or lying down before being called, growling or snapping at any time during the exercise, repeated whining or barking, the dog's failure to heel, stand and stay, accept the judge's examination, or return to the handler.

Substantial to minor deductions, depending on the circumstances, must be made for a dog that moves their feet repeatedly while remaining in place. All appropriate penalties of the Novice Heel Free, Stand for Examination and Recall exercises shall apply. Minor or substantial penalties, depending on extent, shall be made for the handler that changes the manner of walking or hesitates or pauses while giving the command and/or signal to stand, or if the dog fails to return briskly or sit properly in the heel position.

5.14 Directed Jumping

The principal features of this exercise are that the dog goes away from the handler in the direction indicated, stops when commanded, jumps as directed, and returns as in the Recall. The orders are "Send your dog," "Bar" or "High," and "Finish."

The jumps shall be placed midway in the ring at right angles to the sides of the ring and 18 to 20 feet apart, the Bar Jump on one side, the High Jump on the other. The judge must make certain that the jumps are set at the required height for each dog by following the procedure described in Retrieve over the High Jump.

The handler, from a position on the center line of the ring and about 20 feet from the line of the jumps, shall stand with their dog sitting in the Heel position and on order from the judge shall command and/or signal their dog to go forward at a brisk trot or gallop to a point about 20 feet beyond the jumps and in the approximate center. When the dog has reached this point, the handler shall give a command to Sit; the dog must stop and sit with their attention on the handler but need not sit squarely.

The judge will designate which jump is to be taken first by the dog and shall order either "High" or "Bar" when designating either the High or Bar Jump. The handler shall command and/or signal the dog to return to them over the designated jump. While the dog is in midair the handler may turn so as to be facing the dog as it returns. The dog shall sit in front of the handler and, on order from the judge, finish as in the Novice Recall. The judge will say "Exercise Finished" after the dog has returned to the Heel position.

When the dog is again sitting in the Heel position the judge shall ask, "Are you ready?" before giving the order to send the dog for the second part of the exercise. The same procedure shall be followed for the second jump. It is optional which

jump the judge will first indicate, but both jumps must be taken to complete the exercise and the judge must not designate the jump until the dog is at the far end of the ring. The dog shall clear the jumps without touching them.

The height of the jumps shall be the same as required in the Open classes. The High Jump shall be the same as that used in the Open classes, and the Bar Jump shall consist of a bar, which may be made of any rigid material that is between 2 and 2.5 inches square with the four edges rounded sufficiently to remove any sharpness. The bar shall be painted a flat black and white in alternate sections of about 3 inches each. The bar shall be supported by two unconnected 4-foot upright posts, which may be made of metal, wood, or wood-like material, about 5 feet apart. The bar shall be adjustable for each 2 inches of height from eight 4 to 36 inches, and the jump shall be so constructed and positioned that the bar can be knocked off without disturbing the uprights. **Effective June 1, 2023.** The bar will be weighted if made of material other than wood, so it is not dislodged any easier than if it was made of wood.

5.15 Directed Jumping, Scoring

A dog must receive a score of non-qualifying (NQ) for the following: anticipating the handler's command and/or signal to go out, not leaving the handler, not going out between the jumps, not stopping on command and remaining at least 10 feet beyond the jumps, anticipating the handler's command and/or signal to jump, not jumping as directed, knocking the bar off the uprights, and climbing or using the top of the High Jump for aid in going over.

Substantial deductions shall be made for a dog that stops or sits before the handler's command to sit, for a dog that fails to sit, for a dog that receives an additional command to sit after the dog has stopped, and for a dog that is obviously stopped by the ring barrier rather than the handler's command. Minor to substantial deductions shall be made, depending on degree, for a dog that turns on the go out before the command to sit. Depending on the extent of the deviation from a sit along the approximate center line of the ring and approximately 20 feet beyond the line of the jumps, minor to substantial deductions shall be made. Substantial or minor deductions, depending on the extent, shall be made for slowness in going out or for touching the jumps, or for any display of hesitation or reluctance to jump.

Chapter 6. Utility Dog Excellent

6.1 Introduction and General Information

A dog may not earn legs towards an ASCA Utility Dog Excellent title until the dog has earned the ASCA titles of Companion Dog Excellent (CDX) and Utility Dog (UD). A dog may not earn legs towards an ASCA Utility Dog Excellent-O title until the dog has earned the ASCA titles of Open Dog Excellent (ODX) and Utility Dog (UD).

There are two Utility Dog Excellent titles offered: UDX (dogs qualify via the CDX Open B class and the Utility B class) and UDX-O (dogs qualify via the ODX Open B class and the Utility B class). Dogs may earn both UDX and UDX-O titles.

6.2 Utility Dog Excellent UDX Title

ASCA will issue a Utility Dog Excellent (UDX) certificate for each registered dog or dog with a QTracker number and permit the use of the letters "UDX" after the name of each dog that is certified as receiving qualifying scores at the same ASCA sanctioned obedience trial in both CDX Open B and Utility B a minimum of ten times. When a dog is certified as receiving qualifying scores at the same ASCA sanctioned obedience trial in both CDX Open B and Utility B a minimum of twenty times, the UDX2 title will be awarded; a minimum of thirty times, the UDX3 title will be awarded; and so forth.

6.3 Utility Dog Excellent UDX-O Title

ASCA will issue a Utility Dog Excellent (UDX-O) certificate for each registered dog or dog with a QTracker number and permit the use of the letters "UDX-O" after the name of each dog that is certified as receiving qualifying scores at the same ASCA sanctioned obedience trial in both ODX Open B and Utility B a minimum of ten times. When a dog is certified as receiving qualifying scores at the same ASCA sanctioned obedience trial in both ODX Open B and Utility B a minimum of twenty times, the UDX-O2 title will be awarded; a minimum of thirty times, the UDX-O3 title will be awarded; and so forth.

Chapter 7. Obedience Trial Champion

7.1 Introduction and General Information

There are two obedience trial champion titles: OTCH (dogs qualify via the CDX Open B class and the Utility B class) and OTCH-O (dogs qualify via the ODX Open B class and the Utility B class). OTCH points and OTCH-O points cannot be earned at the same trial. Handlers shall indicate on the obedience entry form for each trial whether they choose Utility class points to accrue towards the OTCH or the OTCH-O. The ASCA Business Office will track the score accrual for each eligible dog. Handlers are encouraged to keep their own records as well but will not be required to submit those records unless verification is required. Dogs may earn both the OTCH and the OTCH-O titles.

7.2 Obedience Trial Champion OTCH Title

A total of 100 points must be earned. Points can only be accumulated after the dog has earned both the CDX and UD titles from ASCA. Points cannot be earned during the same trial in which the dog completes the UD title. The dog must have one score of 193 or higher from CDX Open B, one score of 193 or higher from Utility B, and one score of 195 or higher from either CDX Open B or Utility B. Only scores from CDX Open B and Utility B will qualify as points toward the OTCH title. Any dog that has met the qualification requirements for the OTCH will receive a certificate for the title and will be allowed to use the prefix "OTCH" before its name. Each additional time a dog is awarded the title of OTCH, the applicable number following the title may be added (such as OTCH2, OTCH3, and so forth).

7.3 Obedience Trial Champion OTCH-O Title

The requirements for the OTCH-O title are the same as for the OTCH title with the exceptions that points can only be accumulated after the dog has earned both the ODX and UD titles from ASCA and that all Open scores will be from the ODX Open B class in place of the CDX Open B class. Any dog that has met the qualification requirements for the OTCH-O will receive a certificate for the title and will be allowed to use the prefix "OTCH-O" before its name. Each additional time a dog is awarded the title of OTCH-O, the applicable number following the title may be added (such as OTCH-O2, OTCH-O3, and so forth).

7.4 Point Schedule for the OTCH and OTCH-O Titles

Score Earned	Points Earned	Score Earned	Points Earned	Score Earned	Points Earned
200	15	194 1/2	9 1/2	189 1/2	4 1/2
199 1/2	14 1/2	194	9	189	4
199	14	193 1/2	8 1/2	188 1/2	3 1/2
198 1/2	13 1/2	193	8	188	3
198	13	192 1/2	7 1/2	187 1/2	2 1/2
197 1/2	12 1/2	192	7	187	2
197	12	191 1/2	6 1/2	186 1/2	1 1/2
196 1/2	11 1/2	191	6	186	1
196	11	190 1/2	5 1/2	185 1/2	1/2
195 1/2	10 1/2	190	5	185	0
195	10	Scores of 185 or lower will not earn points towards an OTCH or OTCH-O title.			

Chapter 8. Beginner Novice Optional Titling Class

8.1 Beginner Novice Class

The Beginner Novice Class is an optional titling class that clubs may choose to offer at obedience trials. The Beginner Novice Class shall be for dogs not less than six months of age that have not earned an ASCA CDX or ODX title. Dogs in this class may also be entered at the same trial in the Regular Novice class and in any Non-Regular classes for which they are eligible as defined in these regulations.

A qualifying score in an Optional Titling class shall be the same as that in a Regular class as defined in these regulations by [Section 1.10](#). Ribbons and prizes for Optional Titling classes shall be the same as those in Regular classes as defined by these regulations in [Section 1.14](#) and [Section 1.15](#). Scores and titles from Optional Titling classes shall not be applicable to High in Trial awards, Merit standings, Finals standings, or Hall of Fame determinations.

8.2 Beginner Novice A Class

A dog entered in Beginner Novice A must be handled by someone who has never previously handled or regularly trained a dog that has earned a BN title or a CD title from any registry. The dog must be owned by the handler or by a member of the handler's household or immediate family. A person may handle more than one dog in this class. No dog may be entered in both the Beginner Novice A and Beginner Novice B classes at any one trial.

A dog may continue to be shown in Beginner Novice A for 180 days following notification by three judges, two of whom are different, that the requirements for a BN have been completed. After the 180-day grace period is over the team must move out of Beginner Novice A.

8.3 Beginner Novice B Class

A dog entered in the Beginner Novice B class may be handled by the owner or any other person. A person may handle more than one dog in this class. No dog may be entered in both Beginner Novice A and Beginner Novice B classes at any one trial. A dog that earns the BN title may continue to be shown in Beginner Novice B until it earns the ASCA CDX or ODX title.

8.4 Beginner Novice Title

ASCA will issue a Beginner Novice certificate to a dog with an ASCA registration, LEP number or an ASCA QTracker number and will permit the use of BN after its name, when it has received three qualifying scores awarded by at least two judges.

8.5 Beginner Novice Exercises and Scores

The exercises and maximum scores in the Beginner Novice classes:

Exercises	Maximum Scores
1. Heel on Leash	40 points
2. Figure 8	40 points
3. Sit for Exam	40 points
4. Sit Stay	40 points
5. Recall	40 points
Maximum Total Score	200 points

8.6 Heel on Leash

The principal feature of this exercise is the ability of the dog and handler to work as a team. Orders for the exercise are "Forward" and "Exercise Finished." Rally signs will be used for this exercise and will be placed to the right of the handler's path except for those indicating a change in direction, in which case the sign will be directly in front of the team to aid in that change.

Signs to be used are "Right turn," "Left turn," "About turn," "Slow," "Normal," "Fast" and "Halt/Sit." The "Start" sign is optional. "Fast" signifies that the handler must run, and the handler and dog must move forward at a noticeably accelerated speed. Turn signs will be used only when the handler is to be moving at the normal pace. In executing the About turn, the handler will always do a right about turn. Turn signs may be placed in any sequence and may be repeated. Two of each turn sign, as well as two "Normal" signs, must be available for the judge's use. The "Halt/Sit" sign will be used only once at the end of the exercise. The judge shall standardize the heeling pattern for all dogs in the class.

The dog must be on a 6-foot leash. The leash may be held in either hand or both hands, providing the hands are held in a natural position, or in one of the positions defined in [Section 2.19](#). However, any tightening or jerking of the leash or any act, signal or command which in the judge's opinion gives the dog assistance shall be penalized with the exception that there will be no penalty for one-time verbal praise or encouragement.

The handler shall enter the ring with their dog on a loose leash and stand with the dog sitting in the Heel position. The judge shall ask if the handler is ready before giving the order, "Forward." The handler may give a command or signal to Heel and shall walk briskly and in a natural manner with their dog on a loose leash. The dog shall walk close to the left side of the handler without swinging wide, lagging, forging or crowding. Whether heeling or sitting, the dog must not interfere with the handler's freedom of motion at any time. At the "Halt/Sit" sign, the handler will stop, and the dog shall sit straight and promptly in the Heel position without command or signal. The judge shall say, "Exercise finished," after this portion of the exercise.

