To Whom It May Concern:

It is my distinct pleasure to provide my strongest recommendation for Ms. Catrina Dubiansky. Ms. Dubiansky worked as a Public Affairs Student Intern at US Army Cadet Command's Cadet Summer Training from May-August 2019 and was subsequently hired as a Public Affairs Trainee in August 2019. Her work in our Public Affairs Office specialized in content creation, photography, videography and social media engagements.

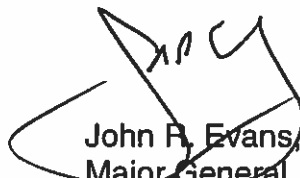

I find Catrina to be a creative, detail-oriented, critical thinker with superior communication skills and leadership abilities. Further, she demonstrates endless energy and the ability to leverage and collaborate with all team members.

In her position, Catrina worked closely and professionally with many individuals throughout my command: military service members of all ranks, Cadets and Army Civilian employees. As a member of the Public Affairs team Catrina collaborated to create high-quality videos used in National-level speaking events as well as Social Media engagements. Using strong organizational skills, she was able to accomplish a multitude of tasks pertaining to the planning, execution and distribution of my command messaging program.

Catrina's work ethic, dedication, teamwork and technical skills have resulted in over 3,000 edited photos, evaluation of Social Media analytics, and more than two-dozen video packages used to promote US Army Cadet Command across a variety of platforms. She has also travelled extensively to provide Public Affairs support and documentation of Cadet Command events and engagements. I provide my strongest recommendation for Ms. Catrina Dubiansky. She will be a valuable asset to whomever is fortunate enough to work with her.

Should you have any questions, Lieutenant Colonel Nichole Downs stands ready to assist you at (502) 624-5706 or Nichole.I.downs3.mil@mail.mil.

Sincerely,

John R. Evans, Jr.
