

A Quality of Life

Our parents used to say that to improve your quality of life, you had to work hard.

Unfortunately, today, working hard is not enough.

By joining the Teamsters Union, you will be able to stop your employer from making unfair decisions and showing favouritism. You will also finally get the respect you deserve.

You will be able to demand proper working conditions, ensuring your welfare and that of your family.

The Law and You

The law protects your right to join a union and hold union activities.

Your employer is not allowed to retaliate against you, impose unfair disciplinary measures or fire you if you decide to join the Teamsters Union. If this happens, we will defend you before the appropriate authorities.

TEAMSTERS 419 “WHO WE ARE”

A union is an organization of workers who unite to protect their rights on the job. Teamsters Local 419 is dedicated to upholding the rights of its members and building a better tomorrow for the worker and their families.

WHY JOIN TEAMSTERS LOCAL 419

Joining the Teamsters Union provides you with unity, job security and respect.

With Teamsters, you will be able to:

- Establish a balance of power with your employer.
- Protect yourself against arbitrary actions taken by your employer.
- Obtain a fair wage and better working conditions.
- Ensure your welfare and your family's well-being.

THE UNION ADVANTAGE

On average, unionized workers earn \$5.25 more per hour than their non-unionized counterparts. In most cases, this means almost \$200 more in each worker's pocket every week. Unionized workers and their families not only enjoy a better quality of life, they make a positive contribution to their communities.
