

ENJOYING HANDS-FREE PAYROLL? LET US HANDLE YOUR TIME TRACKING RESPONSIBILITIES, TOO

With our Time & Attendance, you can enjoy a hands-free payroll experience from start to finish.

Employees log hours into their employee portal*, and approved time cards are sent to payroll (yes, it's really as easy as that!).

Our time and attendance:

- ✔ Gives weekly and biweekly employees an easy way to clock in and out online (without time clocks!).
- ✔ Sends employees email notifications reminding them their time cards are due with our Nudge Tool.
- ✔ Makes it easy to create custom overtime rules to stay compliant with state or company overtime policies.
- ✔ Manages and tracks employee attendance, time off, and time-off accruals.

...And more! Please feel free to reach out for more information. We look forward to simplifying your time tracking responsibilities!

**If your employees do not have employee portals set up, we'll send them instructions on how to create an account.*
