### Waterfowl Season

Waterfowl season is near. Remember that No fishing is allowed within 250 yards of an occupied waterfowl blind (within the hunting area) on all Department-owned or Department-managed areas. If you are too near, that's not raindrops falling, its buckshot. And don't try running through ducks to see them fly, they just may be decoys; ask Mr. Frohlich.

Mike Noland at Lake Waubesa, Madison.

### Madison Chain Results

There were 10 Fishin' Fools that braved the beautiful weather in Madison, Wisconsin. Don't you feel for them? NOT! Although most of the fish were small, there were still plenty of fish caught. They fished Lake Waubesa, the Yahara River and Lake Monona in the Madison Chain.

Mike Griffin and Tony Cox both had good sized muskies on their bass tackle. Like I said, "had". Too bad they couldn't land them. Bob May caught a new club record blue gill for an event at 9 inches. Hey, isn't that 2 club records Bob broke this year?
