

June is ... the gateway to summer

"I wonder what it would be like to live in a world where it was always June."
- L.M. Montgomery

Hello Cancer Breasties, we are happy to share that May was a very busy and productive month for us!

- We were given the opportunity to virtually introduce ourselves to the network of social

workers
at
the
**Saskatchewan
Cancer
Agency.**

We
spoke
about
our
strategic
plan
and
highlighted
our

**My
Cancer
Breastie
Virtual
Peer
Group.**

We
are
excited
to
be
recognized
as
an
additional
resource
for
women
in
our
province
and
look
forward
to
our
on-
going
collaboration
with
the
SCA.

- We
also
presented
and
obtained

support
from
the
Operating
Committee
of
the
**Breast
Health
Centre**
on
our
*My
Cancer
Breastie
Adolescent
Breast
Health
Campaign.*

This
was
a
critical
step
forward
to
ensure
our
program
meets
all
current
medical
standards.
This
week,
we
also
received
confirmation
that
our
program
has
been
accepted
by
the
**Saskatoon
Public
School
Division.**

We
hope
to
start
getting
into
classrooms
in
the
2022/23
school
year!

While it has been a busy start to June, it is still the month of freshness, joy, and happiness.

There are numerous reasons to celebrate June but both of our families love how the end of the school year signals the official start of summer. Long sunny days, starry summer nights, beach visits, outdoor barbecues, and cool drinks. What's not to love?

What do you look most forward to in June?

What we're listening to!
