Continued from page 1;

It is our core belief that community is the glue that holds humanity together & with your support we can continue to create art & music, which are languages that soar far beyond our differences; connecting us at the heart & soul where it matters most.

RadioCave & it's growing families support arts & entertainment by creating & maintaining various online communities to broadcast live throughout it's foundation. Even some of our artists and founders live with depression, bi-polar, **epilepsy**, autism, TBI and are coma survivors themselves.

It is from a humble and grateful heart that our founder, Nicholas S. Seigel (living with epilepsy himself) knew there would be great value to the work he undertook several years ago, to create this community from his visions to include others in a global outreach effort.

He knew others would soon be feeling the outpouring of love & community support the RadioCave & its foundation would offer them, their friends, and their communities; as they all came together.

In our founder Nic's words "We support special needs; bringing awareness, advocacy and fundraising support to all spectrum, by creating a happy, uplifting atmosphere where all people can interact and receive the validation, love and support necessary for a positive outlook and zest for life."

About our beloved volunteers, families & The Crew:

In association with all our friends and families including: Emily Potter's Lightworker Musicians Tribe, Joy Found Here, The Chop Shop SF & Crave's Cave & the #WildlifeRescueNexus

Our foundations has now created an online communities including & supporting arts, music, poetry, spirituality, charitable fundraisers, projects of hope and survival and more in just two and a half years, from the idea of a public internet radio to ever expanding community support.

Our events include art by members like **Joy Michelle of Joy Smiles Art.com**, **Eliiment Clark & music by members like Cara Elizabeth Music, Sunni Leilani, AuraShine, Lucie Lynch, Ananga Martin, Jason Brown & Emily Potter, Colleen McMillian, Sébastien Feuga, Betsy Greene Schaefer , The Paul Clark Music Project, Magdalena Rivera , Keith Benschine, Crystal Cavalier, Byron Owens. Sarah Adams, Mark Friedman, Melissa Terrio-Gaulke, Kelli Johnson & Mad Dog Blues Band** as well as **Paranormal Algorithm, Christian Chraven, GiMiK, Pho3nix, Dominik Audio, Energy, JB Thomas, Paul Hurrell, Steven Tolbert, Cruzer, Dennis Stella, Tia Longhouser, Penfield Hondros, Courtney Fraiser, Mitch Kiger** and more..

We tell our stories through our music, arts & by the practice of the golden rule. We'd like to hear yours too. We each have a voice, and we each have a story. Welcome home! =)

We are always looking for new members to participate in our events and bring new activities to our Facebook community and those abroad. Together we all have now built a solid foundation for both the future of RadioCave's special needs outreach, awareness, educational support & with the addition of our Wildlife Rescue Nexus working hand in hand w/ direct community support we are poised to enter into farming and parma-culture w/ a plethora of other forward sustaining ventures through local business's, housing/shelter & charities based on music and the arts. This will help sustain the organization & communities long term goals for care.

LOOKING AHEAD. . . To All The Possibilities

As part of our 5 year plan to become a Registered 501(c)3 non-profit charitable organization, we are making our application for that status to the IRS. Together we all continue to grow, support, raise awareness, advocate, and build on the strengths of the families within and around our growing communities. It is with this plan we intend to build educational centers and places for gathering during our monthly charity events hosted in person by foundation community members and those associated with **RadioCave** and the local city in which we currently work.

We are a growing page following of 12k+ people; and following along with 88 linked online groups, we are able to reach over 2 million people worldwide on any given day. We are open to extending our work, where and with whom and in the ways it is needed. Our members have a voice here & bring their concerns, attention & focus to new ideas daily. As an example of this our charity event coming in December this year is going to be selected by our unity communities through a poll selection available at “The RadioCave Intergalactic Unity Community” and “Joy Smiles Art” groups on Facebook.

LOOKING BACK . . . over a great 1 year (1-3)

During the first quarter of 2020, we held our first fundraiser for **The Epilepsy Association of Central Florida (EACF)**. EACF is one of the nation's oldest not-for-profit organizations dedicated to "Improving the quality of life for persons affected by epilepsy." Our efforts helped continue their mission of supporting those affected.