8.7 Heel on Leash, Scoring

If a dog is unmanageable, or if its handler constantly controls its performance by tugging on the leash or adapts pace to that of the dog, the dog must be scored non-qualifying (NQ). Minor deductions shall be made for additional commands or signals to heel and for failure of dog or handler to noticeably accelerate forward for the Fast or to noticeably decelerate speed forward for the Slow. Minor deductions shall be made for such things as lagging, heeling wide, forging, crowding, poor sits, failure to sit when handler halts, handler failing to walk at a brisk pace, occasional guidance with leash and other imperfections in heeling.

One-time verbal praise or encouragement during this exercise will not be discouraged or penalized. Some examples of allowable praise include "Good dog," "Yes," "Atta-boy," "Atta-girl," or "Nice work."

8.8 Figure 8

The principal feature of this exercise is the ability of the dog and handler to work as a team. Orders for the exercise are "Forward," "Halt" and "Exercise finished." At the judge's discretion, tall cones as described in the Novice Figure 8 may either remain in the ring while all individual exercises are performed or be placed immediately before the Heel on Leash and Figure 8 exercise and removed once the judge calls "Exercise finished" after the Figure 8 exercise. If cones remain in the ring, they must be located so as to not interfere with other exercises in the class. If cones are removed and replaced, then the center of the cone placement spots must be marked before the start of the class, so that they are placed in the

same position for every team. The handler and dog will start from a position about equidistant from the two cones and face the judge, with the dog sitting in heel position.

Before starting the Figure 8 the judge shall ask if the handler is ready. Figure 8 signifies that on specific orders from the judge to "Forward" and "Halt", the handler shall walk briskly twice completely around and between the two cones that are placed 8 feet apart.

The Figure 8 in the Beginner Novice classes shall be done on leash. The handler may choose to go in either direction. There shall be no About Turn, Fast or Slow in the Figure 8, but the judge must order at least one Halt during and another Halt at the end of this portion of the exercise. After the final halt, the judge shall say, "Exercise finished."

8.9 Figure 8, Scoring

Figure 8 scoring is the same as for the Heel on Leash exercise.

8.10 Sit for Exam

The principal feature of this exercise is that the dog sits in position before and during the examination without displaying shyness or resentment. Orders are: "Sit your dog and leave when you are ready," "Back to your dog," and "Exercise finished." This exercise is to be performed with the dog on a six-foot leash.

On order from the judge, the handler may command and/or signal to the dog to stay in the sit position. The handler will walk forward about 6 feet to the end of the leash, turn around and stand facing the dog. The judge shall approach the dog from the front and shall touch only the dog's head using the fingers and palm of one hand only. The judge shall then order, "Back to your dog," whereupon the handler shall walk around behind the dog and return to heel position. The handler may gather the leash at any time while returning to the dog. The dog must remain sitting until after the judge has said, "Exercise finished."

8.11 Sit for Exam, Scoring

The scoring of this exercise will not start until the handler has given the command and/or signal to stay, except for such things as rough treatment of the dog by its handler or active resistance by the dog to sitting. Either of these shall be penalized substantially.

A dog shall be scored non-qualifying (NQ) if it displays shyness or resentment, growls or snaps at any time, or stands or lies down before or during the examination. Substantial deductions shall be made for any extra command or signal to stay. Minor or substantial deductions, depending on the circumstance, shall be made for a dog that moves its feet at any time or stands or moves away after the examination has been completed. Minor deductions shall be made for any tightening of the leash during the exercise.

8.12 Sit Stay - Handler Walks a T-Pattern

The principal feature of this exercise is that the dog remains in the sit position until the handler has returned to the dog. Orders for this exercise are "Sit your dog," "Leave your dog," and "Exercise finished." Judges will indicate prior to the start of this class whether handlers are to turn left or right after leaving their dog and walking to the opposite side of the ring. All competitors in a class shall turn in the same direction.

The handler and dog will set up for this exercise as for the Novice Sit Stay, positioned 4 feet from the ring barrier behind them and approximately midway along it. The handler will stand with the dog sitting or standing in heel position. The leash shall remain attached to the dog's collar and will be dropped or placed on the ground between the dog and the handler. The judge will ask, "Are you ready?" Upon command from the judge to "Sit your dog," the handler will command and/or signal the dog to sit. Upon command from the judge to "Leave your dog," the handler will command and/or signal the dog to stay and walk a T-pattern as described below.

The handler shall walk to the opposite side of the ring, turning 90 degrees either right or left as indicated by the judge at the outset of the class. The handler will then walk to the corner of the ring, make an about-turn, walk to the opposite corner of the ring, make another about-turn, and continue walking until reaching a position opposite their dog. The handler will then turn 90 degrees and return to their dog, walking around behind the dog counterclockwise to heel position. Once the handler has returned to heel position, the judge will give the command "Exercise Finished." The dog will remain in position until the judge commands, "Exercise Finished."

8.13 Sit Stay, Scoring

Scoring of this exercise will not start until after the judge has ordered the handler to leave their dog, except for such things as rough treatment of a dog by its handler or resistance by a dog to its handler's attempts to make it sit. Either of these shall be penalized substantially. In extreme cases, the dog may be excused.

A score of non-qualifying (NQ) is required for the following: the dog's moving a substantial distance away from the place where it was left at any time during the exercise, for the dog not remaining in the sit position until the handler has returned to the heel position, or for repeated barking or whining. A substantial deduction shall be made for a dog that moves even a minor distance away from the place where it was left, or that barks or whines only once or twice, or that changes its position after the handler has returned to the heel position and before the judge has given the order "Exercise finished." Minor or substantial deductions, even to the point of a non-qualifying (NQ) score, will be made for any additional commands or signals to the dog after the handler has commanded and/or signaled the dog to stay.

8.14 Recall

The principal features of this exercise are that the dog stays where left until called by its handler and that the dog responds promptly to the handler's command or signal to come. Orders are: "Leave your dog," "Call your dog," and "Exercise finished." The leash is removed for this exercise and kept by the handler.

On order from the judge, the handler may command and/or signal to the dog to stay in the sit position. The handler will then walk forward about 25 feet to a location specified by the judge where they shall turn and stand in a natural manner facing the dog. On judge's order or signal, the handler will command and/or signal for the dog to come. The dog must come directly in at a brisk trot or gallop and sit close enough that the handler could readily touch its head without moving either foot or having to stretch forward. The dog will not be required to finish. After the judge orders "Exercise finished," the handler will reattach the leash to the dog's collar. One-time verbal praise or encouragement while the dog is coming to the handler will not be discouraged or penalized.

8.15 Recall, Scoring

A dog must receive a score of non-qualifying (NQ) for the following: not staying without additional command or signal, moving from the place where left before being called or signaled, not coming to the handler, coming to the handler after more than two commands and/or signals to come, or not coming close enough so that the handler could readily touch its head without stretching or moving either foot. Minor or substantial deductions will be made for the handler's extra command or signal to come or to sit, for the dog's failure to come at a brisk trot or gallop, for the dog touching the handler, or for the dog's failure to sit. **Effective June 1, 2023.** Minor deductions will be made for slow or poor sits.

8.16 Ties

In case of ties for any prize in the Beginner Novice class, each dog shall be tested again, individually, by having it perform again the Beginner Novice Heel on Leash exercise. Should a tie not be broken by this method, each tied dog shall perform the entire Novice Heel on Leash exercise as performed in the Regular Novice class. The original score and any leg the team won shall not be changed regardless of the outcome of the run off. This includes, but is not limited to, events such as a dog fouling the ring.

8.17 Walk-Through

Prior to the start of the first Beginner Novice class, the judge will allow a brief walk-through of the heeling pattern for handlers from both the B and A classes without their dogs. The judge should be available in the ring during this period to point out the set-up location for all exercises, to state which direction the handlers should turn first on the sit stay exercise and to answer any questions the handlers might have. This session will probably take at most ten minutes, depending on the size of the entry and the number of questions.

Chapter 9. Graduate Novice Optional Titling Class

9.1 Graduate Novice Class

The Graduate Novice Class is an optional titling class that clubs may choose to offer at obedience trials. The Graduate Novice Class shall be for dogs not less than six months of age. Dogs in this class may also be entered at the same trial in any other classes for which they are eligible as defined in these regulations. Dogs in this class may be handled by the owner or any other person. A person may handle more than one dog in this class.

A qualifying score in an Optional Titling class shall be the same as that in a Regular class as defined in these regulations by [Section 1.10](#). Ribbons and prizes for Optional Titling classes shall be the same as those in Regular classes as defined in these regulations by [Section 1.14](#) and [Section 1.15](#). Scores and titles from Optional Titling classes shall not be applicable to High in Trial awards, Merit standings, Finals standings or Hall of Fame determinations.

9.2 Graduate Novice Title

ASCA will issue a Graduate Novice (GN) certificate to a dog with an ASCA registration, LEP number or an ASCA QTracker number, and will permit the use of GN after its name, when it has received three qualifying scores awarded by at least two judges.

9.3 Graduate Novice Exercises and Scores

The exercises and maximum scores in the Graduate Novice class:

Exercises	Maximum Scores
1. Heel Free and Figure 8	40 points
2. Drop on Recall	40 points
3. Retrieve on Flat	30 points
4. Dumbbell Recall over High Jump	30 points
5. Recall over Broad Jump	30 points
6. Stand-Stay/Get Your Leash	30 points
Maximum Total Score	200 points

9.4 Heel Free and Figure 8, Performance and Scoring

This exercise shall be executed in the same manner as the Novice Heel on Leash and Figure 8 exercise, using tall cones as described in the Novice Figure 8, except that the dog is off leash. Orders and scoring are the same as in the Novice Heel on Leash and Figure 8. At the judge's discretion, cones may either remain in the ring while all individual exercises are performed, or be placed immediately before the Figure 8 exercise, and removed once the judge calls "Exercise finished" after the Figure 8 exercise. If cones remain in the ring, they must be located so as to not interfere with other exercises in the class. If cones are removed and replaced, then the center of the cone placement spots must be marked before the start of the class, so that they are placed in the same position for every team.

9.5 Drop on Recall, Performance and Scoring

This exercise shall be executed in the same manner as the Open Drop on Recall, except that the handler may give a command and/or signal to drop.

9.6 Retrieve on the Flat, Performance and Scoring

This exercise shall be executed in the same manner as the Open Retrieve on the Flat, except for the following two differences. The minimum distance the handler must throw the dumbbell will be 10 feet. To send the dog the handler may give a command and/or signal.

9.7 Dumbbell Recall Over High Jump

The principal features of this exercise are that the dog promptly takes the dumbbell from the handler, stays until directed to jump, and promptly comes to the handler over the jump holding the dumbbell. Orders are "Give your dog the dumbbell," "Leave your dog," "Call your dog," "Take it," and "Finish."

The handler shall stand with their dog sitting in heel position at least 8 feet, or any reasonable distance beyond 8 feet, from the jump. On order, "Give your dog the dumbbell," the handler shall give the dog the dumbbell to hold. On order, "Leave your dog," the handler will command and/or signal for the dog to stay in the sit position while the handler walks at least 8 feet beyond the other side of the jump and then turns and directly faces dog as in the Novice Recall. On the judge's order, the handler will command or signal the dog to jump. The dog must clear the high jump and come sit in front of the handler to deliver the dumbbell. The high jump structure shall be the same as defined in the Open rules. Jump heights shall be the same as defined in the Open rules.

9.8 Dumbbell Recall Over High Jump, Scoring

A dog that fails to take the dumbbell on the first command must be scored non-qualifying (NQ). Minor or substantial deductions, depending on the extent, shall be made for a dog that drops, plays with or mouths the dumbbell as the handler walks away. In addition, all applicable penalties for the Novice Recall, Open Retrieve on the Flat and Open Retrieve Over the High Jump shall apply.

9.9 Recall Over Broad Jump

The principal features of this exercise are that the dog stays until directed to jump and promptly comes to the handler over the jump. Orders are "Leave dog," "Call your dog," and "Finish."

The handler shall stand with their dog sitting in heel position at least 8 feet, or any reasonable distance beyond 8 feet, from the jump. On order, "Leave your dog," the handler will command and/or signal for the dog to stay in the sit position while the handler walks at least 8 feet beyond the other side of the jump and then turns and directly faces dog as in the Novice Recall. On the judge's order, the handler will command or signal the dog to jump. The dog must clear the broad jump and come sit in front of the handler. The broad jump structure and length shall be the same as defined in the Open rules.

9.10 Recall Over Broad Jump, Scoring

All applicable penalties for the Novice Recall and Open Broad Jump shall apply.

9.11 Stand, Stay - Get Your Leash

The principal feature of this exercise is that the dog stand and stay in the position it is left until the handler has returned to heel position and the judge has said "Exercise Finished." The orders for this exercise are "Stand your dog," "Leave your dog to get your leash," and "Return to your dog."

