SICK MPB10

- Temperature measurement (-40 to +80 c)
- 3-Axis Vibration (Via MEMS element)
- Compact stainless-steel housing
- LED status display
- I/O Link device

Benefits

- Reduced equipment unplanned down time
- Maximize equipment life
- Save on operation costs
- Custom alarm conditions
- Intuitive Graphic interface
- Versatile configurable control packages

Applications

- Fans, pumps, blowers
- Large or small motors
- Gearboxes, reducers, transmission
- Conveyors industrial equipment
- Lifting equipment
- Bearings, power transfer, shafting
- Scalable packages
