A Message from our President...

Hello to all our members, families and friends!

It sure has been interesting being your 2 Club President over the last year or so. First, we had to deal with Covid which forced us to improvise with our January 2022 meeting being moved from the NHRA museum to a local park. Then we arrive at Bonneville looking forward to our yearly meeting on the salt flats and our 200 MPH Banquet at the Golden Nugget Hotel only to have the event rained out!

On the positive side, along with our many outstanding longtime sponsors we did attract some new Club support from the likes of CP/Carrillo, Manley Performance, Carroll Shelby Enterprises and several others. It is great to see that the Club means something to these individuals and companies.

This year will be the Bonneville 200 MPH Club's 70th Anniversary. Your board is working to make this milestone exceptional and special. Some of the things we are working on include unique commemorative tee shirts, hats, and other items to mark our special occasion. If you have any ideas to help make our 70th celebration remarkable please get a hold of myself or any board member, or bring your ideas to our February meeting at the NHRA museum. The date and time will be posted in this newsletter. I'm looking forward to seeing many of you there. I am also wishing you all a Merry Christmas. See you in February.

I will leave you with this last thought;

Desire is the key to motivation, but its determination and commitment to an unrelenting pursuit of your goal – a commitment to excellence – that will enable you to attain the success you seek. (Mario Andretti)

Michael LeFevers

President, Bonneville 200 MPH Club

A special thank you to all of our 2022 Major Sponsors and to all of our Supporting members. Without the support we receive the club would not be where it is today!

Club History Tidbit...

Year 1965... salt must have been bad. Only one person made it into the 200mph. Must be noted in a roadster, and on the short course to boot! Noel Black driver of the famous B&N Automotive roadster. 239mph down and 246mph return. Average 242mph. Again this was achieved on the 3 mile short course!