The judge will ask the handler to stand their dog approximately 15 feet from the ring gate. The judge will ask "Are you ready?" before giving the order to "Stand your dog." The handler may command and/or signal the dog to stand without touching the dog or its collar. The dog must stand but need not stand in heel position. Next the judge will order "Leave your dog to get your leash," where the handler may give a command and/or signal for the dog to stay and will walk directly outside the ring gate to retrieve their leash. The handler will re-enter the ring, stop and wait at the entrance for the judge to order "Return to your dog." The handler then will return directly, walking around the back of the dog to heel position. The dog must remain standing until the judge has said "Exercise finished." The judge will then instruct the handler to attach their leash to the collar and maintain control of their dog while exiting. The handler is required to exit the ring gate with the dog under control, not pulling or tugging on the leash or jumping.

The judge will decide where the leash will be located outside of the ring prior to starting the class. The leash will be placed in such a location by the steward after the dog and handler have entered the ring for judging. The dog and handler will be positioned so the dog can have a direct line of vision with the handler as they leave and return to the ring, and so that the handler, when reentering the ring, is at least 15 feet away from the dog until ordered to return. Once the exercise has been completed, the judge must watch the handler and dog until they exit the ring gate.

9.12 Stand Stay - Get Your Leash, Scoring

A non-qualifying score is required for a dog that fails to stand on the first command and/or signal, moves a substantial distance away from where it was left, changes position (sit or down) before the handler has returned to heel position, or repeatedly whines or barks. Minor or substantial deductions will be made for a dog that moves its feet repeatedly while remaining in place or moves a short distance. A substantial deduction must be made under Miscellaneous Penalties for a dog that does not remain under control while exiting the ring.

Chapter 10. Graduate Open Optional Titling Class

The new section below is effective at the completion of computer programming - **date TBA**.

10.1 Graduate Open Class

The Graduate Open class is an optional titling class for all dogs that clubs may choose to offer at obedience trials. The Graduate Open Class shall be for dogs not less than six months of age. Dogs in this class may also be entered at the same trial in any other classes for which they are eligible as defined in these regulations. The owner or any other person may handle dogs in this class. A person may handle more than one dog in this class. This class may be judged by anyone approved to judge Open or higher classes.

A qualifying score in an Optional Titling class shall be the same as that in a Regular class as defined in these regulations by [Section 1.10](#). Ribbons and prizes for Optional Titling classes shall be the same as those in Regular classes as defined in these regulations by [Section 1.14](#) and [Section 1.15](#). Scores and titles from Optional Titling classes shall not be applicable to High in Trial awards, Merit standings, Finals standings or Hall of Fame determinations.

10.2 Graduate Open Title

ASCA will issue a Graduate Open (GO) certificate to a dog with ASCA registration or a QTracker number and will permit the use of GO after its name, when it has received three qualifying scores awarded by at least two judges.

10.3 Graduate Open Exercises and Scoring

Exercises	Maximum Scores
1. Signal Exercise	40 points
2. Go Out	30 points
3. Moving Stand and Examination	30 points
4. Scent Discrimination	30 points
5. Directed Jumping	40 points
6. Directed Retrieve	30 points
Maximum Total Score	200 points

Prior to the start of judging, the judge will decide which jump will be performed and which glove retrieved and post this information at ringside at least thirty minutes before the class is scheduled to begin. If there is only a start time for the show, it shall be posted thirty minutes before the show is scheduled to begin. The judge will designate the same jump and glove for each handler. For each judging assignment, judges are required to alternate the jump and glove used.

10.4 Signal Exercise

The principal features of this exercise are the ability of dog and handler to work as a team while heeling, and the dog's correct response to the commands and/or signals to Stand, Stay, Down, Sit and Come. Orders are the same as in Heel on Leash with the additions of "Stand your dog," which shall be given only when dog and handler are walking at normal pace, and "Leave your dog." The judge must use signals for directing the handler to command and/or signal the dog to Down, to Sit, and to Come, in that sequence, and to Finish. Heeling in the Signal Exercise shall be done in the same manner as in Heel Free, except that the handler shall use signals only and must not speak to their dog at any time during this portion of the exercise. On order from the judge, "Forward," the handler may signal their dog to walk at heel and on specific order from the judge in each case, shall execute a Left turn, Right turn, About turn, Halt, Slow, Normal and Fast. These orders may be given in any sequence and may be repeated as necessary, but the judge shall attempt to standardize the heeling pattern for all dogs in the class.

On order from the judge, and while the dog is walking at heel, the handler shall signal the dog to Stand in the Heel position near one end of the ring. On further order, "Leave your dog," the handler will command and/or signal the dog to Stay, go at least 10 feet from the dog, and turn to face the dog. On separate and specific signals from the judge, the handler will give commands and/or signals to Down, to Sit, to Come and to Finish as in the Novice Recall.

10.5 Signal Exercise, Scoring

A dog that fails, on a command and/or signal from the handler, to Stand or remain standing where left, or to Down, or to Sit and Stay, or to Come, shall be scored non-qualifying (NQ). Minor or substantial deductions, depending on the specific circumstances in each case, shall be made for a dog that walks forward on the Stand, Down or Sit portions of the exercise. All the penalties listed under the Heel on Leash and Figure 8 and the Novice Recall exercises shall apply.

10.6 Scent Discrimination Performance and Scoring

This exercise will be performed and scored the same as in the Utility Scent Discrimination exercise except as stated in this section. The handler will present two sets of articles, each comprised of either two, three, or four identical objects made of either wood, leather, or metal. Only one article will be retrieved. It is the handler's discretion as to which type of article is retrieved.

The judge will ask: "How will you set up, facing the articles or facing away?" If the handler chooses to face away from the articles, the exercise will be performed and scored as in Utility.

If the handler chooses to face the articles, the exercise will be performed as follows. The handler will stand with the dog sitting in heel position facing the articles, and the judge will order "Take the article". Judging begins when the judge takes the handler's scented article, at which time the dog must be sitting in heel position beside the handler until directed to retrieve the article. Failure to remain in a Sit after the judge takes the scented article, but prior to the judge's order, "Send your dog," will be a substantial deduction.

10.7 Go Out

The principal features of this exercise are that the dog goes away from the handler to the opposite end of the ring and stops as directed. The orders are: "Send your dog" and "Back to your dog." The handler will choose how far from the go out point to set up, with the dog sitting in heel position from a position on the center line of the ring, and between 20 feet before the line of the jumps up to midway between the jumps, as shown in the diagram below. On the order from the judge, the handler shall command and/or signal the dog to go forward at a brisk trot or gallop to the go-out point about 20 feet beyond the jumps and in the approximate center. When the dog reaches this point, the handler will give a command to Sit; the dog must stop and sit with its attention on the handler but need not sit squarely. On the judge's order the handler will return to the heel position by walking around and in back of their dog.

10.8 Go Out, Scoring

A dog must receive a score of non-qualifying (NQ) for the following: anticipating the handler's command and/or signal to go out, not leaving the handler, not going out between the jumps, or not stopping on command and remaining at least 10 feet beyond the jumps without an additional command.

Substantial deductions shall be made for a dog that stops or sits before the handler's command to sit, fails to sit, receives an additional command to sit after the dog has stopped, and for a dog that is obviously stopped by the ring barrier rather than the handler's command. Minor to substantial deductions shall be made, depending on degree, for a dog that turns on

the go out before the command to Sit, or for slowness in going out. Depending on the extent of the deviation from a Sit along the approximate center line of the ring and approximately 20 feet beyond the line of the jumps, minor to substantial deductions shall be made.

10.9 Directed Jumping

The principal features of this exercise are that the dog stays where it's left, jump as directed, and return as in the Recall. The handler will stand with the dog sitting in heel position at the go out point as shown in the diagram on the right. The judge will ask, "Are you ready?" before giving the order to leave the dog. On the judge's order, the handler may give a command and/or signal to the dog to Stay then walk forward to the other end of the ring, turn to face the dog and stand with the arms and hands hanging naturally. The judge will designate which jump is to be taken by the dog and shall order either "High" or "Bar" when designating either the High or Bar Jump. The handler shall command and/or signal the dog to return to them over the designated jump. While the dog is in midair the handler may turn so as to be facing the dog as it returns. The dog shall Sit in front of the handler and, on order from the judge, Finish as in the Novice Recall. The dog will be sent over only one jump.

10.10 Directed Jumping, Scoring

A dog must receive a non-qualifying (NQ) score for the following: if it is given an additional command and/or signal to Stay, moves from the place it was left or anticipates the handler's command and/or signal to jump; fails to jump; returns over the wrong jump; knocks the bar off the uprights; or uses the top of any jump for aid in going over. Substantial or minor deductions, depending on the extent, shall be made for touching the jumps, or for any display of hesitation or reluctance to jump. All applicable penalties of the Novice Recall exercise will apply.

10.11 Moving Stand and Examination Performance and Scoring

This exercise will be performed and scored the same as in the Utility Moving Stand and Examination except that the handler may pause/hesitate when giving the command and/or signal to stand.

10.12 Directed Retrieve Performance and Scoring

This exercise will be performed and scored the same as in the Utility Directed Retrieve except that a center glove is not used.

Chapter 11. Versatility Optional Titling Class

11.1 Versatility Class

The Versatility Class is an optional titling class that clubs may choose to offer at obedience trials. The Versatility Class shall be for dogs not less than six months of age, capable of performing the Utility exercises. Dogs in this class may also be entered at the same trial in any Regular and/or Non-regular classes for which they are eligible as defined in these regulations. A dog entered in the Versatility class may be handled by the owner or any other person. A person may handle more than one dog in this class. Each handler will provide a dumbbell, scent discrimination articles and directed retrieve gloves. This class may be judged by anyone approved to judge Utility.

A qualifying score in an Optional Titling class shall be the same as that in a Regular class as defined in these regulations by [Section 1.10](#). Ribbons and prizes for Optional Titling classes shall be the same as those in Regular classes as defined in these regulations by [Section 1.14](#) and [Section 1.15](#). Scores and titles from Optional Titling classes shall not be applicable to High in Trial awards, Merit standings, Finals standings or Hall of Fame determinations.

11.2 Versatility Title

ASCA will issue a Versatility Obedience Dog Title (VER) certificate to a dog with an ASCA registration, LEP number or an ASCA QTracker number, and will permit the use of VER after its name, when it has received three qualifying scores awarded by at least two judges. Each additional time a dog is certified as receiving three qualifying scores awarded by at least two judges, the applicable number following the title may be added (such as VER2, VER3, and so forth).

11.3 Selecting Versatility Orders

Prior to the start of judging, the judge will decide the order of exercises to be performed in this class and which glove will be retrieved if the combination includes the Directed Retrieve exercise. The order and glove number will be posted at the

ring, at least thirty minutes before the class is scheduled to begin. Judges should rotate the Versatility order and the assigned glove number for each judging assignment.

11.4 Versatility Exercises, Order and Scores

All exercises will be performed and judged as in the Regular classes. For this class, scent discrimination articles 1 and 2 will be considered as a single Scent Discrimination exercise. There will be no group exercises. It is recommended that tall cones be inside the ring only during the Heel Free and Figure 8 exercise. However, a judge may leave the cones inside the ring for the full class if the cones are placed where they will not conflict with the execution of any exercise. If cones are removed and replaced, then the center of the cone placement spots must be marked before the start of the class, so that they are placed in the same position for every team.

VERSATILITY ORDER I		VERSATILITY ORDER II	
1. Heel Free/Figure 8	40 points	1. Signal Exercise	40 points
2. Directed Retrieve	30 points	2. Broad Jump	30 points
3. Retrieve Over High Jump	30 points	3. Moving Stand	30 points
4. Directed Jumping	40 points	4. Retrieve on the Flat	30 points
5. Drop on Recall	30 points	5. Scent Discrimination	40 points
6. Moving Stand	30 points	6. Retrieve Over the High Jump	30 points
Maximum Total Score	200 points	Maximum Total Score	200 points
VERSATILITY ORDER III		VERSATILITY ORDER IV	
1. Retrieve on the Flat	30 points	1. Broad Jump	30 points
2. Directed Retrieve	30 points	2. Scent Discrimination	40 points
3. Signal Exercise	40 points	3. Figure 8/Heel Free	40 points
4. Retrieve Over the High Jump	30 points	4. Directed Retrieve	30 points
5. Drop on Recall	30 points	5. Moving Stand	30 points
6. Directed Jumping	40 points	6. Retrieve on the Flat	30 points
Maximum Total Score	200 points	Maximum Total Score	200 points
VERSATILITY ORDER V			
1. Directed Jumping	40 points		
2. Retrieve Over the High Jump	30 points		
3. Recall	20 points		
4. Scent Discrimination	40 points		
5. Retrieve on the Flat	30 points		
6. Signal Exercise	40 points		
Maximum Total Score	200 points		

Chapter 12. Non-Regular Classes

12.1 Ribbons and Prizes

A Qualifying score shall not be required for the awarding of ribbons and prizes in any non-regular class.

