President's Corner

Hello all,

We can sort of see the light at the end of the tunnel. Hopefully, everyone who wants the vaccination has been vaccinated. We will continue to wear face masks during the meeting. We are hopeful to very soon resume our car club activities and get back to life as what was normal before this pandemic.

We will start the year off with the Market Lake Cleanup on May 1. Another activity somewhat planned is July 14. The Vintage Flying Airplane group will make a stop in Blackfoot as they travel across the country from Washington. Our club is planning to join in on the festivities and welcome them to Blackfoot. More details will be available next month.

Our monthly meeting will be:

Thursday, May 6, 7:00 p.m.
Aeromark, 1940 International Way, Idaho Falls

The room is upstairs, and masks are required. Treats will be provided – bring your own beverage. Hope you're enjoying our usual spring in Idaho!

Your Prez,

Douglas

Meeting Minutes – April 1, 2021

Vice President Bob Thompson conducted the meeting and minutes were accepted as read by Secretary/Treasurer Joy Eagle. A treasurer's report was not given. Thank you to Bob and Jane Hoff for providing an appropriate meeting place for our meeting.

Chrome in the Dome – Yale Harker – Cancelled for this year.

License Plate Swap Meet – April 24th – Jerome

Market Lake Clean-Up – Saturday, May 1 – Mark and Diane Schwartzenberger Meet at the Outback Restaurant Parking Lot at 8:30am for coffee, donuts, and waiver signing before caravanning to Market Lake. Please dress according to weather conditions, wear sunscreen and bring work gloves.

42nd Annual Swap Meet and Car Show – June 19 and 20 – EIVMCCA Club Members. 21 Booths have been rented – Joy Eagle has several requests for information about our car show.

Food Vendors - Billmans, T&T Dogs, Icee. Porta Potties – Bill Beery will locate a supplier for this year. Our contact at the city, Mason Hanke is leaving, so we will be contacting the new parks manager. Can power cords go over the hockey partition? Publicity – Radio Stations, TV, Idaho Falls Magazine – Are there other places to advertise?

Car Show – Bob Thompson, lead (Ken Avery has volunteered to help). Spaces have been lined out with tools from the IF Parks Department. Cones to block driveways – These will be rented from the IF Parks Department. Sign - to stop entry by zoo. We can reuse the one from last year or make a new one.

Security – Diane Schwartzenburger is asking the Citizens Watch to see if they are interested in providing this requirement. She will get back with Doug. There will not be any weapons on the security. Kitchen – Rhonda Schwartzenberger.

Soda Springs has also announced a Swap Meet on June 19.

Vintage Flying Airplane Group Stop in Blackfoot – Wednesday, July 14th - Bob and Jane Hoff. There will be about 30 vintage airplanes that will start in Washington and make stops as they travel across the country. They will arrive at the Blackfoot Airport at 2:00 p.m. on July 14th. Our club will arrive in Blackfoot at 8:00 a.m. to prepare for their arrival and have a car show. There will be other activities as well; it will be a fun event!

Regional Tour – Bob Shilkett. Cache Valley is not having a Regional Tour this year, so if we want one, it's up to our group to organize a tour. Perhaps late August, maybe to Lava Hot Springs.

Car Photo Opportunity with Photography Club – Debbie Tate with Doug Schwartzenberger. Debbie has approached Doug about having an event with the cars and models in a location where the cars can be spaced far enough apart to allow good photos. The photo club would take photos and perhaps supply some copies for participating EIVMCCA members.

The photos could not be sold unless the car owner signs a release. Their group does not make money from the photos, they may like us to critique photos after event. Questions – what time of day, could the images be made into a club calendar?

Bonneville Regional VMCCA Meeting – Bob Shilkett, TBD in November.

RIP Fred Ingram, 78

Frederick William Ingram, 78, of Rigby, Idaho passed away on March 29, 2021.

Fred was born October 2, 1942 in Takoma Park, Maryland to John Edward and Dorothy Vivian Ingram. From a young age, Fred loved playing sports, being outdoors, and working on bicycles and cars. After graduating from Granby High School in Norfolk, Virginia, Fred joined the Navy. He was proud to serve as a machinist mate and qualified diver aboard the submarines USS Grampus SS-523 and USS James Madison SSBN-627. In 1967, he transferred from active duty to the Naval Reserve, continuing to serve until 1974.

Fred attended Louisiana Tech University, graduating with a degree in mechanical engineering in 1970. He then began his engineering career at Newport News Shipbuilding. He served as a design engineer on the construction of the USS Los Angeles SSN-688. Fred retired from his professional career as a project manager at the Idaho National Laboratory in 2002.

While attending Louisiana Tech University, Fred met Pamela Brock, whom he married in 1970 in Bossier City, Louisiana. They lived in Newport News, Virginia, then moved to Idaho Falls, Idaho in 1974 where they raised their three children.

Fred was known for his many interests and hobbies. He had a passion for the great outdoors and would often go hiking, camping, hunting, or fishing. His love of bicycles and cars never faded. During his life he rode his bicycles and drove his cars for hundreds of thousands of miles. One of Fred's many mottos for life was "If you aren't having fun, you aren't doing it right."

This 1941 Cadillac convertible was one of Fred's automobiles. He truly loved cars and talking about them. The Eastern Idaho VMCCA chapter has lost a great member and we wish the best for his family and friends.