In June and July 2020 we successfully completed a project for the **Wheels of Hope, Our Water is Life project#1** which covered their costs in Ugandan shillings to build & tap into plumbing lines underground to the local municipal water supply. Because of you, RadioCave & the **Wheels of Hope** orphanage and its 55+ children were able to access a clean, potable municipal water supply.

Their village's previous only water supplies were stagnant, disease & parasite riddled pools they shared with wild animals in Uganda. The people carried & filled their jugs daily with dirty water which threatened the health of all who lived there. This was no small feat to help them during the rapid rise of the global Covid-19 pandemic, but with your loving and giving hearts we did it.

The children are currently seeking "penpal" buddies to write to & have a Post Office box where we can write back to them in an old school, snail mail program put together and maintained by RadioCave. We can send cookies, clothes & pictures too.

For more information contact the foundation at Penpals@theradiocavefoundation.com (Note: We are currently receiving names, pictures & biographies of the children and will provide a login for individuals participating in the program on our website to view and read about soon.)

LOOKING BACK . . . over a great 1 year (1-3)

During the months of August & September 2020 we had a request from one of our musicians to support an organization they had previously worked with. This time we raised funds for **Ascendigo Autism Services**. They are a 501(c)3 nonprofit organization based in the Roaring Fork Valley near Aspen, Colorado.

They provide opportunities for growth and independence for individuals with Autism Spectrum Disorder (ASD). Beginning in 2004 with summer sports camp (formerly Extreme Sports Camp), Ascendigo expanded to offer employment services, in-home behavioral therapy, and life coaching.

LOOKING BACK . . . over a great 1 year (continued 2-3)

In December of 2020 we worked with **OneMind.org** and raised money for those suffering from TBI. Their homepage is www.Onemind.org One Mind accelerates brain health research and advocacy to enable all individuals with mental health conditions to build healthy, productive lives. Inspired by our founders' lived experience, we work from science to services to society to drive global, collaborative action.

In Feb 2021 A special community birthday event and charity for cystic fibrosis was created through the **Cystic Fibrosis Trust**. We came together once again in support of something greater than ourselves through a return to the golden rule in support of a community goal.

Our chosen support partner for this endeavor was the **Cystic Fibrosis Trust**. They are the only UK-wide charity dedicated to fighting for a life unlimited for everyone affected by cystic fibrosis. Read & follow more about them here. <https://www.facebook.com/cftrust>

Electric Elevation was an amazing event and you can view the entire 30+ hours of music on our YouTube event archive here:

The Ark #WildlifeRescueNexus

This is a community broadcast & volunteer opportunity being led by Christian Craven and Tia Longhouser of The RadioCave Foundation. Together with the community we lead the way in our show of support for mother earth and her wildlife which our human population is encroaching upon.

As our society grows, they lose their homes and this is our foundation's way of giving back to those displaced furr babies.

From Tia,
About "Ark":

"The Ark Wildlife Care & Sanctuary is a nonprofit organization dedicating its hands, feet, and hearts to caring for injured and displaced wildlife in Northeast Florida. People like you, me and your friends are how we help make this mission possible so let's do more!

With the current expansion to care for Class 2 wildlife (wolves, bobcats, alligators ect.), funds are needed to help build enclosures and habitats that meet the criteria in the state of Florida.

In addition to this, funds are also needed to provide food and medical care. Many animals come to The Ark injured and require medical treatment to help them recover.

These events will also help cover medical supplies as well as medication and rehab with the hopes to reintroduce them back into their homes (the wild!!!).

For those that cannot be reintroduced, The Ark will remain there home, and food is quite the expense. Fresh vegetables, Deer Milk for the fawns who've lost their mother, fish for the otters and dog food for the emus (they love it!)"

This first support event will be a fundraiser and musical broadcast for \$555 running from April 1st - July 31st with performances from all our friends and families including: Emily Potter's Lightworker Musicians Tribe, Joy Found Here, The Chop Shop SF & Crave's Cave & the #WildlifeRescueNexus.