12.2 Sub-Novice Class

The Sub-Novice Class shall be for dogs not less than six months of age that have not been certified by a judge to have received a Qualifying score towards a CD title prior to the closing of entries. Dogs in this class may be handled by the owner or any other person. A person may handle more than one dog in this class, but each dog must have a separate handler for the Long Sit and Long Down exercise when judged in the same group. Dogs entered in Sub-Novice may not be entered in any other regular class held at the same show and on the same day.

Performance and judging shall be as in the Novice class with the exception of the Heel Free exercise. All exercises are performed on a six-foot leash.

The exercises and maximum scores in the Sub-Novice class:

Exercises	Maximum Scores
1. Heel on Leash and Figure 8	40 points
2. Stand for Examination on Leash	30 points
3. Recall on Leash	30 points
4. Long Sit on Leash	30 points
5. Long Down on Leash	30 points
Maximum Total Score	160 points

Heel on Leash and Figure 8: Shall be the same as in the Novice classes, using tall cones as described in the Novice Figure 8, with cones remaining in the ring while all individual exercises are performed. The scoring for the exercise is the same as in the Novice classes.

Stand for Examination on Leash: The same as in the Novice classes but the dog is on leash, and the handler is at the end of a 6-foot leash. The scoring of the exercises is the same as in the Novice class.

Recall on Leash: The same as in the Novice classes but the dog is on leash. The scoring for the exercise is the same as in the Novice class.

Group Exercises: Shall be the same as in the Novice classes. The scoring for the exercises is the same as in the Novice class. See [Section 3.16](#).

12.3 Brace Class

The Brace class shall be for braces of dogs of the same breed that are eligible under these Rules and Regulations and capable of performing the Novice exercises. The dogs need not be owned by the same person but must be handled by one handler. Dogs may be shown unattached or coupled (the coupling device to be not less than 6 inches over- all length); whichever method is used must be continued throughout all exercises. A separate Official Entry Form must be completed in full for each dog entered. Exercises, performances and judging shall be as in the Novice class. Tall cones for the Figure 8 exercise as described in the Novice Figure 8 will remain in the ring while all individual exercises are performed. The brace should work in unison at all times. Either or both dogs in a brace may be entered in another class or classes at the same trial.

12.4 Seniors Class

The Seniors class shall be for dogs that have an obedience title and are seven or more years old on the date of the trial. The exercises shall be performed and judged as in the Novice class. Dogs entered in the Seniors class may be entered in any regular class that they qualify to enter.

12.5 Wild Card Novice, Open and Utility Classes

These classes are for any dog that is capable of performing the Obedience exercises and that is eligible under the Obedience Regulations to compete in ASCA events. Owners may enter more than one dog, and dogs in these classes may be handled by the owners or any other person and may be entered in other classes at the trial.

The exercises (Novice, Open, and Utility): These exercises will be performed and judged according to ASCA Regulations as in the Regular class (Novice, Open, and Utility). These exercises will be performed in the same order as the A class, except that verbal praise and encouragement during the exercises will not be discouraged or penalized. However, any additional commands to the dog will be penalized. Upon check-in at ringside, the handler will specify to the table steward which exercise the handler selects not to perform. This will be indicated on the entrant's score sheet. This choice, when presented to the judge, will excuse them from performing the specified exercise while receiving a perfect score for that exercise. The handler does not have to drop an exercise.

The exercises, maximum scores, and order of judging in the Wild Card Classes are as described in the ASCA Obedience Regulations.

12.6 Team Class

The team class shall be for teams of any four dogs that are eligible under these Regulations. Five dogs may be entered, one to be considered an alternate for which no entry fee shall be required. However, the same four dogs must perform all exercises. Dogs need not be owner-handled, need not be entered in another class at the same trial, and need not have obedience titles. A separate Official Entry Form must be completed in full for each dog entered. There shall be two judges, one of whom will call commands while the other scores the teams' performances. The teams will be judged one at a time, except for the Long Sit and Long Down exercise, which shall be done with no more than four teams (sixteen dogs) in the ring. The dogs on a team will perform the exercise simultaneously and will be judged as specified for the Novice class, except that a Drop on Recall will be used in place of the Recall exercise. In all exercises except the Drop on Recall, the teams have the option of executing the judge's commands on the team captain's repeat of the command.

In the Figure 8 portion of the Heel on Leash exercise, five tall cones as described in the Novice Figure 8 will be used. Tall cones are placed immediately before the Heel Free and Figure 8 exercise and removed once the judge calls "Exercise finished" after the Figure 8 exercise. The center of the cone placement spots must be marked before the start of the class, so that they are placed in the same position for every team. The cones shall be set 8 feet apart in a straight line. One handler, with dog sitting in Heel position, shall stand about equidistant from each of two cones, all members of the team facing in the same direction. On orders from the judge, the team shall perform the Figure 8, each handler starting around the cone on their left and circling only the two cones between whom they had been standing.

In the Drop on Recall exercise, the handlers will leave their dogs simultaneously on command of the judge. The dogs shall be called or signaled in, one at a time, on a separate command from the judge to each handler. The handler shall, without any additional command from the judge, command or signal their dog to Drop at a spot midway between the line of dogs and the handlers. Each dog shall remain in the Down position until all four have been called and dropped, whereupon the judge shall give the command to call the dogs, which shall be called or signaled simultaneously. The Finish shall be done in unison on command from the judge.

Obedience Group Exercises shall be performed either first, before the individual exercises, or as the individual exercises are completed, at the discretion of the Host Club, and so stated in the show/trial flyer or premium list. The Long Sit and Long Down Group Exercises performance and judging shall be similar to the novice finals stay groups. Dogs will be lined up in two facing rows, with up to four dogs lined up on each of the long sides of the ring positioned 4 feet off the ring gates.

12.7 Team Class, Scoring

Scoring of the Team class shall be based on the performance of the dogs and handlers' individually plus team precision and coordination. Each dog and handler will be scored against the customary maximum, for a team total of 800 maximum available points. Individual dog's score need not be recorded.

The exercises and maximum scores:

Exercises	Maximum Scores
1. Heel on Leash	160 points
2. Stand for Examination	120 points
3. Heel Free	160 points
4. Drop on Recall	120 points
5. Long Sit	120 points
6. Long Down	120 points
Maximum Total Score	800 points

Chapter 13. Special Recognition

Honor Dog recognition will be accorded to any dog who receives a score of 195 or better in the first three attempts in achieving an obedience title (excluding UDX and OTCH). Each team will be acknowledged for their achievement with an Honor Dog Certificate.

To receive an Honor Dog recognition, the owner must notify the ASCA Business Office in writing listing dog's name, dog's registration, LEP, or QTracker number, and information from each of the three obedience trials. This should include club, date, location, judge and score for each trial. The ASCA Business Office will send the owner an Honor Dog Certificate. Owners of Australian Shepherds will be recognized with their name and picture in the Aussie Times. To be included in the Aussie Times, the owner must send a photo with relevant information on the Honor Dog recognition to the editor.

Chapter 14. Obedience Finals

14.1 Purpose of the Obedience Finals

The ASCA Obedience Finals competitions are designed to showcase ASCA's finest obedience dogs to the fancy by those breeders, owners and handlers who take pride in their contribution to the Australian Shepherd breed.

14.2 Purpose and Audience for this Document

The purpose of this document is to provide a reference for the Obedience Final Competitor and the Obedience Show Finals Chair as well as anyone interested in an overview of the ASCA Obedience Finals. We assume that the competitor is aware of and understands the ASCA Obedience rules.

14.3 Obedience Finals Supporting Documentation

The following rule books and forms are located on the ASCA web site in the following locations:

Obedience Rules and Regulations: <https://asca.org/wp-content/uploads/2022/10/obedrules.pdf>

National Specialty Hosting Rules: <https://asca.org/wp-content/uploads/2022/11/nationalspecialtyrules.pdf>

Obedience Finals Entry Form: <https://asca.org/wp-content/uploads/2016/04/obedentryform.pdf>

14.4 Administrative Requirements

This section describes the basic requirement regarding the qualifications of the Obedience Show Finals Chair, Judges, Stewards and general site requirements.

14.4.1 OBEDIENCE SHOW FINALS CHAIR REQUIREMENTS

- A. The Obedience Show Finals Chair will be familiar with all aspects of hosting an obedience trial.
- B. The Obedience Show Finals Chair will work with the ASCA Obedience Committee Chair, either by phone or email, to ensure all procedures and requirements are met.
- C. The Obedience Show Finals Chair will send a briefing letter to all the Finalists and Alternates for whom the ASCA Business Office has received Finals entries at least ten days before the Finals. The letter may be emailed or sent through the mail. The letter will include relevant scheduling information and reminders.
- D. The Obedience Show Finals Chair and the ASCA Obedience Committee Chair or designated Committee member will meet with the Finals judges prior to the event to review all rules and scoring procedures used during the Finals competition.
- E. The Obedience Show Finals Chair will prepare the judges' books in the correct run order. It is recommended that the judges' books be completed once the exhibitor run order is finalized.
- F. The Obedience Show Finals Chair will ensure the ring stewards are ringside one hour before the scheduled start time and will ensure both rings are set up and ready at least one hour before the scheduled start time.

14.4.2 JUDGE REQUIREMENTS

The Obedience Show Finals Chair will hire judges who are knowledgeable of all ASCA Obedience rules and procedures. Judges for the Obedience Finals will not judge any other obedience trials held in conjunction with the National Specialty or Pre-show trials.

14.4.3 STEWARD REQUIREMENTS

The Obedience Show Finals Chair will find experienced obedience stewards - three per ring, a gate steward, a table steward and a ring steward. It is acceptable to have one inexperienced steward if the other two are experienced.

The Nationals Committee must make every effort to find experienced stewards to work during the Finals to ensure a smooth flowing event.

The gate steward will make sure each team is ready to enter the ring when the judge is ready. The table steward is responsible for the paperwork. The ring and gate stewards will set the jumps, place cones for the Figure 8 exercise, hold the clipboard for the judge during the moving stand, set out scent articles and gloves for the retrieval exercises. The stewards will take the dog's leash from the handler in the ring and return the leash back to the handler in the ring.

14.4.4 SITE AND RING REQUIREMENTS

14.4.4.1 Warm-up Area

The Nationals Committee will make every effort to provide an area or spare ring for teams to use for warmup.

14.4.4.2 Crating Area

The Nationals Committee will provide crating space for teams close to the rings. Ideally this space will be available to them the day before the Finals. If crating space is not available the day before, it will be available at least one hour before the start of the Finals competition.

14.4.4.3 Ring Size and Matting

- A. The ring sizes are 40 x 50 feet as per the obedience regulations found in [Section 1.26](#). When the Finals are held indoors and space is a consideration, the ring size can be reduced to 35 x 50 feet.
- B. If the ring does not have traction or is slippery or otherwise considered a hazard to handlers or dogs, the ring must be fully matted. The judges will determine if mats are necessary and will notify the Obedience Show Finals Chair that corrective action must be immediately taken.
- C. If ring mats are used, the entire ring must be matted.
- D. The rings will be clean and ready to use two hours prior to the start of the Finals.
- E. Two full sets of regulation jumps are required.
- F. If the Finals are held outside on grass, and the grass is wet, the Nationals Committee will supply sand to use around any jumps to ensure proper, safe footing. The judge will decide if the sand should be used.

14.5 Conducting the Obedience Finals

14.5.1 GENERAL

The Nationals Committee will conduct the Obedience Finals in conjunction with the National Specialty each year. The ASCA Obedience Committee strongly suggests the Nationals Committee not allow other obedience competitions on the same day as the Obedience Finals. The Obedience Finals should be the exhibitors' top priority on that day, and they are to be ringside when their class is run in order not to hold up the other exhibitors.

14.5.2 FINALS OBEDIENCE JUDGES

There are two judges to judge each Finalist once in each ring, except for Super Dog, which is judged twice in each ring by each judge. The Obedience Show Finals Chair will plan a schedule to minimize any conflicts between runs between the two judges.

14.5.3 TIMEFRAME

A short handler meeting will be scheduled before the start of judging to brief handlers on topics such as key differences between Finals and regular trials, scheduling details or last-minute changes, judge and steward introductions, and whatever judges want to share about how they run a ring. Attending the meeting will be optional for handlers. The Finals will be held over the course of one day. Up to nine hours should be allowed for judging and for breaks for the judges. The Finals consists of two runs each of Novice, Open CDX, Open ODX, and Utility plus four runs of Super Dog.

