Winneconne, WI Results

Six members traveled to the Wolf River in Wisconsin for the September event. This time it was the Danny and Amy show proving that just plain ole fishin' with a hook and worm can beat the best. Amy also caught a nice 26 1/2" cat (pictured left), her personal best and Griff caught a nice 22 1/2" cat. Don't worry Tony, no one will touch your Angler of the Year status.

Tip of the Month

Sometimes fisherman only think about which lure to use and forget about the most important item; the line. When was the last time a fish actually spooled your entire reel? Line can be expensive, especially with the use of a good fluorocarbon. To save a few dollars, use monofilament line for a few hundred feet on your spool and then tie your more expensive line at the end. Check frequently for nicks, clip off several inches of line and retie often, and always store your line in a dark place with a moderate temperature.

Catch of the Month August 2009

Jim Barton won Catch of the Month for August with his 22 1/8" Largemouth Bass (pictured above) caught on Prairie Lake at the Chetek Event on 8/22/09. This was also an Event Record.
