Title: Borrowing the Car

VIDEO	AUDIO
EXT HOME - NIGHT	<i>Music: up and under</i>
An upper middle-income home on a tree lined street. There are 2 cars parked side by side in the driveway. A Subaru BRZ and a Subaru Crosstrek (both Blue).	<i>We overhear end of a conversation A man and woman chuckle</i> Man: He'll choose mine Woman: I'll take that bet
INT LIVING ROOM - NIGHT	SFX: TV sounds
Establishing: Father in his 40s is seated on the sofa with mother beside him. A 7-year old girl is sitting between his legs patiently holding up an iPad and a mirror as he braids her hair. He's halfway through an intricate style of braids and clips.	
Mother gets up and leaves laughing at the tail end of the conversation. Father laughs as he continues to braid His attention is split – the television, the iPad and the little girl's hair. (He's obviously copying a style from the iPad.)	Boy: Ummm ... looking good
A 17-year old boy saunters into the room. He looks at the pair and back at the TV.	
He perches on the arm of the nearest armchair and pretends to admire his father's work.	Father: you need something?
Little girl looks back at him and smiles	Boy: Well not really. But ah..
The father raises a knowing brow but nods and smiles. Mother walks back in with a wine bottle and 2 glasses.	Boy: ... everyone is going to go check out the new drive in tonight. And... well...
Boy scratches his head uncomfortably.	Mother: you want to borrow the car.