14.5.4 SELECTING OPEN, UTILITY AND SUPER DOG CLASSES

The Obedience Show Finals Chair chooses the Open and Utility runs from the B class mixed orders and posts the class order ringside at least one hour before the class begins. The Obedience Show Finals Chair verifies that a different run order be used for each ring in Open and Utility. The run order for Open and Utility classes are available in the ASCA Obedience Rules and Regulations, [Chapter 4](#) Open and [Chapter 5](#) Utility.

14.5.5 DIVISION DETAILS

Novice:

1. One Novice class per ring.
2. Group stays take place first thing in the morning with staggered times for each ring.
3. Group stays will have up to five dogs on each of the long sides of the ring, spaced 8 feet apart and with their backs approximately 4 feet from the gate. If seven or fewer dogs are competing, dogs will be lined up on one long side of the ring; for eight to ten dogs, they will be lined up in two facing rows, up to five per side.

Open CDX:

1. One Open class per ring.
2. Open B mixed orders used.

Open ODX:

1. One Open class per ring.
2. Open B mixed orders used.

Utility:

1. One Utility class per ring.
2. Utility B mixed orders used.

Super Dog:

1. One Open class using Open B mixed orders.
2. No Command Discrimination or Stand Stay - Get Your Leash and no DOE exercises in Super Dog Open.
3. One Utility class using Utility B mixed orders.
4. One Super Dog mixed order class per ring using Super Dog Orders.

14.5.6 SELECTING OPEN, UTILITY AND SUPER DOG ORDERS

The Obedience Show Finals Chair chooses the Open and Utility runs from the B class mixed orders and posts the class order ringside at least one hour before the class begins. The Obedience Show Finals Chair verifies that a different run order be used for each ring in Open and Utility. The run order for Open and Utility classes are available in the ASCA Obedience Rules and Regulations, [Chapter 4](#) Open and [Chapter 5](#) Utility.

For Super Dog, the Obedience Show Finals Chair shall choose from one of the five B class orders from Open B and Utility B and two of the four Super Dog mixed orders listed in the section marked Super Dog Orders and Exercise Point Values. The Obedience Show Finals Chair will ensure two different Super Dog mixed orders are used for each ring.

14.5.7 SUPER DOG ORDERS AND EXERCISE POINT VALUES

SUPER DOG ORDER I		SUPER DOG ORDER II	
1. Heel Free/Figure 8	40 points	1. Signal Exercise	40 points
2. Directed Retrieve	30 points	2. Broad Jump	30 points
3. Retrieve Over High Jump	30 points	3. Moving Stand	30 points
4. Directed Jumping (20 points per jump)	40 points	4. Retrieve on the Flat	30 points
5. Drop on Recall	30 points	5. Scent Articles (20 points per article)	40 points
6. Moving Stand	30 points	6. Retrieve Over High Jump	30 points
Maximum Total Score	200 points	Maximum Total Score	200 points
SUPER DOG ORDER III		SUPER DOG ORDER IV	
1. Retrieve on the Flat	30 points	1. Broad Jump	30 points
2. Directed Retrieve	30 points	2. Scent Articles (20 points per article)	40 points
3. Signal Exercise	40 points	3. Figure 8/Heel Free	40 points
4. Retrieve Over High Jump	30 points	4. Directed Retrieve	30 points
5. Drop on Recall	30 points	5. Moving Stand	30 points
6. Directed Jumping (20 points per jump)	40 points	6. Retrieve on the Flat	30 points
Maximum Total Score	200 points	Maximum Total Score	200 points

14.5.8 CLASS ORDER AND RUNNING ORDER OF THE ENTRANTS

After receiving the finalist entries from the ASCA Business Office, the Obedience Show Finals Chair will plan class order in each ring in a way to minimize conflicts. The ASCA Obedience Committee Chair or designated Committee member will assist in the scheduling, as needed. Group stays for the Novice class will take place first thing in the morning with staggered times for each ring. The group start times will be scheduled so that no handler is needed in two rings at the same time, all dogs will have a minimum of fifteen minutes between the end of their first set of groups and the beginning of their second set of groups. The Obedience Show Finals Chair determines the exhibitor run order by drawing numbers. Dogs will not run in their order of ranking. The Obedience Show Finals Chair will post the exhibitor run order ringside at least one hour before the start of the Finals. Each judge will use the same exhibitor running order.

14.5.9 SCORING AND PLACEMENT

The points lost by each Finalist will be totaled and the Finalist with the least number of points lost is the winner of their division. There will be no placements in the individual rings and no run-offs before the scores from both rings are totaled for all finals divisions. Placements are also awarded to second through tenth place and will be denoted as such on the rosettes.

There will be a Finals winner from each of the following divisions: Novice, Open CDX, Open ODX, Utility and Super Dog. The winner will carry the title of (year won) ASCA Champion (Novice, Open CDX, Open ODX or Utility) Obedience Dog. The winner of the Super Dog category will carry the title of (year won) ASCA Supreme Champion Obedience Dog and will have its picture on the cover of the May/June Aussie Times.

14.6 Judging

- A. The Obedience Finals requires two judges. The Obedience Finals entrants will show under each judge. The Obedience Show Finals Chair, or designated aid, will add the points lost from each judge to determine the Finals placements.
- B. Each judge shall judge one run of Novice, one run of Open CDX, one run of Open ODX, one run of Utility and one run of Super Dog mixed orders. In the Super Dog division, the Obedience Show Finals Chair will use a coin toss to determine which judge will judge Super Dog Open and which will judge Super Dog Utility.
- C. Each judge will stay with their assigned ring. The dog and handler teams will change rings for each run.
- D. The Obedience Show Finals Chair determines the running order of the classes and rings for the day of competition.
- E. The Obedience Show Finals Chair determines which mixed orders are used for all classes using mixed orders (Open CDX, Open ODX, Utility, Super Dog Open, Super Dog Utility, and Super Dog mixed orders).
- F. Each dog shall have two runs, one under each judge with the exception of Super Dog. Super Dog competition will consist of one run of Utility B, one run of Open B omitting Command Discrimination and Stand/Stay/Get Your Leash and ODX Directed Open Exercises, and two runs of the Super Dog mixed orders.
- G. The Obedience Show Finals Chair will ensure each ring uses a different mixed order from the Open B, Utility B and Super Dog mixed orders.

- H. The points lost will be added for each dog for the two runs, or four runs in the case of Super Dog, to determine the placements. All scores will be used. If an exercise receives an NQ, points will be deducted equal to the full value of the exercise. Scores from all remaining exercises will be used.
- I. Super Dog placements are determined by totaling the points lost from the one Super Dog Open score, the one Super Dog Utility score, and the two scores of Super Dog mixed orders.
- J. If there are tied scores, within any division, placements are determined by a run-off using the Novice heel free exercise. The only run-offs will be for dogs with tied scores after the scores from both rings are totaled. The run-off judge will be determined by flipping a coin. Runoffs will be done after all dogs have competed; this includes any bitches in season.
- K. The ASCA Obedience Rules and Regulations will be the standard by which these classes are judged with the following exceptions:
 - 1. Judges will score each directed jump in Utility separately. Each jump, high and bar, is scored 20 points.
 - 2. Judges will score each group exercise in Novice separately. Each group stay, sit, and down, is scored 15 points.
 - 3. The Super Dog run orders will be used for the Super Dog competition.
 - 4. CDX Command Discrimination and Stand/Stay/Get Your Leash and ODX Directed Open exercises are eliminated from the Super Dog division.
 - 5. Bitches in season are allowed to compete but will run last.
 - 6. Official placements will include first through tenth. All teams will receive a numerical placement.
- L. The Obedience Show Finals Chair determines run-off judge by a coin toss and that judge's ring shall be used for all run-offs.

14.7 Qualifying for the Finals

The qualifying year shall run from June 1st to May 31st of the following year.

14.7.1 NOVICE

The dog's top three qualifying scores from Novice A and/or Novice B during the present qualifying year will be added and averaged. The total and average will be listed in the Aussie Times.

14.7.2 COMPANION DOG EXCELLENT

The dog's top three qualifying scores from CDX A (previously called Open A) and/or from CDX B (previously called Open B) during the present qualifying year will be averaged. Dogs can compete in CDX B indefinitely and thus are eligible for Top Ten CDX Finals standings indefinitely.

14.7.3 OPEN DOG EXCELLENT

The dog's top three qualifying scores from ODX A and/or from ODX B during the present qualifying year will be averaged. Dogs can compete in ODX B indefinitely and thus are eligible for the Top Ten ODX Finals standings indefinitely.

14.7.4 UTILITY

The dog's top three qualifying scores from Utility A and/or Utility B during the qualifying year will be averaged. Dogs can compete in Utility B indefinitely and thus are eligible for Top Ten Utility Finals standings indefinitely.

14.7.5 SUPER DOG

For scores to count for Super Dog finals, dogs must qualify in Open B CDX and Utility B or Open B ODX and Utility B at the same trial. If qualifying via the CDX class, a dog must have already earned a CDX and a UD. If qualifying via the ODX class, a dog must have already earned an ODX and a UD. The dog's top three combined qualifying scores from CDX B and Utility B and/or from ODX B and Utility B during the present qualifying year will be averaged and added. There will be one Super Dog Finals regardless of whether dogs qualify via the CDX or the ODX class. There will be no Command Discrimination or Stand Stay - Get Your Leash Exercises or Directed Open Exercises in Super Dog Finals. Dogs are eligible for Top Ten Super Dog finals standings indefinitely.

14.8 Eligibility of Entrants

- A. Eligible dogs are ASCA registered Australian Shepherds, including LEP, that have received three qualifying scores in each division the dog will be competing in at the Finals.
- B. Novice dogs can earn their Open title AFTER May 31st and still be eligible for the Novice division for which they qualified during the year in question. If the Novice dog earns its Open title on or before May 31st, the Novice scores will be void and the Open scores will be used to calculate eligibility to qualify for the Finals in the Open division.
- C. If a dog is ranked in both Open CDX and Open ODX, the handler may enter both Finals by sending in two separate Finals entry forms - one for CDX and one for ODX.

- D. Dogs must have their UD titles to compete in the Super Dog category.
- E. If a dog is ranked in Super Dog, that dog may only show in the Super Dog category and will not be listed for either Open or Utility. This will allow more dogs to compete in the Finals.
- F. If a dog that has not earned three qualifying Super Dog legs earns three qualifying scores in Utility, that dog may only show in Utility and will not be listed for Open finals.
- G. Only full ASCA members may accumulate points toward the Obedience Finals.
- H. The ASCA Business Office keeps track of the results of the ASCA obedience trials.
- I. Eligible dogs for the Obedience Finals are the top ten obedience dogs, ranked in the Aussie Times from eligible obedience categories at the end of Finals year.
- J. Breaking Ties: In the event that there are more than ten dogs ranked in the top ten for any category, ties will be broken using the following methods in the order listed as necessary until all tie(s) are broken:
 1. Average the top two scores from the Finals year
 2. Highest individual score
 3. Draw by ASCA Business Office
 4. Repeat this process for all ties until the maximum allowed number of dogs is reached.
- K. The ASCA Business Office will send the Nationals Committee the Obedience Finals entry form for each dog whose owner has stated their intent to show by the close of the pre-entries for the Nationals.

14.9 Verification of Eligibility

- A. The ASCA Business Office will notify all eligible contestants and alternates of their standing by first class mail if they have qualified for the Finals on or about July 1st of the year the competition will be held. The ASCA Business Office will notify foreign qualifiers using the best method to insure they receive their notification.
- B. The ASCA Business Office will contact the next twenty dogs listed (including dogs that have been in ties) as alternates. If there is a tie between alternates, the ASCA Business Office will use the same criteria to break ties for Finalists.
- C. All eligible contestants and alternates wishing to compete must complete an official entry form and send it to the ASCA Business Office.
 1. The completed entry form must be sent to the ASCA Business Office and postmarked no later than July 15th of the competition year.
 2. Eligible Finals entrants will send entry fees, in US funds, with their official entry form.
 3. Alternates will only submit an official entry form to save their place should one become available. If an alternate becomes eligible, the ASCA Business Office will notify the alternate who will submit payment to the ASCA Business Office at that time.
 4. If an eligible contestant fails to send in an entry form by the July 15th deadline the next alternate who has sent their official entry form signifying their intent to compete will be notified of the vacancy by the ASCA Business Office.
- D. If an exhibitor must cancel, they will contact the ASCA Business Office and the Obedience Finals Chair immediately. The ASCA Business Office will contact the next eligible alternate who sent in their official entry form and offer them the vacancy. Entry fees will be refunded, if a competitor withdraws prior to the event and the spot is filled by an alternate.
- E. The ASCA Business Office will send all confirmed entries and a list of those alternates who submitted entry forms for the Obedience Finals to the Nationals Committee by the close of entries for that year's Nationals.
- F. If all ten Finalists for any class have not checked in by thirty minutes prior to the scheduled start time for the first Finals judging of the day, the next eligible alternates who are present may compete. Last minute alternates must pay the entry fee and check in to both rings at least ten minutes prior to the first Finals judging of the day.
- G. If an eligible alternate fills the place of a Finalist after the running order has been drawn, that team will take the place in the running order of the team that canceled.
- H. If the ASCA Business Office receives the cancellation after the Nationals catalog goes to print, the alternate dog's name will not be listed in the catalog or on the Finals ribbon.

