

Electric TV Lift Mount Bracket 65" with Remote Control - Maclean Brackets MC-866

The TV bracket is perfect for TVs from 37" to 65" inches and a weight up to 50kg. Suitable for all brands with VESA standardized hole spacing from 200x200 to 600x400.

Remotely Controlled

Thanks to the remote control, you can easily adjust the height of the TV. The height can be adjusted continuously from 680 mm to 1580 mm. You can also save two memory positions, thanks to which the television is pushed out to the previously programmed height.

With MC-866, the TV can be hidden in TV cupboards and closets. The TV can be pulled out as soon as you need it. The upper part of the cabinet can be mounted on the upper shelf above the television.

Stable construction

Installation on the floor as well as on the wall unit makes the construction very stable and safe. All mounting screws that you need to attach the TV to the bracket and the bracket to the housing are included. In addition, the set contains detailed operating instructions, the controller for control and the remote control.
