

# CMDA ST. LOUIS NEWSLETTER

FEBRUARY 2021

*Transformed Health Care Professionals, Transforming St. Louis*

## SIU-E ALTON DENTAL

## WASH U MED/OT/PT/PHARM

## SLU GROUP

THANKS TO THOSE WHO PROVIDED STUDENTS WITH SCHOLARSHIPS TO ATTEND THE 2020 GLOBAL MISSIONS HEALTH CONFERENCE (GMHC)!

MARK YOUR CALENDER - THE 2021 GMHC IS NOV. 11-13.

BELOW ARE A FEW TAKE-AWAYS FROM SOME OF OUR STUDENTS.

**"I've been challenged to draw near to God and his heart for the world more intentionally through prayer. I'm planning to use Operation World's daily prayer guide every day this year!"**

**- Tiffany (WU Med student)**

**"As a medical student, the GMHC conference has helped me to develop more clarity on how I can live out my faith while working in the field of medicine. I really enjoyed hearing from speakers who are serving both in the United States and internationally. There were several good examples of people who serve the communities around them, demonstrating that anywhere can be a mission field."**

**Kevin (WU Med student)**

**"The best part, by far, were the resources available. Some of these were provided after the breakout sessions as documents or slide decks. Some came from the virtual exhibit hall. In fact, some of the best resources were simply the contacts made with various organizations that will be able to stick with me into the future as I become more able to participate in medical missions."**

**-- Malachi (SLU Med student)**

**A \$95 donation will provide registration for a student to attend the 2021 Conference. We hope it will be in person by then!**

**We are thankful to those of you who help financially! An easy way to give and/or learn more about what is happening with CMDA St. Louis is through our website: [cmdastl.org](http://cmdastl.org)**