14.10 Entry Fees

The Nationals Committee shall submit a proposed budget to the ASCA Board of Directors and the ASCA Obedience Committee at least six months prior to the Finals.

The ASCA Board of Directors will set the entry fees for the Obedience Finals (see the [Schedule of Fees](#)) based on recommendations from the ASCA Obedience Committee. There will be no refunds unless an alternate is able to fill the available entry.

14.11 Awards and Ribbons

See Section 24.1 in the National Specialty Rule Book.

Placements will be awarded 1st-10th place. Colors for the center streamer shall be as follows for placement rosettes: 1st - blue; 2nd - red; 3rd - yellow; 4th - white, 5th-10th - same color (to coordinate with colors of host's rosette colors) and will have placements on rosette.

Presentation of rosettes and awards should highlight the event and will be presented ringside at the conclusion of the event to ensure all participants and spectators can join in the excitement of the results. Rosettes and prizes should be made available within one hour after completion of the Finals event.

The Obedience Show Finals Chair will ensure the official photographer is available ringside at the time of the award presentation to take the win photos while the judges are still available. If the photographer's set-up is nearby, photos could be taken there also. In either location, the Obedience Finals photos will be the photographer's first priority. The photographer will provide a backdrop for the photos and will have signboards available to denote all divisions, including Novice, "Companion Dog Excellent," "Open Dog Excellent," "Utility" and "Super Dog." The location chosen for photographs must be large enough to include each division, as a group, if the contestants wish a group photograph.

The Obedience Show Finals Chair will allow exhibitors to take their rosettes and prizes upon completion of the event if they will not be able to attend the awards ceremony. The Obedience Show Finals Chair or their designee will keep track of who can and cannot attend the ceremony and will read the names and placements of those who could not attend. When presenting the rosettes and awards for all contestants, the Obedience Show Finals Chair or their designee will read the name of the handler and the dog's registered name.

14.12 Miscellaneous

14.12.1 POSTING OF THE RESULTS

Two people not entered in the finals will check and verify the addition of the points lost for each exhibitor before the results are posted.

The Obedience Show Finals Chair will post the total points lost as soon as they are available on a board of some kind and make it available for viewing in an area easily seen by exhibitors.

14.12.2 BITCHES IN SEASON

Bitches in season will compete last after all other judging is finished with the exception of run-offs each day, including sits and downs which shall be held separately. A bitch in season could be competing back-to-back in both rings.

Bitches in season must be crated, not placed in an X-pen, 50 feet away from the obedience rings and any designated warm up rings at all times except when competing. Bitches in season may not use any designated warm up rings at any time when those rings are shared with Rally. Bitches in season must wear pants at all times in or within 50 feet of any obedience rings.

When it is time for the bitch(es) in season to compete, the team(s) will be allowed to warm up in proximity to the obedience ring(s) for a reasonable amount of time.

Chapter 15. Nationals and Finals Obedience Judges Selection Procedure

Finals and Nationals Judges Eligibility: The ASCA Business Office will email a questionnaire to all of the ASCA Obedience judges who are qualified to judge through Utility and are current on their continuing education requirement as candidates for judging either Nationals or Finals at least twenty months prior to the Nationals/Finals, requesting a reply/response to the Obedience Chairperson(s) within fifteen days.

After receiving responses from judges, the Obedience Chairperson(s) will review the questionnaires.

1. Judges who are not in good standing with ASCA will not be considered.
2. Judges who have judged any of the previous three ASCA Obedience Finals should not be considered to judge finals again (but could judge Nationals).
3. Judges who have judged any of the previous three ASCA Obedience Nationals should not be considered to judge Nationals again (but could judge Finals).
4. Judges who have not judged an ASCA trial in the past two years should not be considered.

Once the list of interested judges who meet the criteria in #2 is created, the Nationals and Finals Chairperson(s) will provide the ASCA Obedience Committee with the results of a random draw of qualified judges (two Finals judges, two Nationals judges, and two Alternates). The ASCA Obedience Committee will then either approve these choices or request substitutions based on valid reasons.

The Obedience Chairperson(s) will then submit the four judges to the ASCA Executive Secretary no later than February 1st of the year prior to the National Specialty being hosted. The Executive Secretary will forward the proposed judge's slate to the ASCA Board of Directors for review. Board approval of the Judges slate will be returned to the Nationals Obedience Chairperson(s) no later than thirty days after receipt by the Executive Secretary. Once the Board has

approved the Obedience judges slate, the judge's names will be posted within seven days to the ASCA Website on the "National Specialty Information" page and the judge information must be submitted to the Aussie Times Editor by March 15th for inclusion in the May-June issue.

Chapter 16. Obedience Merit Program

16.1 Miscellaneous

The merit program showcases dogs with the top ten obedience standings in Novice, Open Companion Dog Excellent and Open Dog Excellent, Utility, Super Dog CDX and Super Dog ODX. The program runs from June 1st to May 31st of the following year. Eligible dogs are ASCA or LEP registered Australian Shepherds owned or co-owned by a full ASCA member in good standing during the qualifying period of the current Merit program year.

Dogs in the top ten rankings in each level will be listed in the Aussie Times and/or on the ASCA Website in order of placement using averaged scores. Scores used for calculating the average will be listed after the dog's name followed by the average score. If a tie exists, dogs will be listed alphabetically. A dog may be ranked in more than one Merit list during the same year. At the end of the program year certificates will be issued for dogs in 1st through 10th place standings, including dogs that are tied.

16.2 Novice

The dog's top three qualifying scores from Novice A and/or Novice B will be averaged. Eligible dogs must complete their Companion Dog (CD) title within the current program year. Up to two scores from the previous program year may be used.

16.3 Open

Companion Dog Excellent: The dog's top three qualifying scores from Open CDX A and/or from Open CDX B will be averaged. Dogs which complete their Companion Dog Excellent (CDX) title within the current program year may use up to two scores from the previous program year. When a dog has completed its CDX title in a past merit program year, only scores from the current merit program year can be used. Dogs can compete in Open CDX B indefinitely and thus are eligible for Top Ten Open CDX Merit standings indefinitely.

Open Dog Excellent: The dog's top three qualifying scores from Open ODX A and/or from Open ODX B will be averaged. Dogs which complete their Open Dog Excellent (ODX) title within the current program year may use up to two scores from the previous program year. When a dog has completed its Open ODX title in a past merit program year, only scores from the current merit program year can be used. Dogs can compete in Open ODX B indefinitely and thus are eligible for the Top Ten Open ODX Merit standings indefinitely.

16.4 Utility

The dog's top three qualifying scores from Utility A and/or Utility B will be averaged. Dogs that complete their Utility Dog (UD) title within the current program year may use up to two scores from the previous program year. When a dog has completed its UD in a past merit program year, only scores from the current merit program year can be used. Dogs can compete in Utility B indefinitely and thus are eligible for Top Ten Utility Merit standing indefinitely.

16.5 Super Dog CDX

The dog's top three qualifying scores from CDX B and its top three qualifying scores from Utility B will be averaged. A dog must have already earned a CDX and a UD title for scores to count. Only scores from the current merit program year can be used. Dogs are eligible for the Top Ten Super Dog CDX Merit standings indefinitely.

16.6 Super Dog ODX

The dog's top three qualifying scores from ODX B and its top three qualifying scores from Utility B will be averaged. A dog must have already earned an ODX and a UD title for scores to count. Only scores from the current merit program year can be used. Dogs are eligible for Top Ten Super Dog ODX Merit standings indefinitely.

APPENDIX A: Glossary of Terms:

Brisk, briskly: keenly alive, alert, energetic.

Command: verbal order from the handler to dog.

Crooked: a dog that is not straight in line with the direction the handler is facing.

Crowding: a dog so close to handler as to interfere with handler's freedom of motion.

Directly: immediately without deviation or hesitation.

Drop completely: a down position that would be acceptable for a long down exercise.

Gently: with kindness, without harshness or roughness.

Guiding gently with collar: control of the dog, by holding any part of the collar, with minimal pressure on the dog's neck.

Lame: irregularity or impairment of the function of locomotion, irrespective of the cause or how slight or severe.

Minor penalty: 2 1/2 points or less.

Mouthing: when a dog chews or rolls the dumbbell in its mouth.

Natural: not artificial, free of affectation, and customarily expected in the home or public places.

Order: direction from Judge to handler either verbal or nonverbal.

Prompt response: without hesitation, immediate, quick.

Resentment: resistance, unwillingness.

Signal: nonverbal direction from the handler to dog, as described in [Section 2.20](#).

Smartly: quickly, vigorously.

Substantial penalty: 3 points or more.

Turn in place: turning in the area that is occupied by the handler before the turn had started.

Withers: highest point of the dog's shoulder.

APPENDIX B: ASCA Obedience Judges Guidelines

ASCA OBEDIENCE COMMITTEE

This is a standing Committee. If at any time you have a question or a suggestion, you are encouraged to contact the Chairperson or a Member of this Committee. The Chair and the members are listed at the ASCA Website.

EDUCATIONAL RESOURCES

You are encouraged to join these two chat lists: ASCA Obedience and ASCA Obedience Judges. Both lists are available through Groups.io or you may contact the Obedience Chair for directions on how to get on these lists. Much information, questions, and ongoing discussions on these two lists keep judges current on motions, new rules and regulations, and questions or comments anyone might have regarding the discipline of obedience whether as an exhibitor or as a judge. The new online Judges' Education program is now available on Google Classrooms. Contact activities@asca.org for more information.

OBEDIENCE RULES AND REGULATIONS

You should have read in its entirety the ASCA Obedience Rules and Regulations. The most current rulebook may be downloaded from the ASCA Website, or the annually updated hardcopy may be ordered from the ASCA Business Office. The hardcopy Rulebook is updated once a year in June. It is your responsibility to always have in hand the most current edition for referral when judging for ASCA. Clubs should have a current rulebook at the judge's table but in case they do not, it is recommended that you bring your own copy with you to your judging assignments. Reviewing the rulebook, the night before an assignment is always a wise decision.

ACCEPTING AN ASSIGNMENT

Clubs should furnish you with a judging contract. If they don't, you might want to design your own. Items to be addressed are travel, dress code (some clubs have themes during the year), meals, housing, airport parking, rental car, classes to be judged, and judging fee. Although you'd like to get out of packing the items the club said it would have on hand, it's still prudent to simply have the items you'll need packed and ready to go every time you leave for a judging assignment just in case an item was inadvertently omitted by the club. Keep these together in a packed bag and remember to check this bag upon your return from any assignment to be certain nothing is missing so you're ready for the next assignment. The items to pack in this bag would include but not be limited to: stopwatch, pens (more than one), calculator, rulebook, tape, golf tees or chalk for marking start areas or retrieve areas in the ring, measuring tape, Kleenex, unscented sanitizer, slip lead (more than one if you have room in your bag) and a clipboard. Another useful item that it's nice to request the club have on hand for you since it is obviously hard to pack is a blackboard or poster upon which the run-orders can be posted.

DRESS CODE

You should look professional and appropriately dressed for any assignment (i.e., club themes and weather factored in). Jewelry, perfume or cologne should be kept to a minimum. You should avoid apparel that might make distracting noises or that has a fringe. Choose shoes that are quiet and not distracting when walking, and definitely choose ones comfortable as judging can be hard on the feet and legs, especially if judging on cement floors. If utilizing a hat, choose one that won't blow off or flop.

ARRIVAL

Plan to arrive at least one hour prior to your judging assignment. Immediately upon arrival, check in with your show/trial secretary. Be sure you know where the restroom is and that the show/trial secretary has the paperwork in order for the trial. Normally the show/trial secretary will still be taking entries upon your arrival, so try not to steal too much of the show/trial secretary's time during registration. If the club sets out a hand sanitizer, double-check to be certain it is not scented.