More details regarding our line-up and broadcasting schedule over the 3 day planned period will be coming soon. The event will be broadcast to our main broadcasting home at

www.playdj.tv/theradiocavefoundation

and simultaneously to our YouTube @

Who is the RadioCave & How do they help?

RadioCave is a collection of families spanning the globe. Including Wildlife Rescue Nexus, Light-worker Musicians Tribe, Joy Smiles Art, The Chop Shop SF, Crave's Cave, InfusedLights.com, 5D & Beyond, We Of The Storm, Global Community Designs, Allied Circles, Earthdance Global, The Epilepsy Association (Formerly of Central Florida) EACF, Ascendigo Autism Services, OneMind.org, the Cystic Fibrosis Trust, Ark Wildlife Care and Sanctuary & the list is growing!

We are the elements of healing & understanding coming to this planet through all spectrum & age groups. We are acting as the change we want to see collectively. Out of these digital spaces will come our physical community centers that will give respite & display our strength and practice of the golden rule and the law of attraction. We support one another and help each other rise by being pillars of support and beacons of light, as we all shining stars!

RadioCave will exist to aid & educate others. We serve *spectrum communities worldwide. (*disabled) by helping to create social events both in person and online where individuals can interact, learn, communicate and take part in various experiences and feel supported. By building a foundation for others, we build a foundation for ourselves.

The **RadioCave Foundation** in time will work with all types of individuals providing help when others are not able or willing. We understand what it is like to be in the dark and we will be there for those who need, well beyond my years. We will eventually provide long-term care for those who require such, by providing individualized support when needed. G.C.D. and their many facets of support are also interwoven into these missions.

Currently we are seeking volunteers for various duties. If you would like to help or know of someone who would, please email: info@theradiocavefoundation.com with any questions you may have.

Our Organizational Public Contributions Clarified

- \$1+ from each item sold from our Rainbow Bazaar © or Gift and Gear Shops donate to our currently partnered Facebook Charity Fundraiser Event Organization.
- 25% OF ALL Total Yearly Donations to RadioCave receives from ALL SOURCES; Go to The Epilepsy Association of Central Florida. (EACF) (This will be publicly documented on our website coming soon.)
- Helping to raise funds / brand recognition / awareness and advocacy to all spectrum for free, as it's part of building community. All we ask is for your organizations to help share & promote our events. No hidden fees, no hidden agendas. Pure intentions of the heart for the posterity of our children's children.
 - Globally - Once our communities are large enough, The RadioCave Foundation will be performing various local & physical charity events /galleries around the world, in various cities, bringing music, art, awareness, advocacy & the culture of love we all so desperately need- including mother earth. This is our cycle of give & return. The RadioCave Foundation always makes the first step.
- This will include a traveling art & music caravan crossing the country bringing both disabled & their caretakers & advocates as well as a host of other community members on exclusive trips and excursions paid for by The Foundation's various spending pathways for special needs."
 - Live streaming, cultural & festival activities and musician-led events as well as previously broadcast performances, lessons, etc., may be found in our various archives & previous daily shares. The **RadioCave Foundation** & it's associative family of pages is a great way to tune out the noise & tune in the love,
 - Spiritually uplifting places to share images, writings and learnings or just enjoy the ones already there. Intime as an educational non-profit we will build educational centers for learning, education, support and awareness of all people.
 - PBS Internet Radio Streaming 24/7
 - The Aspiring Poetry Guild (where poets, prose writers and lyricists will be performing dramatic readings, or having their works read in interactive poetry slams and live Zoom broadcasting) could be the place you want to hang out & be inspired. Become a participant or enjoy those who are.
- We're looking for volunteers for our monthly video support groups for depression / anxiety / epilepsy and a host of various mental health related topics. Please contact [In-fo@TheRadioCaveFoundation.com](mailto:info@TheRadioCaveFoundation.com) to let us know you want to be an active part and how you see yourself benefiting in this arena.*
- Community builder projects are already underway in Uganda & other parts of the world. Simply head over to our website and check out the "Milestones" section to learn more.
