## Important Notice

Thank you to everyone who has registered in advance using the Curling I/O system this season. Please note that all curlers must be **registered** and **paid** prior to going onto the ice for their first league game. If assistance in registering is needed we will have someone to assist you, so arrive early on your scheduled night.

There will be some adjustments to CCC rules regarding the length of games. The bell will continue to be set for one hour and fifty minutes. As was last year, you will finish the end you are playing and not start a new end. This is to allow time to prepare the ice for the next draw – pertains mainly to Friday Night Open where there are 2 full draws. Additional game length options for other leagues will be clarified in the near future.

## Doubles League Cancelled

Due to lack of interest, the CCC will be unable to run the proposed Wednesday Night Doubles League. The Wednesday Open league will keep its start time of 7pm. The CCC intends to schedule a Doubles Spiel later in the season.