The order of sits/downs and individual exercises must be done as listed in the flyer. Some clubs do sit/downs before individual exercises, and some do sits/downs following individual exercises. Be sure you have double-checked the flyer to know what class order you will be following and how sits/downs are to be handled. Choose the order of exercises for your Open and Utility classes and post this order no later than thirty minutes before the trial is scheduled to begin. Post it where it can be readily seen by the exhibitors.

Then perform the following checklist:

1. Double-check the obedience equipment to be certain all meet regulations.
2. Walk your obedience ring to be certain it is clean, hopefully level, and observe where the sun is rising or setting. You'll not want to jump dogs into the sun or have handlers giving signals to dogs blinded by the sun.
3. If there is wind, be sure that the club has taken measures to stake any baby gates.
4. Walk your Novice, Open and Utility pattern to be sure the patterns are smooth, practical and functional. You should avoid running or jumping dogs towards the ring entrance or walking them into the baby gates or jumps.

5. Decide where you'll have dogs line up for the sits/downs.
6. Mark your start for the heel work.
7. Choose your start line for heel work. When marking lines or distances for the jumps or tossing of the dumbbell, you may utilize chalk, golf tees, or stanchions.
8. Be sure the show club has marked off the applicable area around your ring where no set-ups, grooming, walking or standing spectators may appear.

FRATERNIZING

Visiting with your friends is great fun, but it's best to ask your friends to visit with you following the trial. Try to be as professional and courteous to the club and exhibitors as possible, leaving no room for speculation or gossip with regard to favoritism in scoring.

PHONES

Be sure your phone is turned off when the trial start time arrives. Utilizing a phone for telling time is fine, but vibrating phones can be a distraction. Please announce to the audience that all phones should be on vibrate. And then double-check to be certain your table stewards have turned off their phones (theirs should not be on vibrate).

STEWARDS AND PAPERWORK

Upon arrival, find out who will be your stewards. Be sure your stewards are of a reasonable age, such that the dogs perceive them as young adults or adults. Try to use the same two stewards for each competing group (same two for Novice, same two for Open, same two for Utility) so that all competitors are subject to the same stewards in their competitive class. Let your stewards know what you expect of them such as 1) no running in the ring, 2) no loud voices in the ring, 3) no food or toys in their pockets, 4) no distracting bait bags, clothes, jewelry or shoes, 5) which steward is responsible for the dumbbell or articles or gloves or leash and how these should be handled, and 6) how you wish your sits/downs to be handled.

Often stewards are handling the dumbbell or articles. If stewards have strong smelling lotion or bug spray or sanitizer on their hands and then handle the articles or the dumbbell, these smells can negate a dog from wanting to pick these items up or flood a scent pile with their scent causing a dog to flunk. Food smells on the steward's hands are also distracting so remind stewards to wash their hands after eating. Be sure your stewards know to pick up the dumbbell by the end and how you wish the articles to be held when they are placed into the scent pile.

PAPERWORK

Double-check your paperwork to be certain all the required forms are there. Instruct your steward or show/trial secretary as to what their part is in your paperwork. You may add your scores, or they may do it for you, all pursuant to your preference. Remember you will be writing total points off, not points earned for each exercise. No corrections to any paperwork may be made without your initial and approval. Upon leaving, double-check all paperwork to be certain everything was filled out correctly, time was listed, date is correct, and signature placed where applicable and that you have a copy for your records.

Remember exhibitors may not see their score sheet. Once you've scored a team, place the score sheet face down or cover it. Be sure these are weighted down if the trial is held outside. There is a recap score sheet available in the show packet your stewards may provide to the exhibitor for feedback purposes.

HANDLING CONFLICTS

If there are any conflicts, your stewards or competitors should advise you as promptly as is feasible to do. Be flexible but reasonable. Many clubs will host trials or shows with multiple events ongoing, and it will be your responsibility to work with the clubs to see that the competitive experience for all exhibitors is equitable for all involved. Flyers often list what discipline will be given preference timewise if there are conflicts, so double-check so you are in-the-know.

HEELING EXERCISE

Patterns in Novice should include at a minimum: normal, fast, slow, halt, about turn, left turn and right turn. You may use the left turn, right turn, about turn and halt more than one time if desired. Walk your pattern several times to be certain you have it memorized and that the pattern is fair to the team exhibiting insofar as terrain, ring entrance, and outside distractions. Be sure the level of difficulty is applicable to the class level.

FIGURE 8

Placing your Figure 8 where it falls at the end of your heeling exercise will make your ring flow smoother. When planning the ring set up, consider placing the Figure 8 cones in a location that will not conflict with where the other exercises will be conducted. Mark the center of the spots where your cones will be placed. Be certain there is enough room for both large and small dogs to comfortably complete the Figure 8 and ensure that cones meet the required dimensions. You should be

able to view both the inside and outside work done by the dog in this exercise. Any movement you make to be certain you can see both should not be distracting to the exhibiting team.

PRIOR TO NOVICE, OPEN AND UTILITY

Be sure the exhibitor's number and breed of dog correspond to your paperwork. Double-check to be certain the dog's collar is legal. There are some cloth collars with prongs hidden. Do not grab a dog's collar to check, but you may ask the handler to show you the collar.

Always double-check jump heights prior to calling the next dog into the ring. When the exhibitor enters the ring, it's courteous to ask the exhibitor if the jump heights look correct. Be certain the dumbbell is legal and determine which steward is in charge of bringing it to you. Double-check that articles are legal and what process will be used to select the articles to be scented, i.e., you or the steward using tongs or exhibitor's choice.

JUMPS

If you desire, you may measure the jumps to be certain they are regulation in height.

Broad Jump: When situating the broad jump, double-check to be certain it is not set in a high distraction area, such as people walking by on an ongoing basis. Be sure that you have the proper measuring equipment on hand to ascertain if the jump is set for the correct distance. Be sure your stewards understand what board to remove or add for the broad jump and how far from the baby gates these boards should be situated. Instruct your stewards how you want the boards lined up (such as flush right).

Try to set up all starting positions so that the handler can move easily from one exercise to another with a minimum amount of walking. This will expedite your judging time also.

RETRIEVES

Your responsibility is to mentally or physically note how far a dumbbell must be tossed for it to be a legal distance for the retrieve. Be courteous when allowing an exhibitor to re-throw as most exhibitors are very nervous when this occurs. Do not send dogs to retrieve dumbbells tossed under a ring gate.

GLOVES

Double-check gloves to be certain they are legal. Ask the steward to place the gloves palm up, fingers extended towards the baby gate. Be sure your steward knows where to place the gloves and where to stand once the gloves have been placed.

ARTICLES

Go over with your steward how far apart to place the articles, whether you wish each article to be touched and how much, and where to stand once they have finished placing all articles.

LEASHES

Upon completion of the obedience class, the leash should be readily available to the exhibitor. Stewards should walk towards the exhibitor and hand them their leash. At no time should a steward run in with a lead. At no time should an exhibitor leave without putting a leash on their dog prior to exiting the ring.

YOUR RING

It is your responsibility to keep yourself, your stewards and the handlers and dogs safe in the ring. Periodically observe outside the ring to be certain there is nothing going on, like a loose dog that might adversely affect your ring or compromise safety. Keeping an extra slip lead at your table in case it is needed for a roaming dog from sits/downs or a loose dog at the show site is wise. Ask your exhibitors prior to sits/downs if anyone has a dog that is shy/reserved if you had to catch it, or if an exhibitor has a dog that could be problematic with the adjacent dogs (amorous, aggressive, roaming, and talkative). Dogs should enter in catalog order, but you have the right to move a dog to the end of the line or add more space between dogs to make your ring safer for all involved.

YOUR VERBAL AND SIGNAL COMMANDS

Always ask if the exhibitor has any questions or concerns and then wish the exhibitor good luck. Once an exhibitor tells you they are ready, you may begin with the first command at which time judging of the exercise commences. Your tone of command and your hand signals should be clear, concise and easily understood. Advise your exhibitor that if they cannot hear you, have a problem seeing you, or become confused that they should stop and ask you to repeat the command. Commands to be given are listed in the rulebook; you should not deviate from the verbal commands. During the heeling exercise, utilization of a clicker to count points off as the team performs is not recommended as it can be very distracting to the handler and the dog both.

GROUP EXERCISES

You may immediately excuse from further competition any dog that disturbs or threatens to disturb another dog during the performance of the group exercises. Note the reason for the excusal in your judge's books.

HANDLERS

Remember, handlers may be allowed to excuse themselves from competition for any reason. Handlers may do this before, during or after their individual exercises.

DOG AGRESSION

You MUST expeditiously handle any incidence of dog aggression you evidence towards people or other dogs.

Excusal: As evidenced by you, you should excuse a dog that attacks another dog or appears to you to be threatening to other dogs in the ring/trial area. Further you may excuse a dog that shows any sign it may not be safely approached or examined. (**Note:** If a dog has been excused two times for an incidence of dog aggression, it will fall under the disqualification rules. It is not your responsibility to tell this to the dog owner or handler. A notification of disqualification will be sent to the owner by the ASCA Business Office after review by the ASCA Board of Directors.)

Disqualification: As evidenced by you, you should disqualify a dog that attacks or attempts to attack a person in the ring/trial area. Once done, post a sign indicating your ring is on a break (hopefully you can do all paperwork and notifications within a fifteen-minute period of time). This dog shall be ineligible to participate in any ASCA event in ANY discipline, unless and until that dog is approved for further competition and reinstated by the ASCA Board of Directors. Therefore, if the dog you disqualified is entered in other events that same day (or cluster), this dog may not compete in anything once you have disqualified it. Please have one of your stewards locate the Show Committee Chair or Show/Trial Secretary and have them come to your ring where you can explain the disqualification. The Show Chair or Show/Trial Secretary may then timely notify those in charge of the other events held that day or within that cluster that this dog may no longer compete. Attach an explanation utilizing the disqualified or excused dog forms.

PROBLEMATIC HANDLERS

Your decisions and scoring are final. Do not engage in arguments or lengthy explanations. If a handler has a complaint such that a simple explanation from you was not sufficient, please ask the handler to visit with you and the show/trial secretary following the conclusion of the trial. Be courteous. Refer to and utilize your rulebook to make AND to back up all your decisions.

Once in a while, you will have an exhibitor in your ring that is not prepared for the class they entered. ASCA shows are sanctioned, and therefore corrections or teaching in the ring are forbidden. You have the right to excuse a team for lack of preparation. More often this happens in Sub Novice, but it can also happen in the upper divisions. Avoid giving advice during the trial. You may ask a team to see you following the trial at which time you may advise them.

QUALIFIERS

Remember to let your exhibitor know if they have qualified. Sometimes you'll be doing this after sits/downs and other times immediately after the individuals.

AWARDS

Let your stewards know how you wish to present the awards. Will the steward hand you the ribbons and awards to present, or will you name the winner and they hand the winnings to that team? When addressing the audience and exhibitors, be sure you've stated the minimum required to qualify and give the name of the class. Always ask who has earned their first leg? Second leg? Third leg? Title? Bonus Legs? Remind your class winners that they are qualified for high in trial (Aussie, other breed or overall) so they don't leave the show site.

WHEN THE SHOW IS DONE

Publicly thank your stewards, the show/trial secretary and the club, plus the exhibitors who showed to you. Encourage folks to participate in obedience. Then let exhibitors know you are available for any questions they might have following win pictures.

EDUCATION

You are encouraged to attend workshops and seminars on obedience. It is your responsibility to be current on all rules and regulations.

SENDING A THANK YOU NOTE

Once you are back home, it is nice to send a thank you note to the club. They have many judge choices, and this time they chose "you." Let them know you appreciated the opportunity to judge for them.

APPENDIX C: ASCA Obedience Steward Guidelines

INTRODUCTION

Stewarding obedience trials can be both rewarding and enjoyable. Not only are stewards giving back to the sport that they love, but they can learn a lot by watching the trial and working under a judge. Some even find stewarding helps them overcome ring nerves, by being present in the ring with a judge but without the pressure of performing. By being well prepared and responsive, stewards help the judge make the ring run smoothly. Good stewards can help to make a long day a little less prolonged. Besides reading these guidelines, it is helpful if stewards are familiar with the obedience rules and/or if they are mentored by someone with ring experience. A prepared steward knows what might happen in a class and when the judge might need assistance.

GENERAL PROCEDURES

ALL activities in an obedience ring are carried out at the direction of the judge. Please listen to the judge's instructions and be prepared to follow them. Each judge has different ring procedures; some judges rely on stewards more heavily than others for various tasks.

STEWARD REQUIREMENTS

Three stewards are generally required per ring: one table steward who serves as the judge's secretary and two ring/gate stewards. (In a pinch, a ring could get by with two stewards.)

