## Supplemental Preventative Health Management Plans for employers with significant tax incentives.

### WHY CHOOSE THE LIVE LIFE HEALTHY PLAN FOR YOUR EMPLOYEES

Keeping your staff healthy is more important than ever. With the fast pace and stress of modern life, focusing on preventative care is essential. That's why we created the Live Life Healthy plan – to provide the most comprehensive suite of modern health care tools available to keep your employees happy, healthy, and productive.

Our plan offers a world-class combination of telemedicine, screening, testing, coaching, and much more, all in a convenient, user friendly, pre-tax package at **Zero Net Cost**, resulting in increased pay for the employee and higher profitability for the company.

### PLAN DETAILS & INFORMATION

- LLH Healthcare provides supplemental Preventative Health Plans designed to help maintain a healthy, productive work force.
- Plan premiums are paid pre-tax, which reduces the FICA contribution for the employee, which in turn reduces the FICA contribution for the employer.
- Open enrollment at any time of the year.
- Compatible with existing medical plans, allowing for seamless integration.
- Net Zero cost to the employee.
- Substantial tax savings for the employer.
- All legal due diligence provided at our expense.
- We cover all costs to integrate with your software, payroll system, on-boarding, implementation, etc.
- On-boarding takes from 4-8 weeks, and savings for employers begin immediately after enrollment.

3

Employee  
Assistance  
Program

**WITH \$0 COPAY**

4

Hospital and  
Emergency  
Room Visits

**WITH \$0 COPAY**

### What it is

The Live Life Healthy plan is a supplemental health management plan that allows employees to pay for qualified health care with pre-tax dollars due to Section 125 of the IRC. It's a suite of the latest health services and programs designed to help its members maintain optimal health and well-being. Through the plan's premium, members effectively reduce their taxable income and enjoy an increase in their paychecks. Everybody wins!

### How it works

- 1 All employees enjoy auto enrollment into the Live Life Healthy program.
- 2 We ensure each employee participates in at least one qualified activity each month.
- 3 That's it! Employees will enjoy new health benefits AND an increase in their paycheck.

### How you can save

The Live Life Healthy policy pays its members in **two ways**. First, a fixed monthly benefit is paid to members for participating in one or more preventative programs. Second, when a qualifying medical event occurs, the member receives an indemnity payment. Employees see an increase in their paycheck, while employers see increased cash flow with the Live Life Healthy plan!