Stewards many compete in classes other than those in which they are stewarding. Generally, the fewer staffing changes there are, the more efficiently the judge can run the ring. It is especially helpful if the table steward remains the same throughout the trial.

Stewards should arrive at least forty-five minutes prior to the start of the first class to help the judge set up the ring and to receive the judge's instructions.

TABLE STEWARD DUTIES

At the judge's discretion, the table steward will:

Handle class conflicts - Prior to the start of the trial, ask the judge how they would like to handle competitors with class time conflicts.

Check in entries (pre-entries plus day-of-trial entries if applicable) - Verify jump heights. Give out armbands and rubber bands. Coordinate with the ring stewards to set up a gate board visible to competitors, which lists in run order each dog's number and jump height/s (for classes with jumps). Place a check next to or a slash across the number when the handler checks in (a second mark will be added when the team enters the ring).

Set up paperwork for the judge (if so instructed) - The judge may delegate or choose to fill in the preliminary information on the Judge's Score Sheets. Check that the Judge's Book for each class has listed the numbers for each entered dog. For any classes with jumps, double check that the Show/Trial Secretary has marked "V" on the Judge's Book next to the number of each dog eligible to jump veteran heights. (This is determined by checking the dates of birth on the entry forms.) Make sure the Judge's Score Sheets are reordered to reflect any changes in running order due to conflicts. Enter the start time into the Judge's Book for each class.

Plan group stays - Consult with the judge on whether the Novice A and B classes will be combined for group stays. For larger classes ask the judge how they would like to split the competitors into groups. (When more than seven dogs are to be judged, more than one group is needed for group exercises.) Communicate the group stay plan to competitors.

Set up group exercise sheets - Fill out the preliminary information prior to the group stays, listing the entries in catalog order. Above each dog's number, write its breed. For Aussies, write each dog's color instead of its breed. When group exercises are held after individual exercises, ask the judge whether to denote non-qualifying teams or to mark any team that has not returned for the group exercises on the sheet.

Continue class paperwork (if so instructed) - After each team works, double-check the judge's math. Enter the scores from the Judge's Score Sheets into the Judge's Book. Be neat, write firmly (because you are making duplicate copies), and do not make unauthorized changes. After completing each entry into the Judge's Book, be sure to turn the sheets upside down on the table so that people cannot see the scores before they are announced at the end of the class. Judge's scores are confidential until after the judge gives out the awards or concludes a class in which no one qualified for an award.

Correct errors - If you notice an error in the judge's paperwork, bring it to the judge's attention when they are free, before you or the judge enter it into the Judge's Book. The judge must initial any corrections in the Judge's Book.

Prepare class ribbons and awards - While the judge finalizes paperwork at the conclusion of each class, gather the needed placement ribbons, qualifying ribbons and awards. Check if the judge wants competitors from the A and B classes to enter the ring together or separately for awards. Bring the ribbons and awards into the ring. Hand them to the judge as they announce each placement.

Fill out unofficial score sheets - Copy the scores for each exercise from the Judge's Book onto the sheets for the handlers. Hand out Unofficial Score Sheets to handlers following class awards.

Enter the end time - When each class is completed, write the end time into the Judge's Book, if requested.

Prepare end of trial awards - At the completion of the regular classes, assist the judge (if requested) in determining the winners of these awards: Highest Scoring Dog in the Regular Classes (aka High in Trial), Highest Combined Score in Open and Utility (aka High Combined), High Score Junior Handler, High Scoring Aussie (optional) and High Scoring Other Breed (optional). Gather the ribbons and prizes. Bring them into the ring. Hand them to the judge as they announce each award.

GENERAL RING STEWARD DUTIES

At the judge's discretion, the ring stewards will:

Assist the judge with setting up the ring - Set up jumps where directed. Help remove anything littering the surface of the ring. If needed, remind exhibitors that setting up crates within 10 feet of the ring is not allowed.

Set jumps for each dog - Use the height specified when the handler checked in, which should be written close to their number on the gate board. The judge will verify that heights are correct. If in doubt about jump heights, use a tape measure before the first dog enters to confirm that the highest portion of the jump is set to the correct height.

Walk heeling patterns - Before each class, demonstrate the heeling pattern called by judge, if requested.

Help w/ refreshments - Coordinate with Show/Trial Secretary to provide snacks and beverages for judge.

Maintain an accurate gate board - Mark "C" next to the numbers of teams with conflicts. Remember conflicts are handled according to the judge's directions. Write "Abs" next to the numbers of teams that are verified to be absent. As a team enters the ring, draw a line through that armband number to keep other handlers informed. On the gate board, indicate when groups will be held, if the A and B classes will be combined for group exercises, when breaks will start and end, etc.

Escort exhibitors into the ring (if requested) - As soon as the judge calls for the next competitor, walk the team to the judge's chosen set up position. Take the leash, if applicable. Place the leash in the designated spot (**Example:** a table corner or a chair by the gate designated for leashes). Be subtle when picking up or moving with the leash, so as not to distract the dog.

Get competitors ready - Ensure that each team is near the ring and prepared to enter as soon as the judge calls for them. As each team enters the ring, seek out the next competitor.

Pay attention to the ring - Be ready to carry out ring duties as needed. Refrain from having food or gum of any type in your mouth, hands, or pockets when you go into the ring. Bait bags and toys are not allowed in the ring.

Return the leash - Promptly bring the leash to the handler in the ring as soon as the judge commands "Exercise Finished" for the last individual exercise.

Line up teams for group exercises - Get the competitors in line in the order on the Group Exercise Sheet (usually catalog order) just before the group stay exercises. When the groups take place after individual exercises, coordinate the line up during the last competitor's individual exercises. Lead the line into the ring when the judge is ready, following the route indicated by the judge.

Assist with group exercises - Stand where the judge indicates during group stays. Be prepared, if requested, to quietly take a dog that strays from its location during the group stays by the collar or to calmly place a slip lead around its neck. If needed, move the dog away from the other dogs. Stand quietly with the dog until the judge directs the handler to move the dog.

At the completion of a trial, if there are to be more trials on that or the next day, block the ring entrance to keep out anyone.

UTILITY CLASS RING STEWARD DUTIES

Preparation for the Utility class: Set the jumps. It is helpful to designate two locations (such as two chairs) near the ring entrance for handlers' gloves and articles: one for the items of the team currently in the ring and one for the items belonging to the next team. This will make it clear which articles and gloves to take into the ring for each team.

Preparation for each Utility competitor: Adjust the jump heights. Before judging each dog, the judge will have two articles removed from the article bag for the scent discrimination exercise. A ring steward may be asked to hold the bag while the judge or the handler takes out one metal and one leather article. A judge may ask a steward to remove the articles. Remove the articles carefully with tongs. Be sure that no one except the handler touches these two articles. Place the articles where the judge has directed. Check that there are four metal and four leather articles left in the bag to be placed out during the scent discrimination exercise. Remove the three gloves from the handler's bag (if the handler has not already done this) and place them where a steward can quickly pick them up for the directed retrieve exercise.

Signals: There are no steward requirements during this exercise.

Scent Discrimination: Bring the bag of articles into the ring immediately after the judge says, "Exercise Finished" at the completion of the previous exercise. When the team is set up and facing toward where the article pile will be placed, remove the articles from the bag as directed. (Some judges want stewards to dump them with noise, while others prefer that they be removed quietly.) Touch each article and place it 6 inches away from the other articles. When done, take the bag and leave the ring. When the judge says, "Exercise Finished" at the completion of the second scent discrimination exercise, return, pick up the articles, and place the unscented ones back in the bag. Do not put the two scented articles or any incorrectly retrieved article in the bag with the unscented articles; rather place them in a separate compartment, on top or beside the bag.

Directed Retrieve: Bring the gloves to a corner at the far end of the ring immediately after the judge says, "Exercise Finished" at the completion of the previous exercise. After the team sets up in a position between the jumps, the judge might nod or otherwise indicate that you put the gloves out. The gloves should not be placed before the handler and dog are set up facing away. Drop one glove in each corner and one directly behind the handler. Each glove should be 3 feet away from any ring barrier. After dropping the gloves, move away from the glove area to stand where the judge has directed them. (Often this is just outside the ring barrier or beside a jump.) When the judge says, "Exercise finished," return to pick up the gloves on the ground and to take the retrieved glove from the judge or handler. Place the gloves in a separate compartment of the article bag or on top or beside the bag.

Moving Stand: The judge might ask you to hold the clipboard during this exercise. Once the judge says, "Exercise finished," return the clipboard to the judge.

Directed Jumping: There are no steward requirements during this exercise.

CDX OPEN CLASS RING STEWARD DUTIES

Preparation for the CDX class: Set the jumps. Place the broad jump boards, as directed by the judge, spaced evenly from lowest to highest. The lowest board will be closest to the handler's set up position. Typically, the board ends are aligned on the side of the jump where the handler will end up after leaving the dog (This will be the right side as viewed from the set-up location.) It is helpful to designate two locations near the ring entrance for dumbbells: one for the team currently in the ring and one for the next team.

Preparation for each CDX competitor: Adjust the jumps. When adjusting the broad jump distance, if fewer than four boards are needed, remove the tallest board first. The measuring stick can be tucked underneath the first or last board, as long as it is not visible to the dog.

Number of Boards	Distance Jumped	If using fewer than four boards for the Broad jump, always remove the tallest board(s) first.
1	8" to 12"	
2	16" to 24"	
3	28" to 44"	
4	48" to 72"	

Heel Free and Figure 8: Stewards will place tall cones as directed by the judge for the Figure 8 exercise immediately after the judge says, "Exercise Finished" at the completion of the previous exercise, if cones are removed during the rest of the class. (Generally, the Heel Free exercise precedes the Figure 8, however in the Open B classes the Retrieve on the Flat or the Drop on Recall exercise may precede the Figure 8.)

Drop on Recall: There are no steward requirements during this exercise.

Retrieve on the Flat and Retrieve Over the High Jump: Before the first retrieve exercise, bring the dumbbell to the judge immediately after the judge says, "Exercise Finished" at the completion of the previous exercise. Then leave the ring. After the judge says, "Exercise Finished" at the completion of the second retrieve exercise, take the dumbbell from either the judge or the handler, as directed by the judge. Return the dumbbell to the designated area outside the ring. When handing the dumbbell to the competitor, it might be safer to approach from the side away from the dog.

Broad Jump: There are no steward requirements during this exercise.

ODX OPEN CLASS RING STEWARD DUTIES

See the CDX Open Class Ring Steward Duties. The first five individual exercises are the same for both classes. There are no group exercises in this class.

Additional Preparation for the ODX class: Locate the cone needed for the Directed Open Exercises and designate a location for it near the ring entrance.

Preparation for each ODX competitor: After adjusting the jumps, remove the cone if needed and place it near the ring entrance.

Directed Open Exercises: These always follow the common five Open individual exercises. Immediately after the judge says, "Exercise Finished" at the completion of the previous exercise, pick up the cone. After the handler leaves the dog and walks to the opposite side of the ring, either hand the cone to the judge or place the cone at the designated, marked spot, as directed by the judge.

NOVICE CLASS RING STEWARD DUTIES

Heel on Leash and Figure 8: Steward duties are the same as for the CDX Open Class Heel Free and Figure 8.

Exceptions: Figure 8 always follows the Heel on Leash, and one steward may be asked to take the handler's leash after the Figure 8.

Stand for Exam: Be prepared to hold the judge's clipboard during this exercise. Once the judge says, "Exercise finished," return the clipboard to the judge.

Heel Free: There are no steward requirements during this exercise.

Recall: There are no steward requirements during this exercise.

Group exercises: See the General Ring Steward Duties Group Exercise paragraphs. Novice group exercises are done with the handlers inside the ring for a one-minute sit and a one-minute down. Both stewards usually stay in the ring to assist the judge.

NON-REGULAR AND OPTIONAL TITLING CLASSES

The non-regular classes, when offered, begin after the trial's regular classes are completed and the major awards such as High in Trial and High Combined have been given (unless there are multiple obedience rings running simultaneously). Steward duties are similar to those in the regular classes.

Beginner Novice Optional Titling Class: Prior to the start of the Beginner Novice class, assist the judge in gathering and setting up the signs needed for the heeling pattern.

APPENDIX D: Suggested Construction of Bar and High Jump

SUGGESTED CONSTRUCTION OF BAR JUMP

SUGGESTED CONSTRUCTION OF HIGH JUMP

This upright consists of two pieces 1" x 3" and one piece 1" x 2", nailed together, with the 1" x 2" forming the groove for the boards to slide in.

SIDE VIEW

The high jump must be painted a flat white.

APPENDIX E: Suggested Construction of Broad Jump

SUGGESTED CONSTRUCTION OF BROAD JUMP
